INTELLECTUAL PROPERTY RIGHTS POLICY

To address societal demand and issues, the Institute of Dental Sciences, Bareilly, is concentrating on research and innovations using cutting-edge Technologies. Faculties support of many companies, medical fields and other Research organizations is encouraged by the institute

1. Objectives:

The Institute of Dental Sciences acknowledges consultation work as an essential component of the institute's operations. Examples of such work include joint projects, Technology training, emergency medical support and the sharing of infrastructure, facilities and knowledge with other organizations, etc.

2. Support / Assistance given to Staffs:

- Assistance with legal needs, particularly about patenting and other associated matters.
- Availability of institute's amenities.
- An association of industry specialists to create trustworthy solutions.
- Assistance with travel for data gathering and surveys
- Workload Relaxation: If authorities have provided their previous consent, academic and administrative workloads may be relaxed throughout the project implementation phase.

3. The proposal should address the following constraints

3.1 The project's budget: it is dependent on calculations of man hours and the materials, components, and testing facilities used. It out to be based on the following formula:

Cost of Project = Cc*t+Mc+EBc+STc+Ic+Oc

Cc : Consultant Charge per hour

t: Number of Man Hours

Mc: Materials / Components Cost

EBc= Electricity Charges

Oc= Other Charges

STc= Stationary Charges

Ic= Institutional Charges

3.2. Project duration: The expert team may suggest project duration based on the project.

3.3. Documentation recording and storage: every document needs to be accurately checked and prepared for audits and future reference.

4. Utilisation of revenue from consultancy: Priority will be given to covering the Institute's research expenses out of any revenue from authorized Consulting Services. Faculty and Institute split activities, experiments, model production and Downtime according to a pre-determined ratio. The departmental budget will include the reported institutional overheads. Additionally, any access or deficit upon project completion will be properly accounted for and a report will be generated for the same.

5. Kinds of IPR

A. Patents: The patent right gives legal protection for inventions for 20 years until they reach commercialization or rights to sell, use, or distribute and can be done only with the concern of the patent owners. The protection prevents others from using, selling or making an invention for 20 years. The patent right after 20 years enters the public domain and can no longer be claimed by the patent owner. The basis on which patent ability lies is novelty, inventive step and industrial applicability. Institute of Dental Sciences encourages the faculty and students to file their innovations for patent, support and guide them to file a patent.

B. Copyright: The copyright is a right to create, print, publish and sell copies or translate his or her original work like poems, novels, dramatic and music-like compositions, choreography and artistic works like painting, drawing, sculpture, architecture, photography and advertisements. Copyright provides economic rights to the creator with financial benefits that last for 50 years, even after the demise of the creator. Institute of Dental Sciences encourages the faculty and students to file a copyright with relevance to the unique slogan logo, textbook, etc., made by them.

6. Registering IPR:

- Fill out the application form – by the applicant and the agent.
- A statement by the applicant explaining the uniqueness of the invention is to be attached.
- After the examiner evaluation, any deficiencies are to be corrected and submitted within one month
- A group of examiners will assess the accuracy, and validity and then issue an examination report.
- Any objection or issue raised by the Registrar will be communicated with a show cause notice.
- When the Registrar approves and accepts, the application gets published in the IPR journal within three months.
- Any person having any objection to the application or another inventor with a similar product must submit the opposition notice within three months.
- In that case, the counter-statement has to be given by the registrar within two months.
- If you fail to submit it, it becomes a fortified application. Once the IPR application is accepted as a C setting, the rightful owner of the IPR is received by the applicant.

Subject- Meeting of the Intellectual Property Rights (IPR) Committee of Institute of Dental Sciences, Bareilly for IPR Meeting on Faculty Support and Upcoming Plans.

The following members of the committee were present-

S.NO.	NAME	ROLE	Signature
1.	Dr. Sunil R. Panat	Chairperson	
2.	Dr. Madhusudan Astekar	Coordinator	ABSENT
3.	Mr. Chander Prakash Goswami	Legal Advisor	
4.	Ms. Shivani Gupta	Student representative	
5.	Dr. Sathyajith Naik N.	Member	
6.	Dr. Rika Singh	Member	
7.	Dr. Shivlingesh K. K.	Member	
8.	Dr. Chandana Nair	Member	
9.	Dr. Ashish Aggarwal	Member	
10.	Mr. C S Kandpal	Administrative Officer, IDS Bareilly	

The minutes of meeting are as under:

1. The committee acknowledged the critical role of consultation work, emphasizing its significance as an essential component of institutional operations, particularly in guiding faculty and students in IPR-related concerns.
2. The need for conducting workshops and seminars on IPR awareness for both faculty and students was proposed, with a focus on creating a culture of innovation and protection of original work.
3. A detailed discussion was held on assisting faculty members with legal matters, especially those concerning patent filing, intellectual property rights awareness, and procedural guidance. It was agreed that support systems and informational resources should be developed and made accessible to staff.

- - Draft SOP to be created by Feb 15. Dr. Sinha and Mr. Kumar assigned.
- - Partial reimbursement for patent filing discussed and tentatively approved.
- - Workshop FOR AWARENESS will be scheduled shortly

Principal

3.3.1 Research Facility/Incubation Centre

INSTITUTE OF DENTAL SCIENCES (IDS) is providing an atmosphere which is conducive to the creation of thinking professionals. Every student at this educational institution has a broad perspective on dentistry's future. Without straying from its beloved philosophy of upholding excellence in teaching, learning, and providing high standards of service to humanity, IDS is progressively expanding towards the height of excellence and glory. Our teachers and students have received the highest accolade for their achievements from various national and international bodies. Numerous honors and recognitions have been bestowed upon them at various National platforms. Teaching faculty members of the college are key note speakers in various national and international conferences and conventions.

Vision

The purpose of incubation center is to promote innovative startups. The institute has vision to establish fully equipped bioscience research laboratories to undertake the research activities.

OBJECTIVES:

Advancing Dental Research:
The centre is committed to promoting evidence-based research across all dental disciplines, including periodontics, prosthodontics, oral pathology, and endodontics. By encouraging both basic and applied research, IDS strives to address key challenges in oral health and dental care delivery.

Encouraging Innovation and Startup Culture:
The Incubation Centre offers an enabling environment where students and dental professionals can transform innovative concepts into functional prototypes, devices, or clinical tools. With institutional support and technical infrastructure, budding entrepreneurs are guided through every stage—from ideation to commercialization.

Interdisciplinary and Translational Research:
IDS advocates collaborative efforts between dental researchers and allied fields like biomedical engineering, material science, and biotechnology. Through seminars, hands-on workshops, and cross-disciplinary projects, the centre fosters integrated problem-solving approaches aimed at real-world impact.

Support for Clinical Research and Trials:
With facilities tailored for ethically conducted clinical trials, the centre ensures robust testing and validation of new techniques, products, and materials. This focus on translational research ensures that laboratory innovations are effectively brought into clinical use.

Interdisciplinary Research:

IDS consistently pushes all of the instructors and students to engage in multidisciplinary research projects, giving them the chance to develop a solid academic foundation and acquire hands-on experience. Numerous national and international periodicals have published research articles written by the staff and students of IDS. The process of NAAC accreditation has influenced significantly the quality enhancement of the college, and has proved to be a motivating force of self-discovery aimed to touch greater heights in dental education.

FACILITIES:

INNOVATION ECOSYSTEM

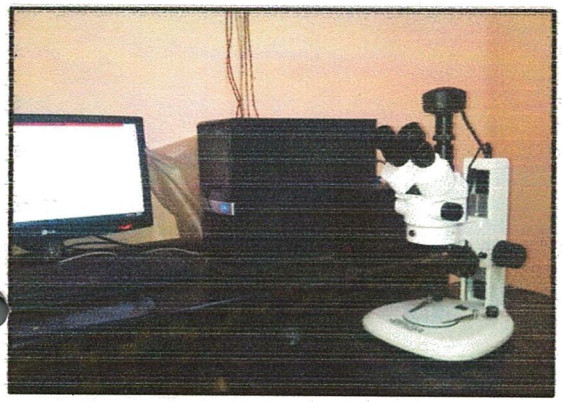

Name of the Department / Lab	Innovation / Application
1. Research Microscopes	**Streo Zoom Microscope** •Provides 3D view of the specimen • Can be used in microsurgeries **Pentahead Research Microscope** • Demonstration of single specimen through multiple heads • Used during research discussions and presentations **Endodontic Surgical Microscope** • High quality images of canal details • Used in canal location in complicated cases • Used in non-surgical retreatment
2. Research Lab	**Incubator & Anaerobic Jar** • Growth of microbial or cell cultures • Recovery of anaerobic pathogens **Water Bath** • Used in serological assays • Maintenance of bacterial cultures

	• Warming reagents, melting substrates • Preferred heat source for flammable compounds • Enhances solubility of poorly soluble compounds **Automatic Tissue Processor** • Essential for preparation of tissue samples for microscopic examination • Automates fixation, dehydration, clearing • Provides high-quality tissue sections for staining and analysis **Laminar Air flow (biosafety cabinet)** Using for the aseptic distribution of specific culture media and plate pouring. Samples can be processed without getting contamination. Drug preparations 5 Extractions of Nucleic acids (DNA/RNA) for PCR /RT-PCR assay. **Microtome** • Designed to slice thin sections of tissue **Immunohistochemistry Facility** • Evaluation of different markers in tissue sections • Essential for research and advanced diagnosis
3. CBCT Imaging Suite	• 3D imaging for diagnosis and treatment planning • Used in implant placement, TMJ analysis, and endodontic assessment • Supports AI integration and image analysis software
VELscope	• Handheld device to detect abnormalities, including precancerous and cancerous lesions by using flourescence technology

Histopathology Laboratory

Histopathology laboratory with all the necessary equipment needed for Tissue Grossing, processing and Slide preparation

STREO ZOOM MICROSCOPE with Image analysis software. Used for Microleakage & Micro-crack assessment, Studies related to Smear layer / dye-penetration inside the root canals & evaluation bonding surface of the orthodontic brackets.

PENTAHEAD RESEARCH MICROSCOPE with Image analysis software. Images can be captured using attached camera which can further subjected to cytomorphometry and image analysis.

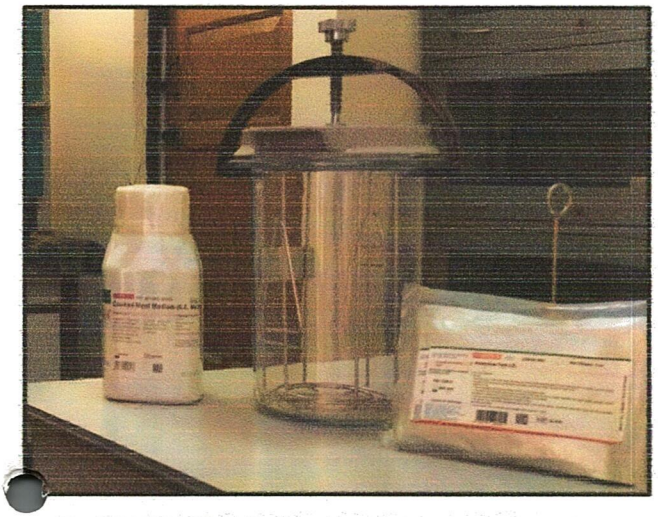

Endodontic microscope

Hematology Lab with equipment for investigations like hemoglobin assessment, Bleeding time, clotting time, DLC and TLC. Serological investigations for diagnosis and research purpose are available for HIV, HCV, HbsA.

APPLICATION ATTESTATION FORM (AAF) STS 2024

STS Reference ID: STS2024-11026
Name of the Student: Mr. Yatharth Pannu
Name of the Guide: Dr. Madhusudan Astekar
Name of Medical/Dental College: Institute of Dental Sciences, Bareilly
Title of the STS Proposal: **Magnifying Margins: A Comparative Stereo Microscopy Study of Marginal Leakage in Nano-Filled versus Traditional Composites**

Certificate to be signed by the Student

I certify that I am a BDS student and am here to provide true information in the online application form for STS 2024 best to my knowledge. I am submitting only one application for STS 2024. In the event any information is found to be false, my studentship may be cancelled. I also certify that the research proposal is an original work prepared under the guidance of my Guide. I confirm that I have not committed 'plagiarism' in preparing this proposal. I understand that after evaluation of my proposal, I may or may not be selected and I shall abide by the decision of DHR-ICMR.

If selected, I shall follow all guidelines provided on DHR e-PMS portal for carrying out the research, data collection, analysis, preparation and submission of the STS final report. I also understand that if I am unable tocomplete my project & submit the report before the last date, no e-certificate or stipend will be awarded to me. I have gone through all the Instructions and Terms & Conditions for STS 2024 provided on the ICMR website and will abide by them.

11/07/24

Signature of Student: Name of the Student: Yatharth Pannu
Date: 11-July-2024

Certificate to be signed by the Guide

I agree to accept the applicant Mr. Yatharth Pannu studying inBDS-II. I certify that he is not an intern or student of other courses and I will offer him all facilities and guidance for carrying out STS research. I also certify that the proposal is an original submission prepared by the student under my guidance. I confirm that neither me and nor my student have committed 'plagiarism' in preparing this proposal. I am forwarding only one STS 2024 student application. If my student is selected, I shall provide required facilities ensuring timely completion of research work and the it will be carried out as per the given timelines and instructions so that the final report is submitted before the last date.

Minutes of the Meeting: Institutional Innovative/Entrepreneurship Committee

The meeting commenced at 3 pm with the Institutional Innovative/Entrepreneurship Committee members in attendance. The objective was to create a vibrant local innovation ecosystem & Start-up/ entrepreneurship supporting mechanism in Higher Educational Institutions.

The following points were discussed, and decisions were made:

- To encourage and implement project-based learning among dental students. For instance:

1. Dental Vocabulary Development: leading to improved language skills and professional competence.
2. Community Service Projects: engage students in community-based projects, providing dental care in underserved areas while enhancing clinical skills.

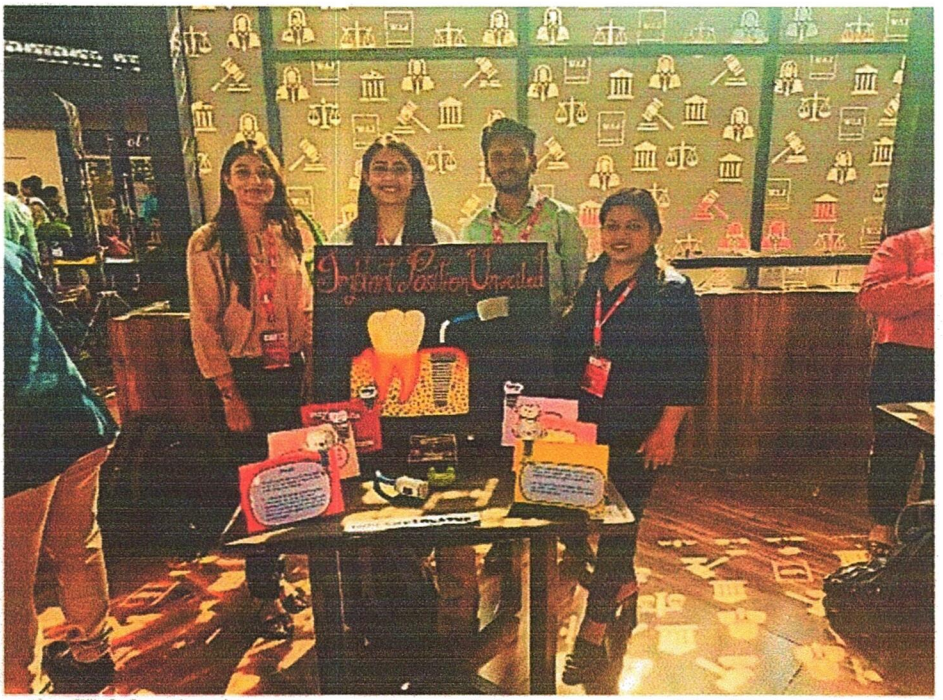

The meeting adjourned at 4 pm with a vote of thanks by the chairman.

सार-संक्षेप

छात्रों ने सीखीं दंत चिकित्सा की बारीकियां

बरेली, अमृत विचार : बरेली इंटरनेशनल यूनिवर्सिटी के इंस्टीट्यूट ऑफ डेंटल साइंसेज में बुधवार को डेंटल प्रैक्टिस मैनेजमेंट विषय पर डेंटल एजुकेशन कार्यक्रम हुआ। इस मौके पर लखनऊ से आए मुख्य वक्ता डॉ. प्रवीण कुमार राय ने अनुभव साझा किए। उन्होंने विभिन्न नवीनतम उपकरणों के बारे में बताया, जिनका उपयोग दंत चिकित्सा अभ्यास को आसान और परिणामोन्मुख बनाने के लिए किया जा सकता है। डिजिटल दंत चिकित्सा के तेजी से बढ़ने और इसके फायदों के बारे में भी बताया गया। संकाय, स्नातकोत्तर और स्नातक छात्र कार्यक्रम में शामिल हुए और दंत चिकित्सा अभ्यास में आने वाली चुनौतियों के बारे में चर्चा की। कॉलेज प्राचार्य डॉ. सत्यजीत नाइक ने मुख्य वक्ता को प्रशंसा पट्टिका भेंट की। डॉ. शिवांगी शर्मा ने सत्र का संचालन किया।

Minutes of the Meeting: Institutional Innovative/Entrepreneurship Committee

The meeting commenced at 3 pm, and the Institutional Innovative/Entrepreneurship Committee members were in attendance. The objective was to create a vibrant local innovation ecosystem & Start-up/ entrepreneurship supporting mechanism in Higher Educational Institutions.

The following points were discussed, and decisions were made:

- Regarding framing of Research guidelines for UG students.

1. Research Internships and Credit Allocation

- Credit Integration: UG students are encouraged to undertake research internships, earning 2–4 credits as part of their degree requirements.
- Eligibility: Students can participate in these internships after the 4th semester of their UG programs.

2. Internship Structure and Supervision

- Hands-on Training: Internships should offer practical research experience, allowing students to engage directly with research methodologies.
- Supervision: Each internship must be supervised by a designated Internship Supervisor or Mentor to ensure academic rigor and guidance.

3. Providing guidance and training to postgraduate students for presenting Scientific Student Table Clinics at Indian Prosthodontic Society conventions and conferences.

The meeting adjourned at 4 pm with a vote of thanks by the chairman.

GUM HEALTH DAY REPORT

The department of Periodontology and Implantology, Institute of Dental Sciences celebrated **Gum Health Day**, which is observed annually on **May 12**. It is a global initiative led by the **European Federation of Periodontology (EFP)** to raise public awareness about the critical role of healthy gums in maintaining overall health and quality of life. The 2025 theme, **"Gums rock! Keep smiling!"** emphasizes both the medical and aesthetic importance of periodontal care.

OBJECTIVES OF THE CELEBRATION:

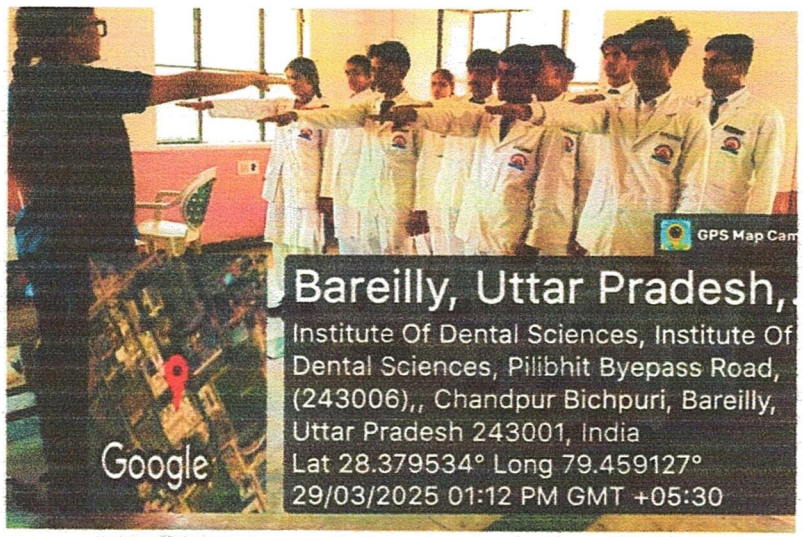

- To raise awareness about the silent nature of gum diseases and their preventable nature.
- To promote early diagnosis, prevention, and treatment of gingivitis and periodontitis.
- To empower patients with knowledge on maintaining gum health and understanding its impact on systemic health.
- To engage dental professionals and students in proactive outreach and health education.

DAY'S ACTIVITIES IN DETAIL

1. Awareness Pledge Ceremony:

The event began with a pledge ceremony held in the Seminar Hall. Faculty, postgraduate students, interns, and undergraduates pledged their commitment to promoting periodontal health and ethical dental practice.

It instilled a strong sense of professional responsibility in shaping healthier communities through periodontal care

ORAL HEALTH PLEDGE TAKEN

2. OPD-Based Patient Education Program:

A comprehensive periodontal awareness session was conducted for OPD patients. Using live demonstrations and educational models, patients were introduced to:

- Signs and stages of gum disease
- Proper brushing (Modified Bass Technique) and interdental cleaning
- Role of plaque and tartar in gum inflammation
- Importance of regular dental scaling
- Oral-systemic health connections (diabetes, pregnancy, cardiovascular links)

Outcome: 200+ patients benefited from the session, with improved interest in periodontal consultations and preventive check-ups.

DEMONSTRATION OF BRUSHING TECHNIQUES GIVEN TO THE PATIENTS

3. Plaque Detection Corner:

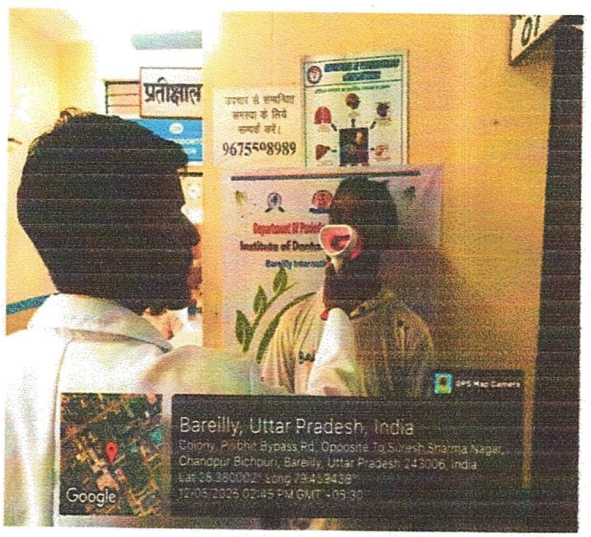

As part of the patient awareness initiative, **a dedicated "Plaque Detection Corner"** was set up within the outpatient department. The corner served as an interactive learning station where patients could **visually observe plaque accumulation** using a **plaque detection machine** and disclosing agents.

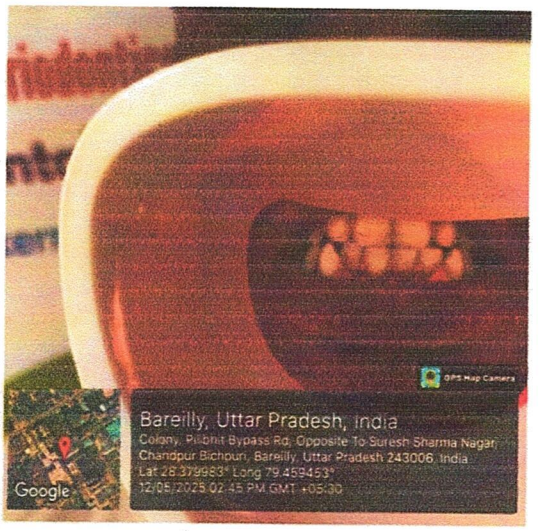

Purpose:

To educate patients about invisible plaque deposits and emphasize the importance of meticulous oral hygiene.

Highlights:

- Real-time demonstration of plaque on patients' teeth
- Visualization using plaque disclosing agents
- Personalized brushing technique guidance based on detected plaque sites
- Increased motivation for routine dental cleanings and check-ups

PLAQUE DETECTION ON PATIENTS USING A PLAQUE DETECTOR MACHINE

4. Free Distribution of Toothpaste Samples:

To reinforce the importance of daily oral hygiene practices, **free toothpaste samples** were distributed to all patients of the Gum Health Day campaign. The samples were provided with guidance on proper usage, frequency, and brushing techniques.

Purpose:

To encourage consistent oral hygiene habits and promote the use of fluoride-containing toothpaste for gingival and dental health.

Highlights:

- Distribution of tooth samples to OPD patients.
- Each sample accompanied by a brief oral hygiene instruction leaflet
- Counseling on the benefits of regular brushing, especially using anti-plaque and anti-gingivitis formulations

Impact:

The sample distribution added a tangible takeaway to the educational efforts of the day, reinforcing patient motivation to maintain oral hygiene at home.

DISTRIBUTION OF TOOTHPASTE SAMPLES GIVEN TO THE

IMPACT & FEEDBACK:

The Gum Health Day 2025 celebration at the Institute of Dental Sciences, Bareilly, created a meaningful impact across multiple layers of the community. The combination of interactive demonstrations, hands-on education, and compassionate outreach empowered patients and participants to take charge of their periodontal health.

The **Plaque Detection Corner** proved to be one of the most engaging highlights, allowing patients to visually identify hidden plaque deposits—bridging the gap between knowledge and awareness. This activity significantly boosted interest in oral hygiene practices and follow-up periodontal treatments.

Additionally, the **free distribution of toothpaste samples** served as a thoughtful incentive, reinforcing the educational messages with tangible tools for daily care. Participants appreciated the practical guidance and expressed increased willingness to adopt healthier oral hygiene routines.

Feedback from patients, students, and community stakeholders reflected deep appreciation for the department's efforts, with many requesting regular follow-up programs. Faculty and postgraduate students reported higher patient motivation and more informed conversations during consultations.

CONCLUSION:

Gum Health Day 2025 was a comprehensive success, not only in its outreach but in fostering a culture of preventive care and self-awareness among the public. The Department of Periodontics at the Institute of Dental Sciences, Bareilly, demonstrated leadership in combining **clinical expertise, community engagement, and innovative education**, such as the **plaque detection setup** and **hygiene kit/sample distribution**.

The event aligned strongly with the global objectives set by the **European Federation of Periodontology** and reinforced the institute's commitment to public health and professional excellence. Moving forward, such initiatives will continue to shape a more informed and health-conscious society, one smile at a time.

World Oral Health Day Report

18/03/2025 to 21/03/2025

World Oral Health Day, celebrated globally, serves as a powerful reminder of the importance of maintaining good oral hygiene and the vital link between oral and overall health. This year's theme, **"A Happy Mouth is a Healthy Mouth"**, motivated us to take an inclusive and comprehensive approach toward community engagement and patient education.

OBJECTIVES OF THE CELEBRATION

- To promote awareness of periodontal and oral health across all age groups.
- To provide free dental screening and hygiene education to underserved communities.
- To empower individuals with the knowledge and tools required to maintain oral hygiene.
- To engage dental students and professionals in community service and public health promotion.

DAY'S ACTIVITIES IN DETAIL

1. In-House Pledge Ceremony

The celebration commenced with a solemn **pledge ceremony** conducted within the campus premises. Faculty members, postgraduate students, interns, and undergraduate students took an oath to dedicate themselves to the promotion of oral health in their personal and professional lives.

- **Venue**: Seminar Hall, Institute of Dental Sciences
- **Participants**: Over 120 attendees, including teaching and non-teaching staff
- **Significance**: Reinforced professional ethics, responsibility, and public health dedication among future dental practitioners.

Pledge Ceremony Conducted Within the Campus

2. Patient Awareness Program at OPD

A full-day **patient education drive** was conducted in the outpatient department. Patients were educated through live demonstrations, charts, and models.

- **Topics Covered**:
  - Proper brushing techniques (Modified Bass, Fones method)
  - Flossing demonstrations
  - Use of interdental aids and mouth rinses
  - Role of plaque and calculus in periodontal disease
  - Importance of regular dental visits
- **Additional Support**: Distribution of pamphlets and oral hygiene kits to patients

Over **250 walk-in patients** were engaged in informative sessions, resulting in a positive impact on patient compliance and awareness.

Demonstration of Proper Brushing Technique to the Patient

3. Community Outreach Dental Camps

Five targeted dental outreach programs were conducted across Bareilly, focusing on marginalized and underserved populations.

a. School Oral Health Camp – Aonla City School

Date: March 18, 2025
Venue: Aonla City School, Bareilly District
Audience: Approximately 150 school children (aged 7–14 years)
Team Involved: 2 faculty members, 3 postgraduate students, 5 undergraduate volunteers

Overview

The first outreach initiative in the week-long World Oral Health Day celebration was conducted at **Aonla City School**, targeting young schoolchildren—a population critical for early dental health education and intervention. The goal was to instill correct oral hygiene habits at a young age and prevent the onset of dental diseases through preventive care and awareness.

Key Activity Conducted

Dental Screening

Each child was individually screened by dental professionals using sterilized instruments and under proper aseptic conditions. Observations included:

- Dental caries status
- Oral hygiene level (plaque and calculus)
- Gingival condition

Screening Done by Dental Professionals

b. Government School Camp – Rithora

Date: March 19, 2025
Venue: Government Inter College, Rithora, Bareilly District
Participants: Approximately 100 students (Classes 6th to 10th)
Team Involved: 2 faculty members, 4 postgraduate students, 6 undergraduate volunteers from the Department of Periodontics

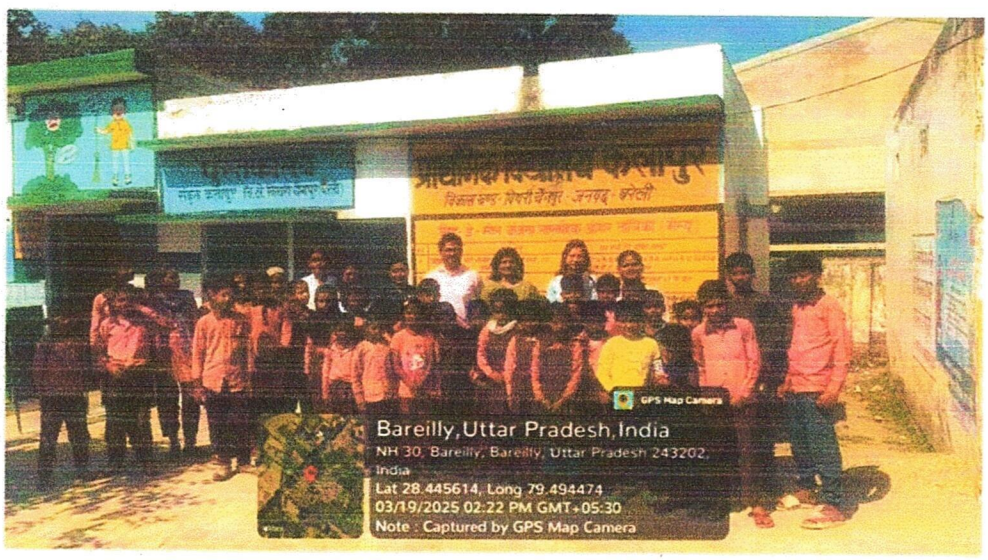

Overview

As part of the World Oral Health Day outreach initiative, a school-based oral health awareness and screening camp was organized at the **Government Inter College, Rithora**, a semi-rural locality with limited access to routine dental care. The objective was to instill oral hygiene awareness among school-aged children and identify early signs of dental issues.

2. Oral Hygiene Education

A highly interactive oral hygiene session was conducted in the school assembly area. Visual aids such as tooth models and large charts were used to demonstrate:

- Proper brushing technique (Modified Bass).
- Use of tongue cleaners and floss.
- Brushing twice a day and post-snack routines.
- Importance of limiting sugary foods.

Conducted Oral Hygiene Session in the School Assembly Area

c. Camp at Female Government Shelter Home

Date: March 20, 2025 (Morning)
Venue: Female Government Shelter Home, Bareilly
Participants: Approximately 60 female residents (aged 14–45)
Team Involved: 2 faculty members, 3 postgraduate students (female), 4 interns

Overview

A focused outreach camp was organized for the **Female Government Shelter Home** in Bareilly with the dual purpose of providing dental screening and sensitization towards the interrelationship between **women's health and oral hygiene**. The demographic comprised adolescent girls, young women, and adult residents housed at the shelter due to socio-economic vulnerability.

Key Services Provided

- **Oral Screening:**
  Each participant underwent oral examination. Findings included:
  - Generalized gingival inflammation due to poor hygiene practices
  - High prevalence of calculus and plaque accumulation
  - 15+ residents with advanced periodontal issues
- **Counseling Sessions on Hormonal Influences on Oral Health:**
  A special session was conducted addressing:
  - How hormonal fluctuations during puberty, menstruation, pregnancy, and menopause affect gum health
  - Management of gingival bleeding and sensitivity
  - Connection between menstrual cycles and transient gum swelling
- **Menstrual Hygiene & Oral Health Link:**
  A unique discussion was held on how poor menstrual hygiene, systemic inflammation, and nutritional deficiencies contribute to gingival problems.
- **Distribution of Hygiene Kits:**
  Each resident received an oral hygiene kit comprising a toothbrush, toothpaste, tongue cleaner, and a pictorial guide to brushing and flossing.

Impact: The session empowered women with practical knowledge and dignity-centered healthcare tips. Caretakers expressed gratitude and requested repeat visits for follow-up treatment.

Screening Done by Dental Professionals

d. Camp at Bareilly District Jail

Date: March 20, 2025 (Afternoon)
Venue: Central Jail, Bareilly
Beneficiaries: ~90 male inmates
Team Involved: 2 senior faculty members, 5 postgraduate students, 1 security liaison

Overview

Understanding the dire lack of access to preventive dental care in closed environments, a specialized outreach was conducted for the **Bareilly District Jail.** It marked a first-of-its-kind initiative by the department to deliver oral health services in a correctional facility.

Services Rendered

- **Comprehensive Oral Screening:**
  90 inmates were screened for:
  - Periodontal disease
  - Tobacco-related lesions (leukoplakia, OSMF)
  - Decay and trauma-related dental issues

- **Health Education Talk:**
  A powerful talk titled **"Oral Health in Closed Settings – Challenges and Solutions"** was delivered, covering:
  - Impact of stress, poor diet, and neglect on oral tissues
  - Use of safe brushing methods within jail constraints
  - Risk of oral cancer from smokeless tobacco and paan use
- **Support and Coordination:**
  The jail superintendent extended full cooperation and expressed interest in setting up a referral mechanism for complex dental care.

Impact: Inmates responded positively, with many requesting **regular dental check-ups**, indicating both the need and appreciation for such outreach. A follow-up visit has been planned for quarterly care.

Regular Dental Check-Ups Bareilly District Jail

e. Rural Camp – Akkha Village

Date: March 21, 2025
Venue: Akkha Village, Bareilly District
Participants: Over 150 rural residents
Team Involved: 3 faculty members, 6 PG students, 8 interns

Objective

To extend basic oral healthcare access to remote populations often neglected due to geographic and financial barriers.

Activities and Services

- **On-Site Screening:**
  Villagers were screened for:
  - Caries
  - Periodontal disease
  - Missing teeth and prosthetic needs
  - Tobacco-related conditions
- **Oral Health Education:**
  Group sessions were conducted in the local dialect with visual charts and demonstrations.
- **Distribution of Kits and Referrals:**
  - Oral hygiene kits were distributed to 100+ individuals
  - 60+ villagers were referred to the college for further treatment like extractions, cleanings, and prosthetics

Screening of Villagers done by Dental Professionals

IMPACT & FEEDBACK

The initiative successfully increased oral health awareness across a diverse demographic, with a special focus on women, children, prisoners, and rural populations. Feedback collected from participants and community leaders reflected appreciation for the effort and a desire for sustained engagement.

Several follow-up visits have already been scheduled, and our department has committed to making these outreach programs a **quarterly feature** as part of our public health extension.

CONCLUSION

The Department of Periodontics, Institute of Dental Sciences, Bareilly, is honored to have contributed meaningfully to the spirit of **World Oral Health Day 2025**. These activities echo the core values of the Indian Society of Periodontology—commitment to education, service, and scientific advancement in the field of Periodontology.

Report on National Periodontist Day Celebration

Department of Periodontology, Institute of Dental Sciences

Date: 24th September 2025

The Department of Periodontology, Institute of Dental Sciences, celebrated National Periodontist Day on 24th February 2025, a day after its official observance on 23rd February (Sunday). The event aimed to raise awareness about periodontal health and recognize the essential role of periodontists in maintaining oral well-being.

The celebration featured a series of activities designed to engage both students and the general public. A free dental camp was organized within the department, where patients received periodontal screenings and oral hygiene counselling. Additionally, toothpaste kits were distributed to promote better oral care habits. Along with this a camp was organised by our department at Rajendra Nagar, Bareilly on 22/2/25 following dental education and free tooth paste distribution.

To encourage student participation, a quiz competition was held, featuring three teams competing across three exciting rounds—the general round, buzzer round, and rapid-fire round. The competition was the highlight of the event, filled with enthusiasm and a spirit of friendly rivalry as participants showcased their knowledge of periodontology. Alongside the quiz, a reels competition was organized with the theme "Healthy Gums, Happy Life", where students creatively conveyed the importance of gum health through engaging short videos.

The event concluded with a prize distribution ceremony, where the winners of the quiz competition and reels competition were felicitated. The ceremony was graced by Dr. Sathyajith Naik N. (Principal), Dr. Madhusudhan Astekar (Vice Principal), CS Kandpal (Administrator Officer), and all faculty members of the Department of Periodontology. Their presence added prestige to the occasion, and they commended the participants for their enthusiasm and efforts in making the event a success.

The celebration successfully highlighted the importance of periodontal care and the contribution of periodontists to overall health, making the event both educational and engaging.

Event Report: CAD-CAM in Prosthodontics: Revolutionizing dental restorations

CDE (continuous dental education) programme on CAD-CAM in Prosthodontics: Revolutionizing dental restorations was organized by Department of Prosthodontics and Crown & Bridge on 16 March 2024, Conference Hall, 4th floor, IDS. This was one day programme that included lecture series. The aim of the CDE was to know the updates in CAD-CAM dental restorations along with the Artificial intelligence as navigation in implantology for MDS students.

PROCEDING OF PROGRAMME:

The CDE day was started with inaugural ceremony which was scheduled at 9:15 AM. The function was inaugurated by lightening of lamp along with goddess Sharaswti vandana. The lightning of lamp was done by Guest Speaker Dr. Gaurav Issar, Delhi, president IDS dr Ashok kumar Agarawal, Principal Dr. Sathyajith Naik and Organizing secretory Dr. Chandana Nair, Dr Nivedita Dixit. The anchoring of the event was conducted by Dr. MK Singhal, Professor and HOD and Dr. Aishwarya Mahajan, MDS student.

The organizing chairman of the event welcomed all the guests, dignitaries and organizing committee members as Organizing Secretory Dr. Chandna Nair, Treasurer Dr. Alok Kumar, Scientific Secretory Dr. Nivedita and Dr. Shikha and Hospitality Dr. Chetan Luniyal. Before the end of inaugural function, the Organizing Committee felicitated the guest speaker Dr. Gaurav Issar by a certificate and memento, certificate to Principal, IDS and certificates to all Organizing Committee Members.

All the desk dignitaries blessed the CDE by giving their speech. Dr. Chandana Nair gave the vote of thanks. Lecture series was taken by Dr. Gaurav Issar, DR MK Singhal & Dr Chandana Nair after inaugural function from 11 AM to 5.00 PM, including one hour of lunch. Lecture series is also followed by discussion. After the completion of scheduled Lecture series, the programme ended with valedictory function by giving certificates to the participants.

Report on MDS Orientation Program - Disha 2024

The Department of Periodontology & Implantology, Institute of Dental Sciences, Bareilly International University, had organized MDS Orientation Programme, "Disha 2024," on December 7, 2024. This event aimed to provide proper guidance and orientation to the newly admitted postgraduate students. The program included insightful lectures and activities designed to enhance their academic, research, and personal growth. It was hosted in the Lecture Hall, Guest House, with an enthusiastic participation of faculty members and first-year MDS students.

Event Highlights

The day commenced with the inaugural ceremony at 9:45 AM, graced by esteemed dignitaries. The Chief Guest, Dr. Keshav Agarwal (Chancellor), and Dr. Ashok Agarwal (Pro Chancellor) of Bareilly International University, were joined by the Guests of Honor Dr. Cheena Garg (Oncopathologist and Professor of Pathology, at Rohilkhand Cancer Institute,Rohilkhand Medical College) .The ceremony began with the traditional lamp lighting, symbolizing the quest for knowledge.

Dr. Rika Singh, Chief Coordinator, delivered the welcome address and greeted the gathering warmly. Dr. Sathyajith Naik N., Organizing Chairman, congratulated the fresh MDS students and provided an overview of the event. The event concluded with a heartfelt vote of thanks delivered by Dr. Jaishree Garg, who expressed gratitude to the distinguished guests, speakers, faculty members, and participants for their valuable contributions and active involvement in making the program a grand success. The Co coordinators for the event were Dr.Manvi Agarwal, Dr.Jaishree Garg, Dr.Prerna Agarwal, Dr.Akanksha Singh ,Dr.Ashutosh Agarwal and Dr.Geetika Kumar from Department of Periodontology & Implantology.

Lecture Sessions

The lecture sessions during the MDS Orientation Programme, *Disha 2024*, were designed to equip new postgraduate students with the necessary knowledge and skills to excel in

their academic and clinical journeys. The sessions were delivered by distinguished faculty members and covered a wide array of topics:

1. **Commanding the Seminar Preparation & Presentation**
   Speaker: Dr. Chandana Nair
   This session provided students with insights into effective seminar preparation and presentation techniques. Dr. Nair emphasized the importance of thorough research, structured content, and confident delivery in professional settings.
2. **Choosing an Appropriate Dissertation Topic & Synopsis Writing**
   Speaker: Dr. Madhusudan Astekar
   In this lecture, Dr. Astekar guided the students on how to select a dissertation topic that aligns with their interests and academic goals. He also provided practical tips on writing a compelling and well-structured synopsis.
3. **Journal Club – Selecting Appropriate Journal and Topic, Preparation and Presentation**
   Speaker: Dr. Shivlingesh Kamte
   Dr. Kamte's session focused on the critical role of journal clubs in postgraduate studies. He discussed strategies for selecting high-impact journals and topics, along with preparing and presenting journal articles effectively.
4. **Proper Documentation of Cases and Dental Radiographic Imaging**
   Speaker: Dr. Ashish Agarwal
   This session highlighted the significance of accurate documentation in clinical practice. Dr. Agarwal also elaborated on techniques for obtaining high-quality dental radiographic images.
5. **The Art of Photographic Case Records (Mastering Basic Photography)**
   Speaker: Dr. Gaurav Sapra
   Dr. Sapra introduced the students to the fundamentals of dental photography. He shared tips for capturing professional-quality photographs to document clinical cases effectively.

These lectures not only provided theoretical knowledge but also practical tips to enhance the students' academic and professional journeys.

Conclusion

The program concluded with a valedictory ceremony, where guest speakers were felicitated, and certificates of participation were distributed to all attendees. The event ended on a high note with refreshments, including high tea and snacks, leaving the students inspired and motivated to excel in their postgraduate journey.

स्टेट कान्फ्रेंस में चिकित्सकों ने अनुभव किए साझा

कार्यालय संवाददाता, बरेली

अमृत विचार : बरेली इंटरनेशनल यूनिवर्सिटी के इंस्टीट्यूट ऑफ डेंटल साइंसेज (आईडीएस) के ओरल एंड मेक्सजिलो फेसियल विभाग की ओर शुक्रवार को दो दिवसीय 9 वीं वार्षिक स्टेट कान्फ्रेंस रोहिलखंड मेडिकल कॉलेज एंड हॉस्पिटल के सभागार में शुरू की गई। कान्फ्रेंस में जुटे चिकित्सकों ने अपने अनुभव साझा किए।

मुख्य अतिथि वन मंत्री डॉ. अरुण कुमार सक्सेना ने कार्यक्रम शुरू किया। विशिष्ट अतिथि बरेली इंटरनेशनल यूनिवर्सिटी के कुलाधिपति डॉ. केशव कुमार अग्रवाल और प्रति कुलाधिपति डॉ. अशोक अग्रवाल ने शॉल ओढ़ाकर और प्रतीक चिन्ह भेंट कर मुख्य अतिथि का स्वागत किया। आईडीएस के प्राचार्य डॉ. सत्यजीत नायक ने बताया कि एसोसिएशन ऑफ ओरल एंड मेक्सजिलो फेसियल सर्जरी ऑफ इंडिया (यूपीएओएमएसआई) के यूपी चैप्टर का अध्याय है। कान्फ्रेंस में मुंह और दंत रोग से जुड़ी नई तकनीकियों को बारीकी से जानने के लिए 200 से अधिक चिकित्सकों ने पंजीकरण कराया है।

कान्फ्रेंस में मंचासीन वन मंत्री डॉ. अरुण कुमार, बीआईयू के कुलाधिपति डॉ. केशव कुमार अग्रवाल, प्रति कुलाधिपति डॉ. अशोक अग्रवाल, डॉ. अर्जुन अग्रवाल व अन्य।

- **रोहिलखंड मेडिकल कॉलेज एंड हॉस्पिटल के सभागार में कान्फ्रेंस का आयोजन**

कान्फ्रेंस में यूपी एओएमएसआई के अध्यक्ष डॉ. नरेश शर्मा, सचिव डॉ. मदन मिश्रा, ऑर्गनाइजिंग चेयरमैन डॉ. गोकुल, डॉ. रामकांत, कोषाध्यक्ष डॉ. हिमांशु प्रताप सिंह, डा. जितेंद्र, डॉ. निरंजन, डॉ. भरत आदि का विशेष सहयोग रहा। कान्फ्रेंस में रोहिलखंड कैंसर इंस्टीट्यूट के वरिष्ठ कैंसर रोग विशेषज्ञ डॉ. अर्जुन अग्रवाल भी मौजूद रहे।

लाइफ टाइम अचीवमेंट अवार्ड दिए

ऑर्गनाइजिंग कमेटी के सदस्य डॉ. जितेंद्र ने बताया कि कांफ्रेंस के पहले दिन दो वरिष्ठ चिकित्सक को उनकी ओर से दी गईं बेहतर सेवाओं के लिए लाइफ टाइम अचीवमेंट अवार्ड दिए गए। ये अवार्ड स्वर्गीय डॉ. दिव्या मेहरोत्रा के परिजन और डॉ. आरएस बेदी को दिया गया। उन्होंने बताया कि शनिवार को कांफ्रेंस को समापन होगा। इस दौरान कई सत्र भी आयोजित किए जाएंगे।

BRIEF REPORT ON
HAIR TRANSPLANT LECTURE AND HANDS

The Department Of Oral And Maxillofacial Surgery conducted a "Hair Transplant Lecture And Hands" on 30th March 2024 in Institute Of Dental Sciences Bareilly , for faculty members and postgraduate students. The resource person was 'Dr. Uday Bhan Singh', consultant oral and maxillofacial surgery, he provided the participants with theoretical knowledge and practical skills in the field of hair transplantation. The workshop brought together experts in the field, aspiring hair transplant surgeons, oral and maxillofacial surgeons, and allied healthcare professionals interested in enhancing their understanding and proficiency in hair restoration techniques.

The workshop commenced with an overview of the history, principles, and various methods of hair transplantation, including follicular unit transplantation (FUT) and follicular unit extraction (FUE). Participants gained insights into the causes and classification of hair loss conditions, including androgenetic alopecia, alopecia areata, and scarring alopecias, the demonstration of the latest surgical techniques, instrumentation, and anesthesia protocols used in hair transplantation was done. This segment covered donor area harvesting, recipient site creation, graft preparation, and implantation methods. A live surgical demonstration provided participants with a real-time view of the hair transplantation process, from donor harvesting to graft placement, highlighting key surgical steps and best practices. The workshop also included the facial aesthetics demonstration on various techniques, lasers, lip augmentation, cheek enhancement, and jawline contouring. Participants learned about different products, indications, and optimal treatment approaches for various procedures.

A question-and-answer session and panel discussion enabled participants to clarify doubts, share experiences, and engage in discussions on emerging trends and challenges in hair transplantation. A total of 104 Participants from different parts of the country were present.The workshop's interactive format, expert guidance, and focus on best practices contributed to its success in advancing the proficiency of attendees in hair transplant & facial aesthetics.

Date 30/03/24.

GUEST LECTURE

समय पर जांच कराने से कैंसर के खतरे को किया जा सकता है कम

कार्यक्रम में मौजूद बरेली इंटरनेशनल यूनिवर्सिटी के प्रति कुलाधिपति डॉ. अशोक अग्रवाल, वरिष्ठ कैंसर रोग विशेषज्ञ डॉ. अर्जुन अग्रवाल। • अमृत विचार

- **मुंह के कैंसर की प्रारंभिक पहचान एवं रोकथाम पर व्याख्यान, विशेषज्ञों ने साझा की जानकारी**
- **इंस्टीट्यूट ऑफ डेंटल साइंसेस के पीरियोडॉटिक्स विभाग ने कार्यक्रम आयोजित किया**

बरेली, अमृत विचार : वर्ल्ड ओरल हेल्थ के उपलक्ष्य में बरेली इंटरनेशनल यूनिवर्सिटी के इंस्टीट्यूट ऑफ डेंटल साइंसेस के पीरियोडॉटिक्स विभाग ने कॉलेज परिसर में विशेष कार्यक्रम आयोजित किया, जिसमें मुंह के कैंसर की प्रारंभिक पहचान एवं रोकथाम पर व्याख्यान हुआ। विशेषज्ञों ने कैंसर के लक्षणों की पहचान, रोकथाम एवं इलाज के उपायों पर चर्चा की। साथ ही महिलाओं के सशक्तीकरण का भी संदेश दिया।

मुख्य अतिथि बरेली इंटरनेशनल यूनिवर्सिटी के प्रति कुलाधिपति डॉ. अशोक अग्रवाल रहे। अध्यक्षता कॉलेज के प्रधानाचार्य डॉ. सत्यजीत नायक ने की। इस दौरान रेडियोथेरेपिस्ट डॉ. रश्मि शुक्ला ने कैंसर की प्रारंभिक पहचान के महत्व पर प्रकाश डाला।

वरिष्ठ कैंसर रोग विशेषज्ञ डॉ. अर्जुन अग्रवाल ने कैंसर के उपचार को लेकर विस्तृत जानकारी दी। महिला सशक्तीकरण पर व्याख्यान डॉ. सुमन यादव ने दिया। मुख्य समन्वयक डॉ. रिका सिंह ने बताया कि कार्यक्रम का उद्देश्य समाज को कैंसर से जुड़ी महत्वपूर्ण जानकारी प्रदान करना था। इस संबंध में लोगों को जागरूक किया गया। बताया गया कि समय पर जांच कराने से काफी हद तक कैंसर के खतरे को कम किया जा सकता है। संचालन प्रशासनिक अधिकारी सीएस कांडपाल ने किया। डॉ. मानवी अग्रवाल, डॉ. जयश्री गर्ग, डॉ. प्रेरणा अग्रवाल, डॉ. आकांक्षा सिंह, डॉ. अशुतोष अग्रवाल, डॉ. गीतिका कुमार आदि मौजूद रहे।

Seminar on Intellectual Property Rights Report

A seminar on Intellectual Property Rights (IPR) was held on 2.3.24 to educate participants on the importance of protecting creative works, innovations, and brands. The seminar covered various aspects of IPR, including patents, trademarks, copyrights, and industrial designs. Guest speaker for the day was Dr. Shalabh Mehrotra, Prof and Head, Dept of Periodontics, TMU College.

Key Takeaways

1. Importance of IPR: Intellectual Property Rights play a crucial role in promoting innovation, creativity, and economic growth. They provide exclusive rights to creators and inventors, enabling them to benefit from their work.
2. Types of IPR: The seminar discussed various types of IPR, including:
   - Patents: Protecting inventions and innovations.
   - Trademarks: Protecting brand names, logos, and symbols.
   - Copyrights: Protecting literary and artistic works.
   - Industrial Designs: Protecting the visual appearance of products.
3. Benefits of IPR Protection: IPR protection encourages innovation, investment, and competition. It also helps to prevent unauthorized use, piracy, and counterfeiting.
4. Challenges and Opportunities: The seminar highlighted the challenges of enforcing IPR in the digital age, as well as opportunities for growth and development through effective IPR management.

Conclusion

The seminar on Intellectual Property Rights provided valuable insights into the importance of protecting creative works and innovations. Participants gained a better understanding of the different types of IPR and the benefits of protection. By understanding and respecting IPR, individuals and organizations can promote innovation, creativity, and economic growth.

Recommendations

1. Raise Awareness: Increase awareness about the importance of IPR among creators, inventors, and businesses.
2. Develop IPR Strategies: Encourage individuals and organizations to develop effective IPR strategies to protect their creative works and innovations.
3. Enforce IPR: Strengthen IPR enforcement mechanisms to prevent unauthorized use and piracy.

By implementing these recommendations, we can promote a culture of innovation, creativity, and respect for intellectual property rights.

Date: 02-03-2024
Place: Bareilly

Subject: National Oral Pathologist's Day-2024 Celebration Report

Respected Sir,

It is our esteemed privilege to inform you that the Department of Oral Pathology and Microbiology, Institute Of Dental Sciences, BIU, Bareilly, celebrated **National Oral Pathologist's Day Program on 28/02/2024** to commemorate the birth anniversary of the first postgraduate teacher of Oral Pathology in India, **Dr. Harnath Manishankar Dholakia**. His achievements are truly an inspiration for young generation. Many of us will be indebted to Dr. Dholakia Sir for the encouragement and Support of our career.

The celebration included organizing various competitions for BDS students and interns as mentioned below-

Sr No.	Events	Theme	No. Of Participants
1.	Quiz Competition	General Dentistry	20
2.	Soap Carving	Relevant to Dentistry	08
3.	Artist's Impression	Maxillofacial Pathology Sketching	20
4.	3-D Model	Imagine the Unimaginable Oral Pathology	12
5.	E-Poster	Oral Pathology-Past, Present and Future	15

The Felicitation Program was graced by chief patrons **Dr. Ashok Agarwal**, Pro Chancellor, BIU and **Dr. Sathyajith Naik**, Principal, IDS, Bareilly. The program was commenced with the welcome speech by **Dr. Aditi Murari,** followed by a brief introduction of Dr. Dholakia sir by **Dr. Madhusudan Astekar,** (Professor and Head). The Program scheduled and blessings by chief patrons were highlighted by **Dr. Ashutosh Agrawal.** The result announcement of winners and appreciation of all 75 participants and vote of thanks was expressed by **Dr. Gaurav Sapra.** This was followed by high tea and snacks.

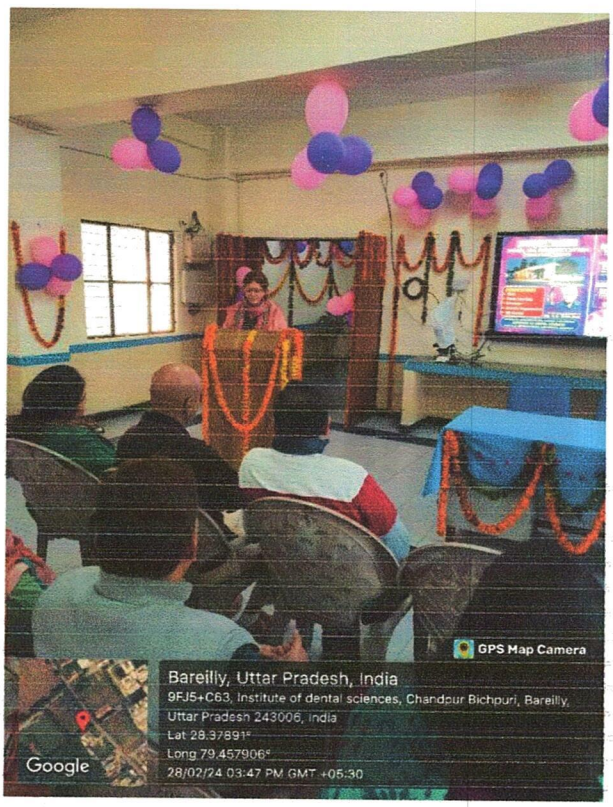

The National Oral Pathologist's Day celebration-2024 was a resounding success, featuring insightful events with active involvement of faculty members and students. We express our gratitude towards the management and principal sir for their constant support and encouragement. It's wonderful to hear that both guests and students were happy for the event and their positive experience likely contributes to the overall success of the event.

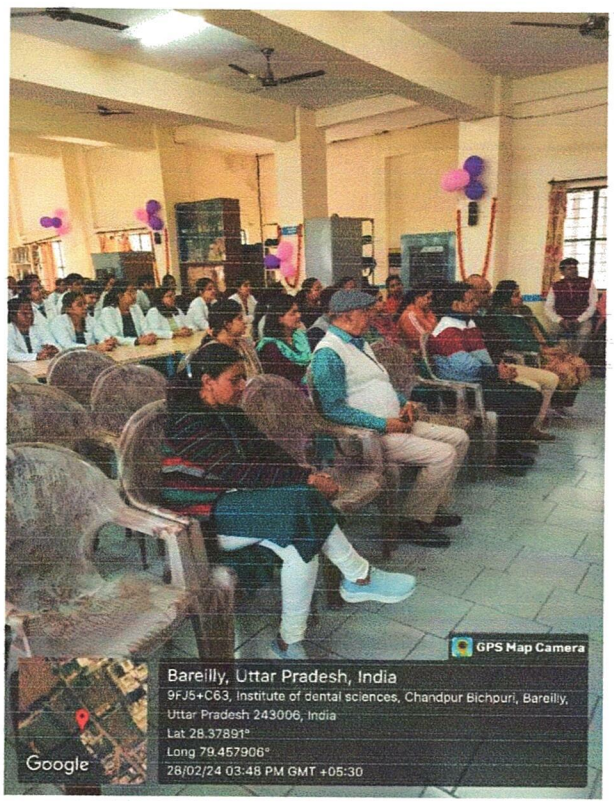

Thanking you,

With Best Regards,

Dr. Madhusudan Astekar

Event Report: Redefining Implantology

CDE (continuous dental education) programme on Redefining Implantology was organized by Department of Prosthodontics and Crown & Bridge on 27th December 2023, Conference Hall, 4th floor, IDS. This was one day programme that included lecture series and hands on. The aim of the CDE was to know the updates in implantology along with the latest trends in suturing techniques for MDS students.

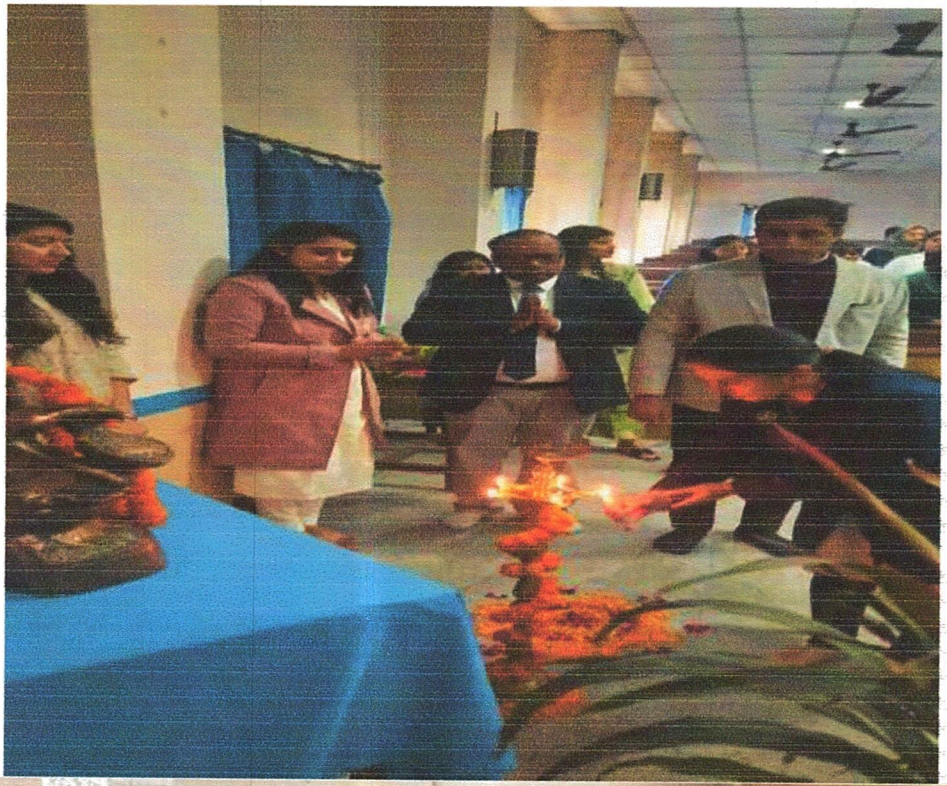

PROCEDING OF PROGRAMME:

The CDE day was started with inaugural ceremony which was scheduled at 9:30 AM. The function was inaugurated by lightening of lamp along with goddess Sharaswti vandana. The lightning of lamp was done by Guest Speaker Dr. Gopal Goel, Dentsply Sirona, Delhi, Principal Dr. Sathyajith Naik and Organizing secretory Dr. Chandana Nair, Dr Nivedita Dixit. The anchoring of the event was conducted by Dr. MK Singhal, Professor and HOD and Dr. Aishwarya Mahajan, MDS student.

The organizing chairman of the event welcomed all the guests, dignitaries and organizing committee as Organizing Secretory Dr. Chandna Nair, Treasurer Dr. Alok Kumar, Scientific Secretory Dr. Nivedita and Dr. Shikha and Hospitality Dr. Chetan Luniyal. He also welcomed CDE sponsor Dentsply Sirona and Madhva Diagnostics & Digital Dental Lab. Before the end of inaugural function, the Organizing Committee felicitated the guest speaker Dr. Gopal Goel by a certificate and memento, certificate to Principal, IDS and certificates to all Organizing Committee Members.

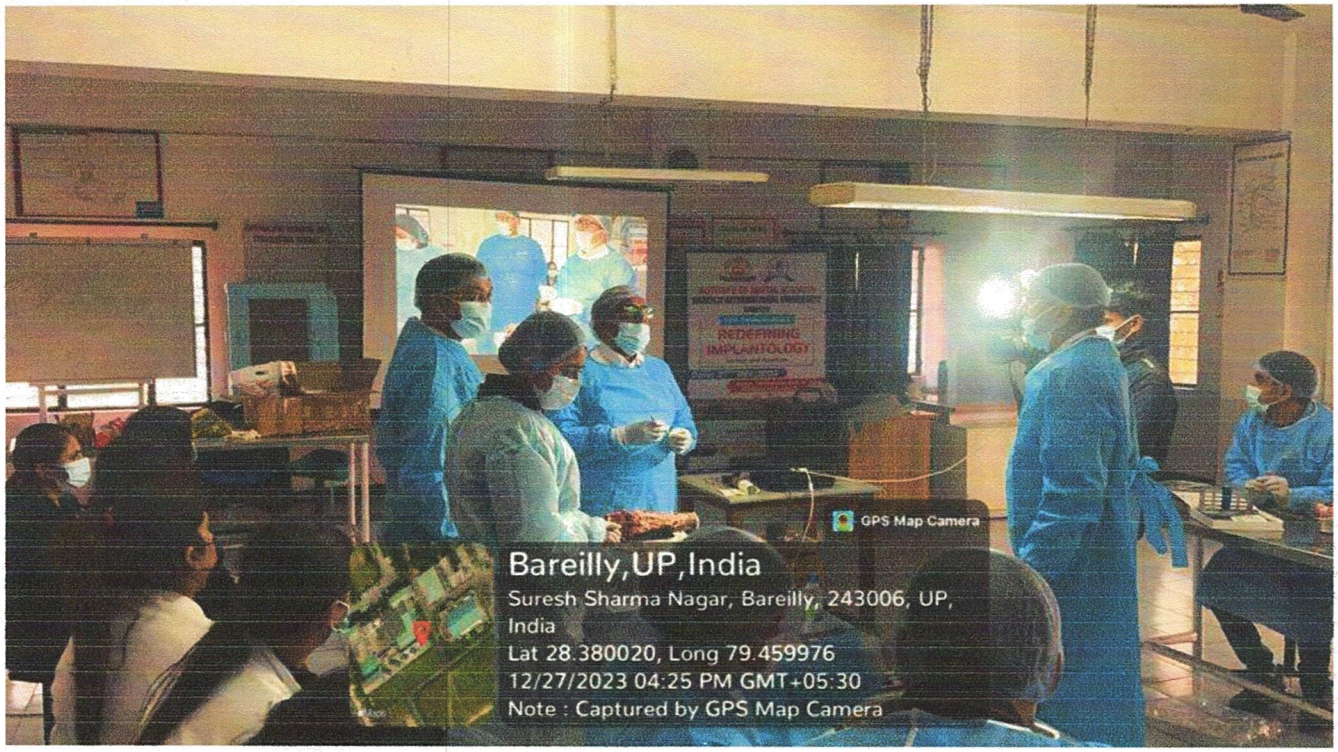

All the desk dignitaries blessed the CDE by giving their speech. Dr. Chandna Nair gave the vote of thanks. Lecture series was taken by Dr. Gopal Goel after inaugural function and high tea. After the lunch, Hands on programme on was conducted in Anatomy Lab, IDS Bareilly with all scientific norms like wearing of disposable gowns, face mask, head caps and gloves. The hands on was carried on porcine animal on the different suturing techniques in implantology. After the completion of scheduled Lecture and Hands on, the programme ended with valedictory function by giving certificates to the participants.

INVITATION

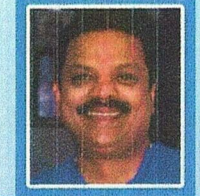

Dear colleagues and students, it gives us immense pleasure to invite you to an educative session on Bone Graft, Lecture series and Hands on – organized by Department of Prosthodontics and Crown & Bridge, including implantology. This event is being held at Bareilly International University campus, Bareilly on 1st December, 2023.

Implant site development and maintenance is critical to the success of Dental Implants. This Scientific event will focus on the different aspects of Bone Grafts and the various techniques in placement of the Graft. The Guest speaker – Dr.Lanka Mahesh is a speaker of international repute and has worked extensively in the field of Implants.

We welcome you all to join us and make this programme a grand success.

Dr. M K Singhal
Organising Chairman

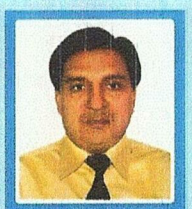

SPEAKER

Dr. Lanka Mahesh

Dr. Lanka Mahesh has completed his Masters Certificate in Implant Dentistry from UCLA, USA & CUFD, THAILAND. He is a visiting professor and academic director of Post Graduate Education at the University of Murcia at Spain (UCAM). He is an Honorary Consultant to the ARMED FORCES OF INDIA. He has lectured globally and has over 188 publications in national and international peer reviewed journals. Currently Dr. Lanka is in private specialized Implant practice at New Delhi, India.

Event Report: Bone Grafting

CDE (continuous dental education) programme on bone grafting was organized by Department of Prosthodontics and Crown & Bridge on 01 December 2023, Lecture hall, Guest house, BIU. This was one day programme that included lecture series and hands on. The aim of the CDE was to know the latest trends in bone grafting for the final year, interns and MDS students.

PROCEDING OF PROGRAMME:

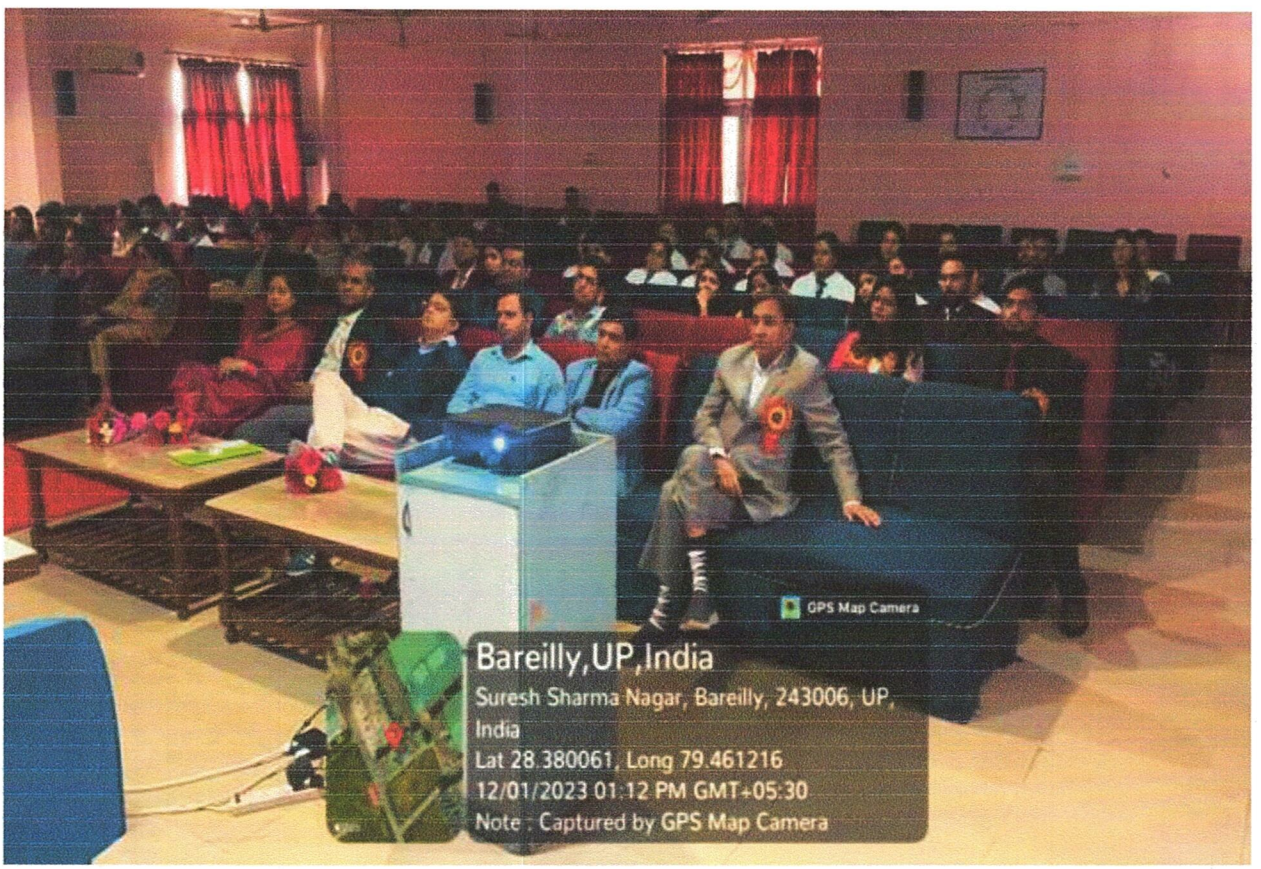

The CDE day was started with inaugural ceremony which was scheduled at 9:30 AM. The function was inaugurated by lightening of lamp along with goddess Sharaswti vandana. The lightning of lamp was done by Guest Speaker Dr. Lanka Mahesh, Dentsply Sirona, Delhi, Chancellor Dr. Keshanv Agarwal, BIU, Pro-Chancellor Dr. Ashok Agarwal, BIU, Principal Dr. Sathyajith Naik and Organizing Chairman Dr. MK Singhal. The anchor of the event was Mr. CS Kandpal, AO, IDS and Dr. Aishwarya Mahajan, MDS student.

The organizing chairman of the event welcomed all the guests, dignitaries and organizing committee as Organizing Secretory Dr. Chandna Nair, Treasurer Dr. Alok Kumar, Scientific Secretory Dr. Nivedita and Dr. Shikha and Hospitality Dr. Chetan Luniyal. He also welcomed CDE sponsor Dentsply Sirona, Madhva Diagnostics and Digital Dental Lab and Bareilly Dental Supply Company.

All the desk dignitaries blessed the CDE by giving their speech. Dr. Chandna Nair gave the vote of thanks. Lecture series was taken by Dr. Lanka Mahesh after inaugural function and high tea. After the lunch, Hands on programme on bone grafting was conducted in Anatomy Lab, IDS Bareilly with all scientific norms like wearing of disposable gowns, face mask, head caps and gloves. The hands on was carried on porcine animal. After the completion of scheduled Lecture and Hands on, the programme ended with valedictory function.

Seminar on Art of writing patents and copyrights
Report

On 10.8.2023, a seminar on "The Art of Writing Copyrights and Patents" was held at Institute of Dental Sciences, Bareilly. The event brought together experts in intellectual property law, writers, and innovators to discuss the intricacies of copyright and patent writing. This report summarizes the key takeaways from the seminar. Dr. A.K. Goel, MDS Prosthodontics was the guest speaker for the day

He emphasized the importance of understanding copyright basics, including what can be copyrighted, fair use, and the process of registering a work and focused on the art of writing patent claims, highlighting the significance of clarity, specificity, and strategic claim drafting.

Key Takeaways

- Copyright Essentials:
  - Originality is crucial for copyright protection.
  - Fair use provisions allow for limited use of copyrighted material without permission.
  - Registration provides legal evidence of ownership.
- Patent Writing:
  - Patent claims define the scope of protection.
  - Clarity and specificity are essential to avoid ambiguity.
  - Strategic claim drafting can make or break a patent's value.
- Best Practices:
  - Document everything, including creative processes and iterations.
  - Understand the differences between copyrights, patents, and trademarks.
  - Seek professional help when navigating complex IP issues.

Conclusion

The seminar provided valuable insights into the art of writing copyrights and patents. Attendees gained a deeper understanding of the complexities and nuances of intellectual property law, equipping them with the knowledge to better protect their creative works and innovations.

Recommendations

- Further education and training on IP law and best practices.
- Increased collaboration between IP professionals, writers, and innovators.
- Ongoing discussions on emerging trends and challenges in IP protection.

By implementing these takeaways, individuals and organizations can better navigate the intricate world of copyrights and patents, safeguarding their intellectual property and fostering innovation.

REPORT ON ESTHETIQ – 23

Esthetiq workshop was been organized by Department of oral and maxillofacial surgery on 27th and 28th janaury 2023. This two day program included lectures by renowned experts in aesthetics and delivered insight on topics such as peels and microderma abrasion , microneedling and mesotherapy etc.

In this event, instructions on proper skincare routines, including cleansing, exfoliation, moisturizing, and sun protection. Were given Participant learned about different skin types, common skin concerns, and how to address them effectively.

Overview of non-invasive cosmetic procedures for facial rejuvenation, such as injectables (e.g., botulinum toxin and dermal fillers), laser therapy, and radiofrequency treatments were also provided.

Topics also included patient assessment, injection techniques, managing complications, and achieving natural-looking results. Discussions on safety protocols, infection control measures, and legal and ethical responsibilities when performing facial aesthetic procedures were explained in depth.Emphasis was placed on maintaining professional standards, obtaining informed consent, and adhering to regulatory guidelines.

The objective of the to explore the principles of aesthetics and their applications in various fields,to provide practical training in techniques related to esthetics and,to foster discussions and exchange of ideas among participants.

The Programme was attended by all the faculty members and PG students.
Guest speakers were dr. Ali atif, Dr. Mehak Juneja Dr.Megha Padmanabh and many more esteemed speakers in their respective fields.

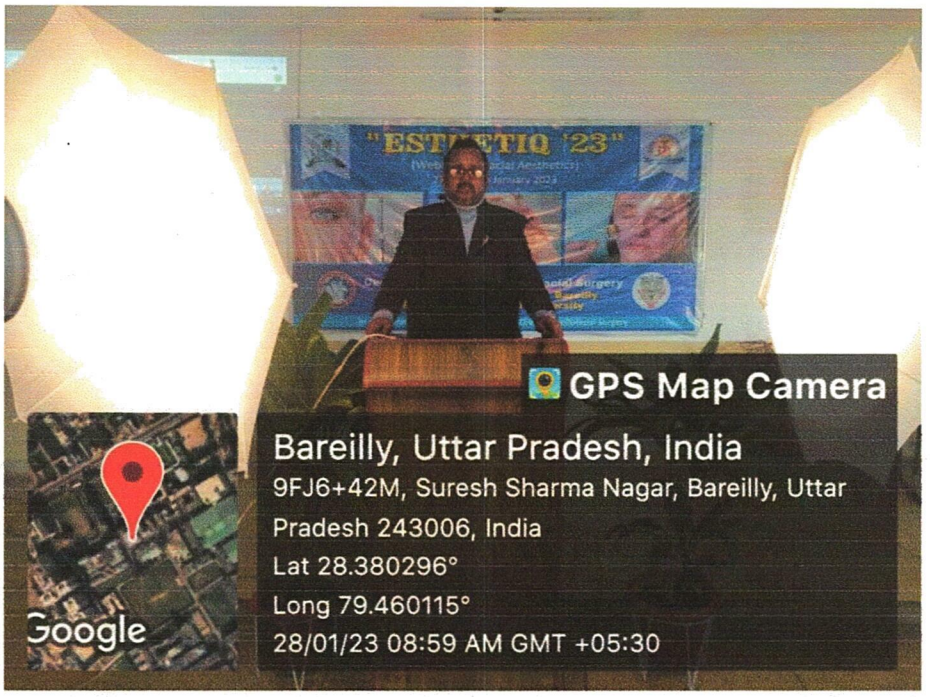

A question-and-answer session and panel discussion enabled participants to clarify doubts, share experiences, and engage in discussions on emerging trends and challenges in esthetiq webinar.

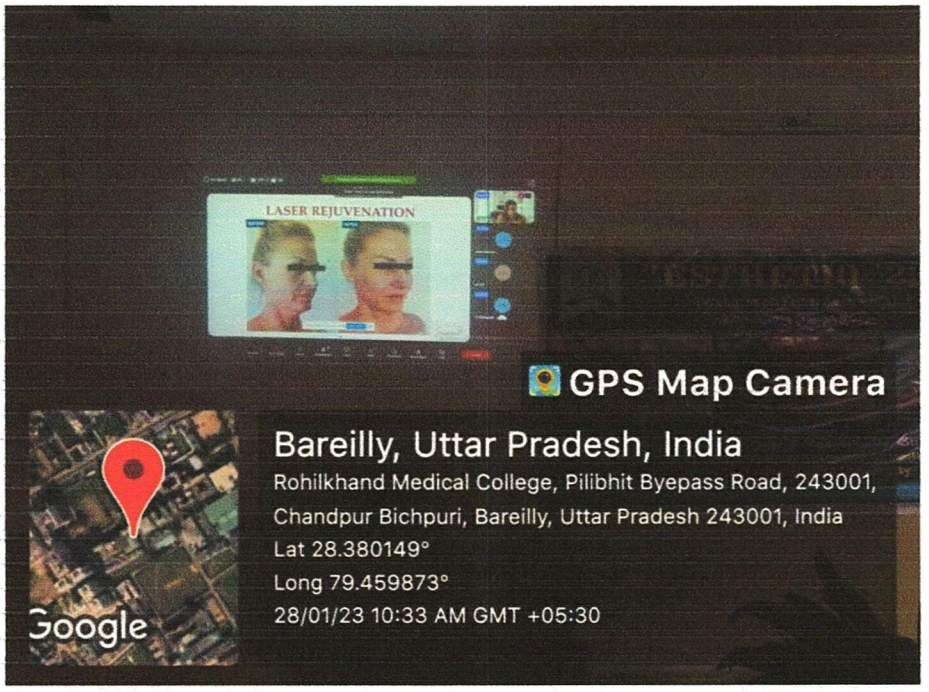

A total of 504 Participants from different parts of the country were present online.The workshop's interactive format, expert guidance, and focus on best practices contributed to its success in advancing the proficiency of attendees in facial aesthetics.

REPORT OF CONTINUING DENTAL EDUCATION ON

CBCT IN DENTISTRY

The Department of Oral Medicine & Radiology, Institute of Dental Sciences, Bareilly, had successfully organized a full day Continuing Dental Education (CDE) Program on 28/2/2023 with the theme – 'CBCT in Dentistry'. The Guest speaker for the event was Dr Upendra Malik, BDS, MDS, Professor in Dept. of Oral Medicine & Radiology, Theerthankar Mahaveer dental college, Moradabad. The inaugural ceremony was graced by Chief Patrons Dr Ashok Agarwal, President, Rohilkhand Medical Education Trust and Dr Kiran Agarwal, Vice President, Rohilkhand Medical Education Trust and Dr Satyajit Naik N, Principal, Institute of Dental Sciences. The scientific session was started by the welcome speech by Professor & Head, OMDR, Dr Asish Aggarwal.

This CDE was graced by a total of 102 registered delegates. The inauguration ceremony was followed by the knowledgeable lecture on "Introduction to CBCT, CBCT vs CT" in the morning session from 9:30am-12:30pm, followed by Tea break for an hour from 12:30-1 pm.

Second lecture session was continued after the break on – 'Image acquisition & CBCT in Dentistry' by Dr Upendra Malik from 1-4pm. Later, Valedictory ceremony was done by Dr Nitin Upadhyay, Professor, OMDR, Institute of Dental Sciences. All the registered delegated were gifted with the CDE certificates of their active participation. The Programme winded up till 5pm. The CDE was credited with 6 CDE points.

PARICHAY 2022

2-day national level introductory seminar was organized for the postgraduate students by the Department of Periodontology and Implantology, Institute of Dental Sciences, Bareilly International University. 15 guest lectures were held by renowned speakers from all over the country. Senior doctor and public health expert Dr. Nagesh Laxminarayan, who came from Bangalore, explained to the students in detail about the research related topics and made everyone aware of the technical intricacies of how new research can be done in the field of dentistry.

Dr. V.S. Grover, National Secretary, Indian Society of Periodontology, who came from Delhi, told the students in detail how to strengthen their research paper and presentation.

Dr. Anirban Chatterjee, President of the Indian Society of Periodontology, who came from Bangalore, told about the national level programs being conducted by the Society and enhanced everyone's knowledge on the latest research and treatment methods being conducted in the subject of Periodontology.

Students from more than 20 dental colleges from across the country participated in this national level program. In the program, Bareilly International University Chancellor Dr. Keshav Agarwal informed all the delegates about the social and student work being done by the university and advised the students to work hard.

Dr. Ashok Agarwal, Pro Chancellor of Bareilly International University, told the students the basic mantras of how to make their future successful.

University Vice Chancellor Dr. Lata Agarwal was also present in the program. She appreciated the continuous programs being conducted by the Department of Periodontology and advised the students to keep their knowledge updated from time to time by attending such seminars.

Dr. Satyajith Nayak, Principal, Institute of Dental Sciences, informed the students about the discipline and clinical upgradation. Head of the Department of Periodontology thanked all the participants and all the guest speakers for attending the program.Congratulations on participating in the program. The program was conducted by Dr. Prerna Agarwal, Associate Professor.The organizing team of the program was Dr. Ashutosh Agarwal, Dr. Manvi Agarwal, Dr. Jaishree Garg, Dr. Rika Singh, Dr. Geetika and all the postgraduate students of the department.

REPORT ON PHOTOMATRIX

BRIEF REPORT OF THE PROGRAM

A one day lecture cum Hands on course on 'Clinical Photography' was conducted on 14 december 2022 at Institute of Dental Sciences by the Department of Orthodontics and Dentofacial Orthopaedics in association with Canon India.

Guest speakers was Dr. Tarun Sharma BDS, MDS. The inauguration was graced by presence of BIU Chancellor Dr. Keshav Kumar Agarwal and Vice Chancellor Dr. Ashok Agrawal who motivated all the participants. The program was organised under the mentorship of Institute of Dental Sciences Principal, Dr. Satyajeeth Naik and Head Of the Orthodontics Department Dr. Preeti Bhattacharya.

In the field of Dentistry photography plays an important role and all the faculty members and postgraduates benefitted from this workshop. His lecture on photography was very informative where he explained the importance of clinical photography and the camera specification required for achieving best photography of the teeth. A hands on course was also conducted the same day. Dr. Ankur Gupta, Dr. Shivani Singh, Dr. Ravi Bhandari, Dr. Dhruv Tiwari were all present during the program.

REPORT ON

Hairconf-22 Program

Brief Report of the programme:

The Department Of Oral And Maxillofacial Surgery conducted a "Haircon webinar" on 28th December 2022 in Institute Of Dental Sciences Bareilly, for faculty members and postgraduate students.

There were various eminent guest lectures enlightening with theoretical knowledge and practical skills in the field of hair transplantation.

The workshop brought together experts in the field, aspiring hair transplant surgeons, oral and maxillofacial surgeons, and allied healthcare professionals interested in enhancing their understanding and proficiency in hair restoration techniques.

The workshop commenced with an overview of the history, principles, and various methods of hair transplantation, including follicular unit transplantation (FUT) and follicular unit extraction (FUE). Participants gained insights into the causes and classification of hair loss conditions, including androgenetic alopecia, alopecia areata, and scarring alopecias, the demonstration of the latest surgical techniques, instrumentation, and anesthesia protocols used in hair transplantation was done. This segment covered donor area harvesting, recipient site creation, graft preparation, and implantation methods.

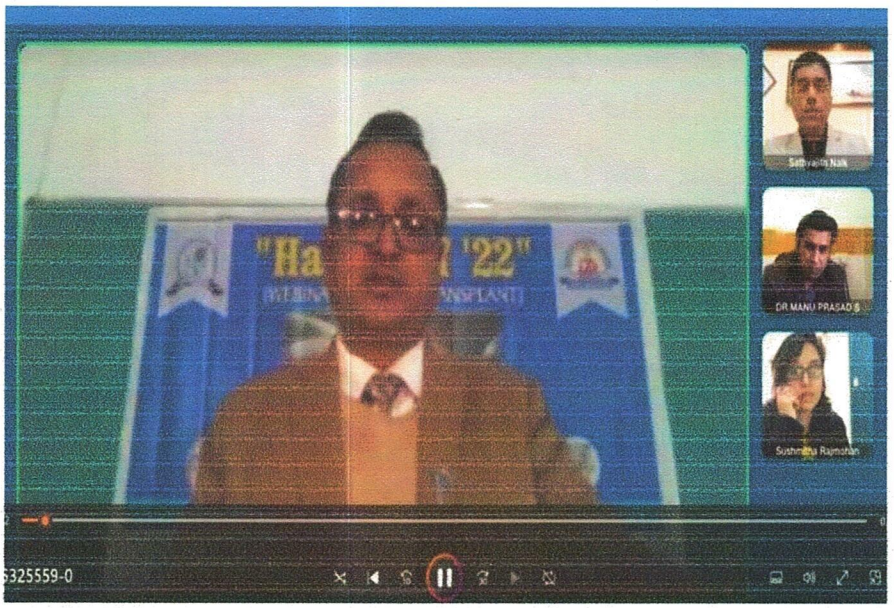

A question-and-answer session and panel discussion enabled participants to clarify doubts, share experiences, and engage in discussions on emerging trends and challenges in hair transplantation.

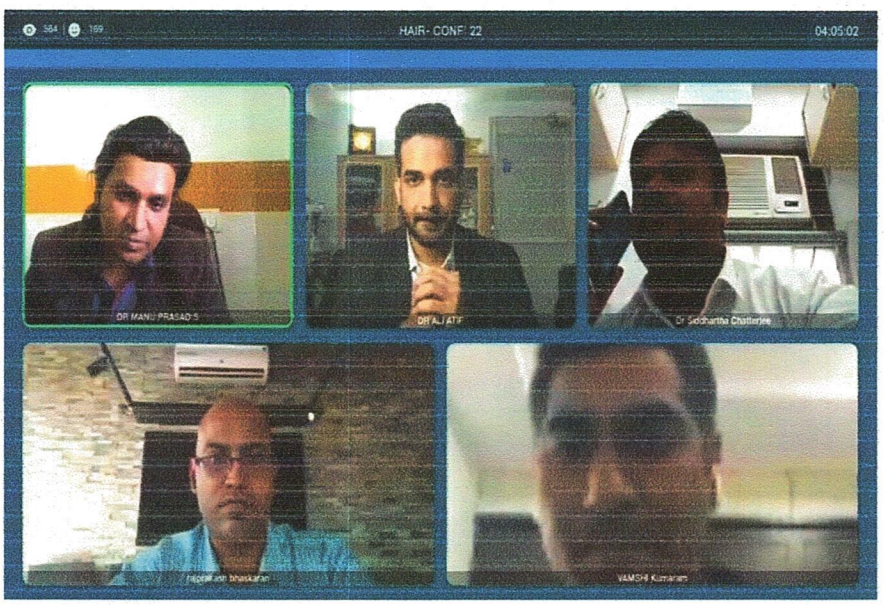

1000+ Participants from different parts of the country has participated.

The workshop's interactive format, expert guidance, and focus on best practices contributed to its success in advancing the proficiency of attendees in hair transplant.

Organized by: Department of Periodontology and Implantology

In observance of World Heart Day, a special awareness event was organized at the Institute of Dental Sciences, Bareilly, to highlight the importance of cardiovascular health and its connection to overall well-being. The event featured enlightening lectures by renowned medical professionals and attracted a wide audience comprising healthcare professionals, students, and the general public.

Dr. Manazir Iqbal, a leading cardiologist, delivered a comprehensive lecture on cardiac diseases, emphasizing early detection, risk factors, and preventive measures. He elaborated on the increasing incidence of heart conditions such as coronary artery disease, heart failure, and arrhythmias. His talk focused on lifestyle interventions including regular exercise, a balanced diet, stress management, and the cessation of tobacco use. Dr. Iqbal also presented recent advancements in diagnostic techniques and treatment modalities, reinforcing the need for community-level awareness and patient education.

Following his lecture, Dr. Rika Singh, Head of the Department of Periodontology at the Institute of Dental Sciences, Bareilly, presented an insightful session on the link between periodontitis and systemic diseases, with a special focus on cardiac health. She explained the biological mechanisms connecting chronic periodontal inflammation to atherosclerosis and other cardiovascular conditions. Dr. Singh highlighted that poor oral hygiene and periodontal infections could contribute to systemic inflammation, thereby increasing the risk of heart disease. Her lecture underscored the importance of interdisciplinary care and the role of dental professionals in preventing systemic complications through proper oral healthcare.

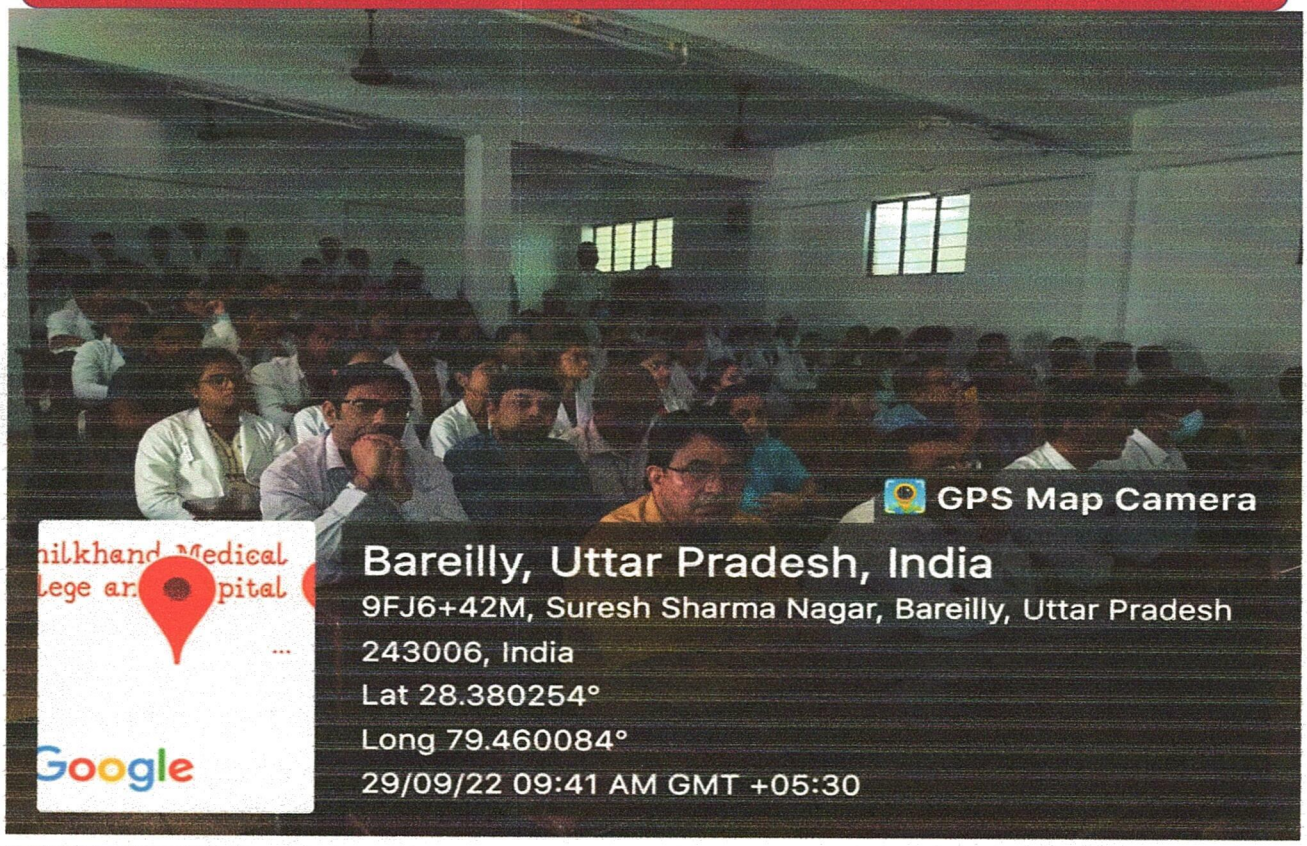

The event concluded with an interactive Q&A session, where attendees engaged with the speakers, further enriching their understanding of the interconnection between oral and cardiovascular health.

Conclusion:

The World Heart Day event at the Institute of Dental Sciences, Bareilly successfully emphasized the need for a holistic approach to health, integrating both cardiac and oral care. The valuable insights shared by Dr. Manazir Iqbal and Dr. Rika Singh served as a powerful reminder of the multifaceted nature of disease prevention and the importance of collaboration across medical disciplines.

मुंह को रखें साफ नहीं तो हृदय पर पड़ेगा गंभीर प्रभाव

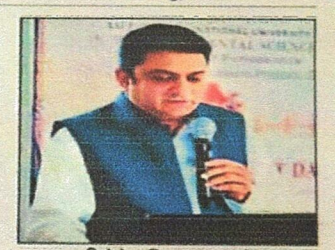

इंस्टीट्यूट आफ डेंटल साइंसेज में कार्यक्रम के दौरान मौजूद लोग।

अमृत विचार, बरेली

विश्व हृदय दिवस के अवसर पर बरेली इंटरनेशनल यूनिवर्सिटी के इंस्टीट्यूट ऑफ डेंटल साइंसेज में गुरुवार को महत्वपूर्ण विषय पर चर्चा हुई। इस अवसर पर रोहिलखंड मेडिकल कॉलेज के वरिष्ठ हृदय रोग विशेषज्ञ डा. मनाजिर इकबाल और दंत रोग विशेषज्ञ डा. रिका सिंह ने अपने विचार रखे।

बताया कि हमारे दांतों में कीड़े, पाइरिया आदि की बीमारी है तो उसमें ऐसे बैक्टीरिया पनपते हैं जो हमारे हृदय को भी नुकसान पहुंचाते हैं। वहीं यह हृदयाघात का कारण भी बन जाता है। डा. रिका सिंह ने मुंह की स्वच्छता के प्रति लोगों को जागरूक करते हुए कहा कि हमें साल में एक बार दंत चिकित्सक के पास जाकर परीक्षण जरूर करवाना चाहिए और आधुनिक मशीनें जैसे अल्ट्रासोनिक

जानकारी देते वरिष्ठ हृदय रोग विशेषज्ञ डा. मनाजिर इकबाल।

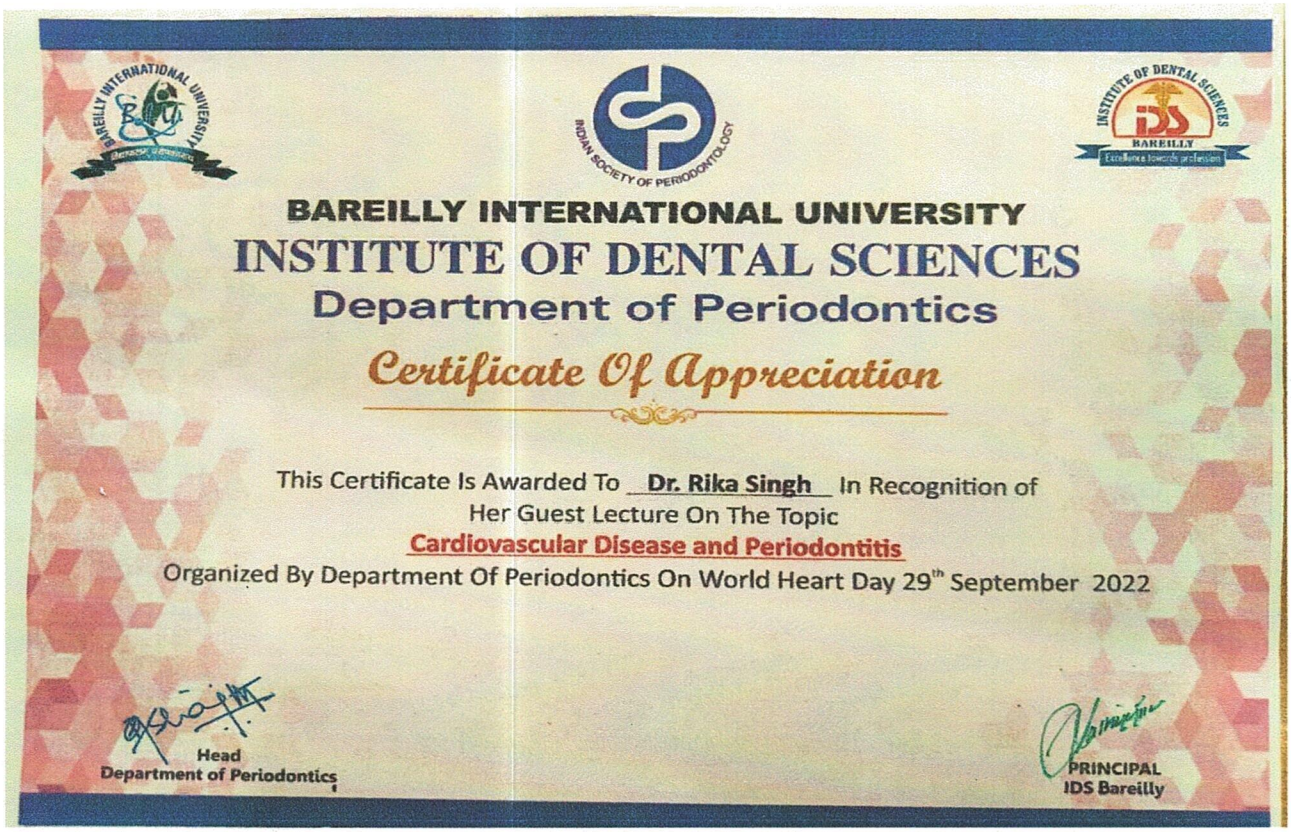

स्केलर से अपने दांतों को साफ करवाना चाहिए। यह कार्यक्रम पीरीयोडॉटिक के विभागाध्यक्ष डा. आरजी शिवामंजुनाथ की अध्यक्षता में हुआ। इस अवसर पर इंस्टीट्यूट ऑफ डेंटल सांइसेज के प्राचार्य डा. सत्यजीत नायक एवं पेरीयोडोन्टिक विभाग के डा. मानवी अग्रवाल और आशुतोष अग्रवाल, प्रशासनिक अधिकारी चंद्र शेखर कांडपाल, डा. प्रेरणा अग्रवाल व डा. जयश्री गर्ग मौजूद रहे।
