Adequacy of Physical Facilities for Teaching–Learning and Skills Acquisition

The institution has developed and maintained adequate physical infrastructure to support its academic, co-curricular, and skill-based learning activities. The available facilities cater to the needs of students across various programs and disciplines and are aligned with the pedagogical goals of the institution.

Classrooms

The institution has a sufficient number of well-ventilated and appropriately furnished classrooms to accommodate students from all departments. Classrooms are equipped with essential teaching aids and some are enhanced with ICT tools to facilitate effective and interactive learning experiences. The seating arrangements, lighting, and acoustics are maintained to ensure a conducive learning environment.

Laboratories / Skill Labs

Well-equipped laboratories and skill development labs are available for science, technology, professional, and vocational courses. These laboratories are maintained with necessary instruments, tools, and equipment as per curriculum requirements. Practical sessions are regularly conducted, enabling students to gain hands-on experience and enhance their subject-related skills.

Stock Registers

Each laboratory and department maintains updated stock registers that record the inventory of equipment, consumables, tools, and other teaching-learning materials. These registers are periodically verified and audited to ensure accountability and to track usage, maintenance, and procurement.

Other Learning Facilities

In addition to classrooms and laboratories, the institution has developed other supportive learning spaces such as seminar halls, language labs, computer centers, library resources, smart classrooms, and discussion rooms. These facilities are designed to foster independent learning, research, communication skills, and digital literacy among students.

Utilization Details

The physical facilities are effectively utilized throughout the academic calendar. Timetables are prepared to ensure optimal use of classrooms and laboratories, with equitable access for all departments. Facilities are also extended for co-curricular, remedial, and bridge courses. Periodic reviews are undertaken to assess the adequacy of infrastructure, and necessary enhancements are planned to meet the evolving academic demands.

CRITERION 4- INFRASTRUCTURE AND LEARNING RESOURCES

4.1.2 The Institution has adequate facilities to support physical and recreational requirements of students and staff- sports, games (indoor, outdoor), gymnasium, auditorium, yoga centre, etc. and for cultural activities

Adequacy of Facilities to Support Physical, Recreational, and Cultural Needs of Students and Staff

The institution recognizes the importance of holistic development and well-being of students and staff. To this end, it has developed and maintained a range of facilities that support physical fitness, recreation, and cultural engagement. These facilities contribute significantly to promoting a healthy lifestyle, encouraging team spirit, and nurturing creative talents within the academic community.

List of Facilities

The campus houses both indoor and outdoor sports facilities that cater to a wide range of athletic interests. Outdoor spaces are designated for games such as cricket, football, volleyball, and athletics, while indoor facilities support games like badminton, table tennis, carrom, and chess.

A well-maintained gymnasium with basic and advanced fitness equipment is available for use by students and staff, encouraging regular physical activity. Additionally, a dedicated yoga center offers a serene environment for practicing yoga and meditation, supporting mental and emotional well-being.

Cultural activities are supported through facilities such as an auditorium or multipurpose hall equipped with stage, lighting, and sound systems. Separate spaces for practice and rehearsals are also made available to promote active participation in music, dance, drama, and other performing arts.

Stock Register

All physical and recreational facilities are recorded and maintained through systematic stock registers. These registers detail the availability, condition, and periodic maintenance of sports equipment, gym apparatus, yoga mats, musical instruments, costumes, and other cultural activity resources. Regular updates and verification ensure accountability and smooth functioning of these amenities.

Utilization Details

The facilities are utilized effectively throughout the academic year. Sports and gym facilities are accessed by students during designated hours and are also used during inter-departmental and inter-collegiate events. Yoga sessions are conducted regularly as part of health and wellness initiatives. The auditorium and cultural spaces are actively used for college functions, festivals, workshops, and student-led programs. Timetables and booking systems are maintained to ensure fair and efficient access to all these amenities.

These physical and recreational resources play a key role in fostering physical health, stress relief, cultural expression, and social interaction among students and staff, thus supporting the overall mission of holistic education.

Availability and Adequacy of General Campus Facilities and Overall Ambience

The institution ensures the availability of essential campus facilities that support the daily academic and non-academic needs of students and staff. These facilities are developed and maintained with a focus on comfort, functionality, and inclusivity, contributing to a safe and conducive learning environment.

List of Campus Facilities

The campus is equipped with a range of general amenities aimed at enhancing the quality of life for all stakeholders. These include:

- **Canteen and Mess:** Hygienic and affordable food is served through well-maintained canteens and mess facilities. These areas provide a social space for students and staff to interact during breaks.
- **Hostels:** Separate hostel accommodations are provided for boys and girls, ensuring safety, cleanliness, and basic amenities such as internet access, study rooms, and recreational spaces.
- **Common Rooms:** Designated common rooms are available for both students and staff for rest and informal gatherings.
- **Drinking Water and Sanitation:** Safe drinking water facilities are available across the campus, along with clean and adequate sanitation infrastructure.
- **Medical Facility:** A health care unit or tie-up with nearby clinics ensures timely medical assistance and first aid support.
- **Transportation:** Transport facilities are arranged for the convenience of commuting students and staff, especially those from nearby rural areas.
- **Parking Areas:** Organized parking spaces are allocated for two-wheelers and four-wheelers to ensure safety and orderliness.

Ambience

The overall ambience of the campus is student-friendly, inclusive, and academically enriching. The institution maintains a clean, green, and eco-conscious environment that promotes focus, discipline, and well-being. Landscaped gardens, open spaces, and sitting areas add to the aesthetic appeal and provide students with areas to relax and reflect outside the classroom.

The campus culture encourages a sense of belonging, with values of respect, collaboration, and holistic growth being promoted through both academic and extracurricular engagements. The emphasis on environmental cleanliness and orderliness is evident through various student-led initiatives and institutional practices.

Utilization Details

All campus facilities are optimally utilized throughout the year. The canteen and mess serve meals and refreshments during working hours, while hostel facilities operate on a residential basis. Common rooms and recreational areas are used by students for informal discussions, group study, and leisure. The medical, transport, and support services are accessed as needed, with usage logs or records maintained wherever applicable.

Regular maintenance, feedback collection, and supervision ensure that all facilities remain functional, user-friendly, and responsive to the evolving needs of the campus community. These provisions collectively contribute to a holistic educational experience and foster a positive, vibrant campus environment.

CRITERION 4- INFRASTRUCTURE AND LEARNING RESOURCES

4.3.1 Library is automated using Integrated Library Management System (ILMS)

BAREILLY INTERNATIONAL UNIVERSITY
(Established Under Govt. of U.P. Act 26 of 2016)
Rohilkhand Medical College Campus, Pilibhit Bypass Road, Bareilly-243006 (U.P.) INDIA
Phone: 0581-2526011-12, Fax: 0581 - 2303345
Email: info@biu.edu.in Website : www.biu.edu.in

Library Automation Using Integrated Library Management System (ILMS)

The library of the respective school is fully equipped to support academic, research, and reference needs of students and faculty members. It plays a central role in facilitating access to knowledge resources and fostering an environment conducive to learning and inquiry.

Details of Library Automation and ILMS

The library is automated through the implementation of an Integrated Library Management System (ILMS). This system streamlines various library operations including acquisition, cataloging, circulation, serial control, and user management. The ILMS ensures efficient organization, easy tracking of resources, and quick access to information for both users and administrators.

Library services such as book issuance, return, and renewal are managed digitally. Users can search for books through the Online Public Access Catalogue (OPAC), which allows keyword-based searches, availability checks, and location details. The ILMS also supports barcode or RFID-based inventory and transaction processes, reducing manual work and improving accuracy.

Details of E-Resources

The library offers access to a wide range of e-resources to supplement physical collections. These include:

- **E-books and E-journals:** A curated collection of subject-specific e-books and journals available through various academic databases and online platforms.
- **Digital Repositories:** Access to previous years' question papers, theses, dissertations, and institutional publications.
- **Subscribed Databases:** Access to national and international databases that provide peer-reviewed content across disciplines.
- **Open Access Resources:** The library also guides users to reliable open-access journals, repositories, and digital libraries.
- **Remote Access Services:** Authenticated remote login is provided to allow users to access digital content beyond campus hours and locations.

Training sessions and orientations are regularly conducted to promote awareness and efficient utilization of these digital resources among students and faculty.

Invoicing and Documentation

All procurement related to ILMS software, hardware (such as barcode scanners, printers, or RFID systems), and subscription to e-resources is documented with appropriate invoices and purchase records. These are maintained in the library office and are available for verification. The invoices include details such as product/service description, license duration, renewal terms, and vendor information.

Regular audits and updates ensure transparency, compliance, and continued enhancement of library services in alignment with academic needs.

To,

The Chancellor
Bareilly International University
Bareilly

Sir,

We feel immensely pleasured for the opportunity given to us to present ourselves for the development of University ERP software (UERP).

Attached with are 1st Copy of some suggested key points for the software (UERP)

Any other requirements can be discussed amicably with will be incorporated into with our suggested points in the same cost.

Looking forward to serving your prestigious organization.

SIS (Student Information System)

Student information systems (SIS) store and track all student information, including grades, attendance records, and more. The software functions as a digital drop box for school-related information. SIS software has become a vital tool for both educational institutions as well as parents and students, who use it to gain access to student information, make payments, and communicate with school functionaries.

SIS are used by teachers, students, and parents to access all relevant information pertaining to a student's schooling. SIS software is leveraged for a few different functions; the main two being as a channel of communication and as a place to store student information.

SIS Benefits / Features:

There are a variety of benefits associated with our student information systems for parents and students as well as educational institutions and their staff. We provide channels for communication between school officials and students, act as a singular source of student-related information, streamline billing processes, and more. Some key features of our SIS are...

Information management — This is the primary feature of the our software; an SIS houses everything from medical records to addresses.

Reporting — This feature allows users to manipulate the information housed in the solution and generate reports.

Admissions management — This feature manages the entire admissions process in your SIS, from application to tours to acceptance and tuition payment.

Billing and payment — We provide student billing functionality through the application as well as allow them to pay their bills via the system.

Student information management — With our SIS, teachers and administrators can manage all student-related information, including medical history, emergency contacts, attendance, and grades.

Nuix Technologies Pvt. Ltd.

610, Tower A, Emaar Digital Greens, Golf Course Road, Sector - 61, Gurugram Haryana 122001 (INDIA) ☎ +91-124-460 4900 official@nuixtech.com www.nuixtech.com

CIN: U72200HR2021PTC098069

Student portal — Students use the portals to track their own performance, including attendance and grades. The portal also acts as an open channel of communication, which students can use to communicate with their teachers.

Parent portal — Our SIS includes parent portals, which parents can use to track their kids progress, attendance, and behaviour. Parents can also use the portal to maintain communication with the administration as well as with their children's teachers.

Registration and scheduling — Our SIS has course registration and scheduling features built in, so students can sign up for courses via the application.

Gradebooks— Teachers can keep a comprehensive gradebook for all their students and manage all grade-related activity.

Easy scheduling of examinations — Scheduling of examination dates can be easily handled by our SIS. It correlates all details such as availability of teachers and completion of book syllabus fixed for the term before announcing the examination dates. Details about records of all written examinations, appraisals on the papers, marks or grades offered, and educational headway made by the students can be recorded for easy retrieval.

LMS (Learning Management System)

Online Course Material : Learning management systems (LMSs) are platforms designed to help instructors manage educational coursework online. They provide educators with a single platform for making course material accessible online, including lesson content, assignments, and assessments. LMSs are used to help streamline the delivery of online learning for educational institutions, allowing for a more connected and accessible educational experience for students.

An LMS enables instructors to build digital courses that include various types of content, such as syllabi, lectures, multimedia files, and readings, as well as distribute assignments to students.

Online assessment functionality, such as quizzes and tests. Communication features enable instructors to communicate with students and parents via direct messages, mobile notifications, and discussion forums.

Some key features of LMS:

- Provide a platform for educators to deliver online course content to students.
- Distribute assignments to students and allow instructors to grade student work.
- Administer digital assessments to students.
- Facilitate individualized feedback on student work, such as through written comments or grading rubrics.
- Generate performance dashboards for tracking student progress.
- Contain gradebook functionality.
- Webinar Integration.

INFL/Shodhganga/MoU/2022/86

9th Dec, 2022

To

Dr. Lata Agrawal
Vice Chancellor
Bareilly International University
Bareilly, Uttar Pradesh 243006

Sub: MoU for Shodhganga-**regd.**

Dear Madam,

Greeting from INFLIBNET Centre. We would like to thank you for the initiative and signing the MoU to join the Shodhganga/Shodhgangotri project. Please refer to your letter no BIU/RES/525 dated 29th Nov, 2022 enclosing there with four copies of the MoU duly signed (on 22th Nov, 2022) for the Shodhganga/Shodhgangotri. We appreciate your effort for promoting **Shodhganga:** which is a Repository of about 4,00,033+ Indian Electronic Theses.

Enclosed please find two copies of the MoU duly signed by us for your record and retention. You are requested to kindly instruct your Ph.D scholars/Officials to start submitting their theses online to the Shodhganga repository and research scholars to submit synopses to Shodhgangotri as per the UGC Notification (Minimum Standards & Procedure for Award of M.Phil. / Ph.D Degree Regulation dated 1st June 2009/2016). If soft copies are available, you may kindly pass on to us in CD/DVD after following **latest UGC Regulations** (Promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions), 2018. For more details and help to upload, you may please visit http://shodhganga.inflibnet.ac.in/manual/

Kindly instruct **University Coordinator (UC)** to fill following details and send to us at the earliest

- No. of PhD awarded by University till date :
- No. of theses available in softcopy :
- No. of PhD Scholars in University :
- No. of PhD awarded in one year :
- No. of PhD Submission expected in next 5 years :

With regards,

Yours Sincerely,

9/12/22

INFLIBNET Centre

Memorandum of Understanding (MoU) for Shodhganga/Shodhgangotri

(A Repository of Theses and Dissertations submitted to the Universities in India)

This Memorandum of Understanding (MoU) is made and entered into on 22 (Day) 11 (Month) 2022 (Year) between the INFLIBNET Centre, an IUC of University Grants Commission located at Gandhinagar, hereinafter referred to as **"INFLIBNET" and Bareilly International University, Bareilly** (University / Deemed University / Inter-University Centre), here in after referred to as the **'University'**.

WHEREAS, INFLIBNET Centre, an Inter-university Centre of the University Grants Commission, as its mandate, promotes open access to scholarly content generated in universities. The Centre has computers, network, software infrastructure and technical know-how required for hosting electronic versions of theses and dissertations in open access with interface to search, retrieve and access these content.

WHEREAS Bareilly International University, Bareilly (University / Deemed University / Inter University Centre) has agreed to take part in the process of digitisation of old theses and dissertations (not available in computerized machine-readable format) and building-up of digital repository and to promote, share and host its ETD in 'Shodhganga: A reservoir of Indian theses submitted to the Universities in India' and other universities in open access. 'Shodhganga' is a name coined by INFLIBNET Centre for refering to the respository of Indian Electronic Theses and Dissertations. The word "Shodh" originates from Sanskrit and stands for research and discovery. The 'Ganga' is the holiest, longest and largest river in Indian subcontinent which has held heart of its people captive and drawn millions of people to its banks since the dawn of history. The Ganga is the symbol of India's age-long culture and civilization, ever changing, ever flowing, ever loved and revered by its people. "Shodhganga", a repository of theses and dissertations submitted to Indian universities, is expected to keep growing to a formidable size as more and more researchers from India submit their research works to this ever growing reservoir. Under the initiative called "ShodhGangotri", research scholars / research supervisors in universities are requested to deposit electronic version of approved synopsis submitted by research scholars to the universities for registering themselves for the Ph.D programme.

This Memorandum of Understanding (MoU) defines responsibilities, liabilities and commitments of the institutions involved to ensure proper system implementation, to meet the objectives pertaining to submission and access to Electronic Theses and Dissertations as envisaged by the UGC vide its Notification (Minimum Standards & Procedure for Award of M.Phil/Ph.D Degree), Regulation, 2009 dated 1st June, 2009 / amendment made on 5th May 2016.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, INFLIBNET and the University agree to the following terms and conditions:

I. **INFLIBNET Centre**

1. Provide access to ETD hosting server(s) at the INFLIBNET Centre 'Shodhganga'/'Shodhgangotri' to the University with accompanied software interface enabling University / its student to create metadata and upload their theses and dissertations in ETD repositories designed for this purpose. The INFLIBNET will take the responsibility of keeping the data intact and usable, keep back-up of the data so as to avoid its loss. The INFLIBNET will deploy

Geetanjali

Checked and Verified

tools and techniques of digital preservation to ensure continuing access to scholarly content in digital formats and to protect them from media failure, physical loss and obsolescence.

2. Recommend to the UGC to extend financial assistance to the Universities under Sections 12(B) and 2(f) of UGC Act for digitization of theses and dissertations not available in computerized machine-readable format and / or for procurement and installation of a suitable computer system / infrastructure for creation of ETDs.

3. Provide configuration of system, specifications and technical guidance to the University for procurement of computer hardware and related systems for setting-up of ETDs.

4. Provide guidelines, technical standards and specifications for digitization of Ph.D. theses submitted to the university in past and for theses not available in computerized machine-readable format.

5. Impart training to at least one person from the university (from library field and / or from computer field) in creation, updation and computerized operation of digital repositories of ETDs especially on 'Shodhganga'.

6. Extend access to an anti-plagiarism software or provide services to evaluate theses for possible plagiarism and submit a report to the concerned university.

7. The INFLIBNET may refuse to host any material deemed by the INFLIBNET to be controversial in nature or is in violation of copyright act.

8. This right of refusal will not relieve the University / Ph.D. scholar of liability, both to INFLIBNET and to the public, for matter contained in the theses that may be libelous or actionable and to both INFLIBNET and copyright owners for copyright infringement by the Ph.D. Scholar.

9. The INFLIBNET Centre will not be responsible for i) errors, omissions, inaccuracies and quality of content or misinformation or for any damages caused to the user or any third party from the use of content provided in the theses; ii) safety and archiving of loaded content in cases of "force majeure" including natural calamities; and iii) printed version of theses.

10. INFLIBNET Centre will recommend or provide access to plagiarism software which university may use to detect plagiarism before awarding the degree.

11. The INFLIBNET Centre replicates the content of theses and dissertations on different server and other auxiliary storage media. However, the INFLIBNET Centre does not take the responsibility for the archiving or backing-up of loaded content. The universities, therefore, should also keep a back-up of their theses and dissertations.

Checked and Verified

Geetanjali

12. INFLIBNET Centre also maintains a repository called "Shodhgangotri" for hosting the approved synopses of research topic submitted to the universities by the students for registering themselves under the doctoral programme. Research students/their supervisors are encouraged to submit approved synopses/research proposals and register their priority on a research proposal through the repository.

II. The University

1. The University would grant non-exclusive worldwide license to the INFLIBNET Centre for hosting and distributing their theses in digital format in 'Shodhganga'/ 'Shodhgangotri' or any other server designated for this purpose.

2. The University / its researcher scholars agree to host / upload a computerized machine-readable file in mutually agreed format of all theses on to the 'Shodhganga'/'Shodhgangotri' server at the INFLIBNET.

3. The University will not hold INFLIBNET Centre responsible for any errors and omissions contained in the original theses.

4. The University commits to digitize theses and dissertations and their bibliographic records submitted to the university and provide necessary infrastructure including manpower support for operation of ETDs.

5. Commits to utilize the assistance provided by the UGC on recommendation of the INFLIBNET for implementation of ETDs including their digitization.

6. Deputes at least one person from the university (from library field or from computer field) for undergoing training on implementation of ETD organized by the INFLIBNET and ensure that the person trained by INFLIBNET on ETD is / are deployed for the same job.

7. Arranges to provide training to research scholars or users of its library and staff of colleges affiliated to University in creation of electronic version of theses and their deposition in the ETDs.

8. Ensures use of standard software and metadata schema suggested / provided by the INFLIBNET for setting-up / development / operation of its ETDs.

9. Creates bibliographic records of all theses and dissertations submitted to the university in standard bibliographic formats prescribed by the INFLIBNET Centre from time-to-time and contributes these records for inclusion in the INFLIBNET's Union Catalogue (IndCat).

10. Commits to sharing of library ETD resources / databases with the INFLIBNET Centre as well as with other universities.

Checked and Verified

Geetanjali

11. The University would agree to host their ETDs in the digital repositories 'Shodhganga or other servers' set-up at the INFLIBNET Centre, and grant non-exclusive licence to the Centre to make electronic version of theses in full-text (theses that are born digital as well as those that are digitized using scanners / digital cameras) accessible through open access ETD.

12. The University shall not use electronic version of theses digitized using funds given by the UGC for any commercial purposes. The University shall not rent, sell or license the use of or deliver or release or otherwise part with the possession of the systems / software or the INFLIBNET ETDs databases, Shodhganga or any part thereof to any other party (individual, institution, organization, etc.)

13. The University will also commit their own funds or grants for fulfillment of the project, if the project on implementation of ETDs demands more resources and funds to complete it.

14. The University will use the plagiarism software recommended by the INFLIBNET and made accessible to test the thesis submitted by the student for plagiarism before awarding the Degree. If the university is not subscribing to such software, it will use the software from the nearest Regional Centre, if any.

15. University would encourage and ensure that Research Scholars / Research Supervisors deposit host their approved Research Proposals / approved synopses on the "Shodhgangotri" once Ph.D. is registered.

III. Termination

Both, the Parties, will have rights to terminate the MoU at any time in case of breach of obligations and terms and conditions of the MoU. This MoU signed hereunder may be terminated by either party at anytime upon ninety (90) days prior written notice. Upon termination of this Agreement, the INFLIBNET / University will stop hosting their theses immediately while keeping the theses already deposited by the University in its archives for its users. The University shall stop using the INFLIBNET's ETD facilities and databases and return any software / hardware or digitized content provided by or through the INFLIBNET, back to INFLIBNET within the 3 months notice period.

IN WITNESS WHEREOFF, the parties hereto executed this MoU on this date above mentioned.

शोधगंगा / शोधगंगोत्री हेतु सहमति ज्ञापन (एमओयू)

(भारत में स्थित विश्वविद्यालयों को प्रस्तुत किए जाने वाले शोध निबंध और प्रबंध का संग्रह)

यह सहमति ज्ञापन (एमओयू) इनफ्लिबनेट केंद्र (गॉधीनगर स्थित विश्वविद्यालय अनुदान आयोग का एक अंतर विश्वविद्यालय केंद्र) जिसे इसमें इसके बाद **इनफ्लिबनेट और बरेली इन्टरनेश्नल यूनिवर्सिटी, बरेली** (विश्वविद्यालय/मानद विश्वविद्यालय/ अंतर विश्वविद्यालय केंद्र) जिसे इसमें इसके बाद विश्वविद्यालयों के रूप में संदर्भकित किया जाएगा, जिसके मध्य 22 (दिन) 11 (महीना) 2022 (वर्ष) को सहमति–निर्मित और निष्पादित किया गया।

जबकि, इनफ्लिबनेट केंद्र, विश्वविद्यालय अनुदान आयोग का एक अंतर विश्वविद्यालय केंद्र है, जैसा कि अधिदेशित है, यह विश्वविद्यालयों में सृजित विद्वत्तापूर्ण सामग्री की खुली पहुँच को बढ़ावा देता है। केन्द्र के पास शोध निबंधों और शोध प्रबंधों की खोज, पुनर्प्राप्ति और उपयोग की अबाध पहुंच सुनिश्चित करने वाले अंतरापृष्ठ के साथ इन निबंधों और शोध प्रबंधों के इलेक्ट्रानिक संस्करण को होस्ट करने के लिए आवश्यक कम्प्यूटर (संगणक), सॉफ्टवेयर संरचना और तकनीकी जानकारी है।

जहॉ कि **बरेली इन्टरनेश्नल यूनिवर्सिटी, बरेली** (विश्वविद्यालय/मानट विश्वविद्यालय/अंतर – विश्वविद्यालय केंद्र) ने पुराने शोध निबंधों और शोध प्रबंधों के डिजिटलीकरण (जो कम्प्यूटर मशीन के पठनीय प्रारूप में उपलब्ध नहीं है।) तथा डिजिटलसंग्रह (रिपोजिटरी) तैयार करने एवं शोधगंगाः जो कि भारत में स्थित विश्वविद्यालयें तााि अन्य विश्वविद्यालयों में प्रस्तुत भारतीय शोध प्रबंधों तक अबाध पहुंच प्रदान करने वाला संग्रह है, मैं अपने ई.टी.डी. को होस्ट करने, बढ़ावा देने तथा सॉझा करने की प्रक्रिया में हिस्सा लेने के लिए सहमति व्यक्त की है। भारत के ऐसे शोध निबंध और शोध प्रबंध जो इलेक्ट्रॉनिक स्वरूप में हैं उनकी रिपोजिटरी को संदर्भित करने हेतु शोधगंगा का नामकरण, इनफ्लिबनेट केंद्र द्वारा किया गया है, शोध शब्द की व्युत्पत्ति शुद्ध घातु से बनी है एवं उत्पत्ति संस्कृत से हुई है, जिसका अर्थ अनुसंधान, खोज, गवेषणा, परिवेक्षण, डिस्कवरी, रिसर्च, अन्वेक्षण आदि अर्थ है। गंगा भारतीय उपमहाद्वीप का पवित्र एवं सबसे लंबी नदी है, जिसके प्रति लोगों की अटूट श्रद्धा है, गंगा नदी ने प्रारंभ से ही अपनी मनमोहक छवि से लाखों लोगों को अपनी तरफ लुभावित कर आकर्षित किया है, गंगा नदी भारत की अत्यंत प्राचीन संस्कृति और सभ्यता, परिवर्तनशीलता, अनवरत प्रवाह,

Geetanjali

Checked and Verified

सतत प्रेम और श्रद्धा का प्रतीक है। भारतीय विश्वविद्यालयों में प्रस्तुत शोधपक्षों के एक संग्रह के रूप में "शोधगंगा" का स्थान अत्यंत विस्तृत व महत्वपूर्ण हैं। भारत के अधिक से अधिक शोधकर्ता इस संग्रह में अपना महत्वपूर्ण शोध कार्य जमा करते हैं। विश्वविद्यालयों के अनुसंधानविद/ अनुसंधान पर्यवेक्षकों से अनुसंधान है कि वे अनुसंधानकर्ताओं द्वारा प्रस्तुत अनुमोदित सिनोप्सिस का इलेक्ट्रॉनिक संस्करण जो कि उन्हों ने पीएचडी कार्यक्रम हेतु पंजीकृत किया है शोधगंगोत्री में जमा करें।

यह सहमति ज्ञापन, (एमओयू) विश्वविद्यालय अनुदान आयोग द्वारा जारी अधिसूचना (एमफिल/पीएचडी) डिग्री प्रदान करने हेतु न्यूनतम मानदंड और प्रक्रिया विनियम 2009 दिनांक 1 जून, 2009/5मई, 2016 को किया गया संशोधन, में निहित शर्तों के अधीन, संस्थान के उत्तरदायित्वों, देयताओं तथा वचनबद्धताओं को परिभाषित करता है, जिसके अंतर्गत उचित व्यवस्था के कार्यन्वयन को सुनिश्चित करना, इसमें संस्थानों की प्रतिबद्धता तथा इलेक्ट्रॉनिक शोध एवं शोध प्रबंध को प्रस्तुत करने और उपयाग करने से संबंधित उददेश्य को पूरा करना शामिल है।

इस परिप्रेक्ष्य में अब इनफ्लिबनेट और विश्वविद्यालय/संस्थान निम्नलिखित शर्तों के अनुसार आपस में यह सहमती करते हैं।

I. इनफ्लिबनेट केंद्र

1. इनफ्लिबनेट केंद्र विश्वविद्यालय को सॉफ्टवेयर अंतरापृष्ठ सक्रिय करने तथा विद्यार्थियों द्वारा मेटाडेटा सृजित करने व शोध निबंध व शोध प्रबंध अपलोड करने के उददेश्य को पूरा करने हेतु शोधगंगा/शोधगंगोत्री में ई.टी.डी. होस्टिंग सर्वर की सुगमता प्रदान करेगा। इनफ्लिबनेट डेटा को अक्षुण्ण और उपयोगी बनाए रखने की जिम्मेदारी लेगा तथा इसके नुकसान से बचने के लिए डेटा का बैकअप रखेगा। इनफ्लिबनेट डिजिटल संरक्षण संबंधी उपकरण व तकनीक का संस्थापन करेगा ताकि डिजिटल फॉर्मैट में विद्वत्तापूर्ण सामग्री की अनवरत सुगमता में सुनिश्चित हो सके तथा माध्यम की विफलता के साथ–साथ, भोतिक हानि व अप्रचलन से भी इनकी संरक्षा करेगा।
2. यूजीसी अधिनियम की धारा 12(B) और 2(f) के तहत् विश्वविद्यालयों को वित्तीय सहायता का विस्तार करने के लिए यूजीसी को सिफारीश करेगा ताकि कम्प्यूटरीकृत मशीन पर पठनीय प्रारूप में अनुपलब्ध शोध प्रबंध और शोध निबंध का डिजीटलीकरण किया जा सके और / या ई.टी.डी. के निर्माण के लिए उपयुक्त कम्प्यूटर प्रणाली/ आधारभूत संरचना की अधिप्राप्ति और संस्थापन किया जा सके।

Checked and Verified

Geetanjali

3. ई.टी.डी. की स्थापना हेतु कम्प्यूटर हार्डवेयर और संबंधीत प्रणालियों की खरीद के लिए सिस्टम विनिर्देशों और तकनीकी मार्गदर्शन प्रदान करेगा।

4. पूर्व में विश्वविद्यालय को प्रस्तुत पीएचडी शोध तथा साथ ही साथ कम्प्यूटरीकृत मशीन पठनीय फॉर्मेट में जो शोध उपलब्ध न हो उनके डिजिटलीकरण के लिए दिशा–निर्देश, तकनीकी मानदंड और विनिर्देश तय करना।

5. मुख्यताः शोधगंगा पर ई.टी.डी. के डिजिटल संग्रह के सृजन, अद्यतनव कम्प्यूटरीकृत प्रचालन के संबंध में विश्वविद्यालय (पुस्तकालय के क्षेत्र तथा/अथवा कम्प्यूटर के क्षेत्र) से संबंधीत कम से कम एक व्यक्ति को प्रशिक्षण प्रदान करना।

6. संभवित साहित्यिक चोरी हेतु शोध का मूल्यांकन करने के लिए एक साहित्यिक चोरी विरोधी सॉफ्टवेयर की सेवाएं प्रदान करना।

7. विवादास्पद स्वरूप की किसी भी सामग्री को होस्ट करने अथवा प्रतिलिप्याधिकार के उल्लंघन से संबंधित किसी भी सामग्री को होस्ट करने से इनकार कर सकता है।

8. इनफ्लिबनेट की अस्वीकृति के इस अधिकार के बावजूद विश्वविद्यालय/शोध अध्येता इनफ्लिबनेट और जनता दोनों के प्रति उनके शोध–प्रबंध की सामग्री के मानहानिकारक होने या वाद–योग्य होने या फिर शोध–अधेय्ता द्वारा इनफ्लिबनेट और प्रतिलिप्याधिकार स्वामी दोनों के प्रति प्रतिलिप्याधिकार अतिलंघन दायित्वों से मुक्त नहीं होते।

9. इनफ्लिबनेट केंद्र उत्तरदायी नहीं होगा। (i) त्रुटियों, चूक, गलतियॉं और सामग्री की गुणवत्ता या गलत जानकारी से उपयोगकर्ता या किसी तीसरे पक्ष को होनेवाले किसी भी नुकसान के लिए (ii) प्राकृतिक आपदाओं सहित किसी अप्रत्याशित घटना के संदर्भ में अपलोड की गई सामग्री की सुरक्षा और पुनःलेखन के लिए; और (iii) शोध प्रबंध के मुद्रित संस्करण के लिए।

10. विश्वविद्यालयों द्वारा डिग्री प्रदान करने से पूर्व साहित्यिक चोरी का पता लगाने के लिए उपयोग करने हेतु इनफ्लिबनेट केंद्र साहित्यिक चोरी के सॉफ्टवेयर की सिफारिश करेगा या उपलब्ध कराएगा।

11. इनफ्लिबनेट केंद्र शोध निबंधों और शोध प्रबंधों की सामग्री की प्रतिकृति विभिन्न सर्वर और अन्य सहायक संग्रहण मीडिया पर रखता है। हालांकि, इनफ्लिबनेट केन्द्र, लोडेड सामग्री के पुनःलेखन या पूर्तिकर व्यवस्था बनाने की जिम्मेदारी नहीं लेता है। इसलिए, विश्वविद्यसलयों को भी अपने शोध निबंधों व शोध प्रबंधों की पूर्तिकर व्यवस्था रखनी चाहिए।

Checked and Verified

Gurtanjali

12. डॉक्टोरल कार्यक्रम के अंतर्गत विद्यार्थियों के पंजीकरण हेतु उनके द्वारा विश्वविद्यालयों को प्रस्तुत शोध प्रसंग की अनुमोदित सार संक्षेप को होस्ट करने हेतु इनफिलबनेट केंद्र एक संग्रह का भी अनुरक्षण करता है, जिसे 'शोधगंगोत्री' कहते हैं। शोध छात्रों/उनके पर्यवेक्षकों को अनुमोदित सार संक्षेप (सिनॉप्सिस)/शोध प्रस्ताव को प्रस्तुत करने तथा संग्रह के माध्यम से उनके शोध प्रस्ताव की प्राथमिकता को दर्ज करने के लिए प्रोत्साहित किया जाता है।

II. विश्वविद्यालय

1. विश्वविद्यालय, इस कार्य हेतु शोधगंगा/शोधगंगोत्री अथवा किसी अन्य सर्वर में शोध को डिजिटल फॉर्मेट में होस्ट करने व वितरित करने हेतु इनफिलबनेट को विश्वव्यापी अनेकांकित अनुज्ञापित प्रदान करेगा।
2. विश्वविद्यालय, उनके शोधकर्ता विद्वान सभी शोध निबंधों को पारस्परित सहमति आधारित मशीन–पठनीय फाइल में शोधगंगा/शोधगंगांत्री सर्वर पर अपलोड करने की सहमति देंगें।
3. विश्वविद्यालय, मूल शोध में निहित चूक व त्रुटि के लिए इनफिलबनेट केंद्र को जिम्मेदार नहीं ठहराएगा।
4. विश्वविद्यालय, प्रस्तुत शोध निबंधों व शोध प्रबंध तथा ग्रंथ सूची रिकॉर्ड को डिजिटलीकृत करने के लिए वचनबद्ध होगा तथा साथ ही यह ई.टी.डी. के संचालन के लिए जनशक्ति सहित बुनियादी ढॉचा प्रदान करेगा।
5. विश्वविद्यालय, डिजिटलीकरण सहित ई.टी.डी. के कार्यान्वयन हेतु इनफिलबनेट की सिफारिश पर विश्वविद्यायल अनुदान आयोग द्वारा प्रदत्त सहायता का उपयोग करने के लिए प्रतिबद्ध है।
6. इनफिलबनेट द्वारा आयोजित ई.टी.डी. के कार्यान्वयन पर प्रशिक्षण लेने के लिए विश्वविद्यालय (पुस्तकायल क्षेत्र या कम्प्यूटर क्षेत्र से) के कम से कम एक व्यक्ति को प्रतिनियुक्त करेगा और सुनिश्चित करेगा कि इनफिलबनेट द्वारा ई.टी.डी. हेतु प्रशिक्षित व्यक्ति उसी कार्य हेतु अभिनियोजित है।
7. यह शोध निबंधों के इलेक्ट्रॉनिक संस्करण के सृजन व ई.टी.डी. में उनके अभिसाक्ष्य के संबंध में विश्वविद्यालय से संबंध कॉलेजों के कर्मियों व अनुसंधानकर्ताओं अथवा पुस्तकालय के प्रयोक्ताओं को प्रशिक्षण प्रदान करने की व्यवस्था करेगा।
8. अपने ई.टी.डी. में संस्थापन/विकास/प्रचालन हेतु इनफिलबनेट द्वारा सुझाए गए मानक सॉफ्टवेयर और मेटाडेटा स्कीमों का उपयोग सुनिश्चित करेगा।

Checked and Verified

Geetanjali

9. विश्वविद्यालय समय–समय पर सभी शोध निबंधों और शोध प्रबंधों के ग्रंथ सूची संबंधी अभिलेख बनायेगा और इन अभिलेखों को इनफ्लिबनेट यूनियन कैटलॉग (Indcat) में शामिल करने के लिए योगदान देगा।

10. विश्वविद्यालय ई.टी.डी. संसाधन/डेटाबेस को इनफ्लिबनेट केंद्र व अन्य विश्वविद्यालयों के साथ सांझा करने के लिए वचनबद्ध होगा।

11. विश्वविद्यालय अपने ई.टी.डी. को इनफ्लिबनेट सेन्टर में स्थापित 'शोधगंगाया अन्य सर्वर' पर डिजिटल संग्रह में होस्ट करने के लिए समहत होगा और केंद्र को संपूर्ण शोध निबंध का इलेक्ट्रॉनिक संस्करण बनाने (वे शोधपत्र जो डिजिटल हों और साथ ही वे जो स्कैनर्स या डिजिटल कैमरों का उपयोग करके डिजिटल किये हैं) के लिए अबाधित पहुँच ई.टी.डी. के माध्यम से अनेकांकित अनुज्ञापित प्रदान करेगा।

12. विश्वविद्यालय यूजीसी द्वारा दी गयी धनराशि के उपयोग से तैयार किए गए शोधप्रबंधों के डिजिटल संस्करण का प्रयोग से किसी भी वाणिज्यिक उददेश्यों के लिए नहीं करेगा। विश्वविद्यालय किसी भी अन्य पक्ष (व्यक्ति, संस्थ, संगठन आदि) को इनफ्लिबनेट के सिस्टम/सॉफ्टवेयर या ई.टी.डी. शोधगंगा या इसके किसी भी हिस्से को किराये पर, विक्रय या इसके प्रयोग हेतु अनुज्ञापित या वितरित या जारी या इसके किसी हिस्से पर किसी और के साथ अधिकार सांझा नहीं करेगा।

13. यदि ई.टी.डी. के कार्यान्वयन संबंधी परियोजना को पूरा करने के लिए और अधिक संशाधनों अथवा निधि की आवश्यकता होगी, तो इस स्थिति में विश्वविद्यालय इस परियोजना को पूरा करने के लिए अपने स्वंय की निधि अथवा अनुदान का उपयोग करने हेतु वचनबद्ध होगा।

14. विश्वविद्यालय, इनफ्लिबनेट द्वारा अनुशासित साहित्यिक चोरी पता करने के सॉफ्टवेयर का उपयोग करेगा और शोध उपाधि प्रदान किए जाने से पूर्व साहित्यिक चोरी के लिए छात्र द्वारा प्रस्तुत किए गए शोध प्रबंध का परीक्षण करने के लिए इसे उपदब्ध करायेगा। अगर विश्वविद्यालय इस सॉफ्टवेयर की सदस्यता नहीं ले रहा है तो वह किसी भी अन्य नजदीकी क्षेत्र केन्द्र पर उपलब्ध सॉफ्टवेयर का उपयोग करेगा।

15. विश्वविद्यालय शोध अध्येताओं/शोध पर्यवेक्षकों को एक बार पीएचडी पंजीकृत हो जाने के उपरांत शोधगंगोत्री पर अपने अनुमोदित अनुसंधान प्रस्तावों/अनुमोदित शोध सार संक्षेपों को होस्ट करने के लिए प्रोत्साहित करेगा।

समापन

इस सहमति ज्ञापन के दायित्वों व शर्तों के उल्लंघन के मामले में किसी भी समय दोनों पक्षों द्वारा इस सहमति ज्ञापन को रदद् करने का अधिकार होगा एवं हस्ताक्षरित सहमति ज्ञापन को दोनों पक्षों द्वारा किसी भी समय 90 दिन की लिखित सूचना पर रदद् किया जा सकता है। इस सहमति की समाप्ति के उपरांत इनफ्लिबनेट/विश्वविद्यालय तत्काल प्रभाव से अपने शोध प्रबंधों को होस्ट करना रोक देंगे हालांकि पहले से ही जमा किए गए शोध–प्रबंधों को विश्वविद्यालय अपने अभिलेखागार में अपने उपयोगकर्ताओं के उपयोग के लिए सुरक्षित रखेगा। विश्वविद्यालय को इनफ्लिबनेट द्वारा प्रदान की जा रही ई.टी.डी. सुविधा और डेटाबेसों का उपयोग बंद करना होगा। नोटिस अवधि के तीन महीनों के अंदर इनफ्लिबनेट के किसी भी सॉफ्टवेयर/हार्डवेयर या उसके माध्यम से डिजिटलीकृत की गई सामग्री को इनफ्लिबनेट को पुनः वापस करना होगा।

जिसके साक्षी रूप में, पक्षों ने उल्लेखित दिनांक को इस सहमति ज्ञापन को निष्पादित किया।

INFL/Shodhganga/MoU/2022/86

9th Dec, 2022

To

Dr. Lata Agrawal
Vice Chancellor
Bareilly International University
Bareilly, Uttar Pradesh 243006

Sub: MoU for Shodhganga-**regd.**

Dear Madam,

Greeting from INFLIBNET Centre. We would like to thank you for the initiative and signing the MoU to join the Shodhganga/Shodhgangotri project. Please refer to your letter no BIU/RES/525 dated 29th Nov, 2022 enclosing there with four copies of the MoU duly signed (on 22th Nov, 2022) for the Shodhganga/Shodhgangotri. We appreciate your effort for promoting **Shodhganga:** which is a Repository of about 4,00,033+ Indian Electronic Theses.

Enclosed please find two copies of the MoU duly signed by us for your record and retention. You are requested to kindly instruct your Ph.D scholars/Officials to start submitting their theses online to the Shodhganga repository and research scholars to submit synopses to Shodhgangotri as per the UGC Notification (Minimum Standards & Procedure for Award of M.Phil. / Ph.D Degree, Regulation dated 1st June 2009/2016). If soft copies are available, you may kindly pass on to us in CD/DVD after following **latest UGC Regulations** (Promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions), 2018. For more details and help to upload, you may please visit http://shodhganga.inflibnet.ac.in/manual/

Kindly instruct **University Coordinator (UC)** to fill following details and send to us at the earliest

- No. of PhD awarded by University till date :
- No. of theses available in softcopy :
- No. of PhD Scholars in University :
- No. of PhD awarded in one year :
- No. of PhD Submission expected in next 5 years :

With regards,

Yours Sincerely,

9/12/22

INFLIBNET Centre

Memorandum of Understanding (MoU) for Shodhganga/Shodhgangotri

(A Repository of Theses and Dissertations submitted to the Universities in India)

This Memorandum of Understanding (MoU) is made and entered into on 22 (Day) 11 (Month) 2022 (Year) between the INFLIBNET Centre, an IUC of University Grants Commission located at Gandhinagar, hereinafter referred to as **"INFLIBNET" and Bareilly International University, Bareilly** (University / Deemed University / Inter-University Centre), here in after referred to as the **'University'**.

WHEREAS, INFLIBNET Centre, an inter-university Centre of the University Grants Commission, as its mandate, promotes open access to scholarly content generated in universities. The Centre has computers, network, software infrastructure and technical know-how required for hosting electronic versions of theses and dissertations in open access with interface to search, retrieve and access these content.

WHEREAS Bareilly International University, Bareilly (University / Deemed University / Inter University Centre) has agreed to take part in the process of digitisation of old theses and dissertations (not available in computerized machine-readable format) and building-up of digital repository and to promote, share and host its ETD in 'Shodhganga: A reservoir of Indian theses submitted to the Universities in India' and other universities in open access. 'Shodhganga' is a name coined by INFLIBNET Centre for refering to the respository of Indian Electronic Theses and Dissertations. The word "Shodh" originates from Sanskrit and stands for research and discovery. The 'Ganga' is the hollest, longest and largest river in Indian subcontinent which has held heart of its people captive and drawn millions of people to its banks since the dawn of history. The Ganga is the symbol of India's age-long culture and civilization, ever changing, ever flowing, ever loved and revered by its people. "Shodhganga", a repository of theses and dissertations submitted to Indian universities, is expected to keep growing to a formidable size as more and more researchers from India submit their research works to this ever growing reservoir. Under the initiative called "ShodhGangotri", research scholars / research supervisors in universities are requested to deposit electronic version of approved synopsis submitted by research scholars to the universities for registering themselves for the Ph.D programme.

This Memorandum of Understanding (MoU) defines responsibilities, liabilities and commitments of the institutions involved to ensure proper system implementation, to meet the objectives pertaining to submission and access to Electronic Theses and Dissertations as envisaged by the UGC vide its Notification (Minimum Standards & Procedure for Award of M.Phil/Ph.D Degree), Regulation, 2009 dated 1st June, 2009 / amendment made on 5th May 2016.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, INFLIBNET and the University agree to the following terms and conditions:

I. **INFLIBNET Centre**

1. Provide access to ETD hosting server(s) at the INFLIBNET Centre 'Shodhganga'/'Shodhgangotri' to the University with accompanied software interface enabling University / its student to create metadata and upload their theses and dissertations in ETD repositories designed for this purpose. The INFLIBNET will take the responsibility of keeping the data intact and usable, keep back-up of the data so as to avoid its loss. The INFLIBNET will deploy

Geetanjali

Checked and Verified

tools and techniques of digital preservation to ensure continuing access to scholarly content in digital formats and to protect them from media failure, physical loss and obsolescence.

2. Recommend to the UGC to extend financial assistance to the Universities under Sections 12(B) and 2(f) of UGC Act for digitization of theses and dissertations not available in computerized machine-readable format and / or for procurement and installation of a suitable computer system / infrastructure for creation of ETDs.

3. Provide configuration of system, specifications and technical guidance to the University for procurement of computer hardware and related systems for setting-up of ETDs.

4. Provide guidelines, technical standards and specifications for digitization of Ph.D. theses submitted to the university in past and for theses not available in computerized machine-readable format.

5. Impart training to at least one person from the university (from library field and / or from computer field) in creation, updation and computerized operation of digital repositories of ETDs especially on 'Shodhganga'.

6. Extend access to an anti-plagiarism software or provide services to evaluate theses for possible plagiarism and submit a report to the concerned university.

7. The INFLIBNET may refuse to host any material deemed by the INFLIBNET to be controversial in nature or is in violation of copyright act.

8. This right of refusal will not relieve the University / Ph.D. scholar of liability, both to INFLIBNET and to the public, for matter contained in the theses that may be libelous or actionable and to both INFLIBNET and copyright owners for copyright infringement by the Ph.D. Scholar.

9. The INFLIBNET Centre will not be responsible for i) errors, omissions, inaccuracies and quality of content or misinformation or for any damages caused to the user or any third party from the use of content provided in the theses; ii) safety and archiving of loaded content in cases of "force majeure" including natural calamities; and iii) printed version of theses.

10. INFLIBNET Centre will recommend or provide access to plagiarism software which university may use to detect plagiarism before awarding the degree.

11. The INFLIBNET Centre replicates the content of theses and dissertations on different server and other auxiliary storage media. However, the INFLIBNET Centre does not take the responsibility for the archiving or backing-up of loaded content. The universities, therefore, should also keep a back-up of their theses and dissertations.

Checked and Verified

Geetanjali

12. INFLIBNET Centre also maintains a repository called "Shodhgangotri" for hosting the approved synopses of research topic submitted to the universities by the students for registering themselves under the doctoral programme. Research students/their supervisors are encouraged to submit approved synopses/research proposals and register their priority on a research proposal through the repository.

II. The University

1. The University would grant non-exclusive worldwide license to the INFLIBNET Centre for hosting and distributing their theses in digital format in 'Shodhganga'/ 'Shodhgangotri' or any other server designated for this purpose.

2. The University / its researcher scholars agree to host / upload a computerized machine-readable file in mutually agreed format of all theses on to the 'Shodhganga'/'Shodhgangotri' server at the INFLIBNET.

3. The University will not hold INFLIBNET Centre responsible for any errors and omissions contained in the original theses.

4. The University commits to digitize theses and dissertations and their bibliographic records submitted to the university and provide necessary infrastructure including manpower support for operation of ETDs.

5. Commits to utilize the assistance provided by the UGC on recommendation of the INFLIBNET for implementation of ETDs including their digitization.

6. Deputes at least one person from the university (from library field or from computer field) for undergoing training on implementation of ETD organized by the INFLIBNET and ensure that the person trained by INFLIBNET on ETD is / are deployed for the same job.

7. Arranges to provide training to research scholars or users of its library and staff of colleges affiliated to University in creation of electronic version of theses and their deposition in the ETDs.

8. Ensures use of standard software and metadata schema suggested / provided by the INFLIBNET for setting-up / development / operation of its ETDs.

9. Creates bibliographic records of all theses and dissertations submitted to the university in standard bibliographic formats prescribed by the INFLIBNET Centre from time-to-time and contributes these records for inclusion in the INFLIBNET's Union Catalogue (IndCat).

10. Commits to sharing of library ETD resources / databases with the INFLIBNET Centre as well as with other universities.

Geetanjali

Checked and Verified

11. The University would agree to host their ETDs in the digital repositories 'Shodhganga or other servers' set-up at the INFLIBNET Centre, and grant non-exclusive licence to the Centre to make electronic version of theses in full-text (theses that are born digital as well as those that are digitized using scanners / digital cameras) accessible through open access ETD.

12. The University shall not use electronic version of theses digitized using funds given by the UGC for any commercial purposes. The University shall not rent, sell or license the use of or deliver or release or otherwise part with the possession of the systems / software or the INFLIBNET ETDs databases, Shodhganga or any part thereof to any other party (individual, institution, organization, etc.)

13. The University will also commit their own funds or grants for fulfillment of the project, if the project on implementation of ETDs demands more resources and funds to complete it.

14. The University will use the plagiarism software recommended by the INFLIBNET and made accessible to test the thesis submitted by the student for plagiarism before awarding the Degree. If the university is not subscribing to such software, it will use the software from the nearest Regional Centre, if any.

15. University would encourage and ensure that Research Scholars / Research Supervisors deposit host their approved Research Proposals / approved synopses on the "Shodhgangotri" once Ph.D. is registered.

III. Termination

Both, the Parties, will have rights to terminate the MoU at any time in case of breach of obligations and terms and conditions of the MoU. This MoU signed hereunder may be terminated by either party at anytime upon ninety (90) days prior written notice. Upon termination of this Agreement, the INFLIBNET / University will stop hosting their theses immediately while keeping the theses already deposited by the University in its archives for its users. The University shall stop using the INFLIBNET's ETD facilities and databases and return any software / hardware or digitized content provided by or through the INFLIBNET, back to INFLIBNET within the 3 months notice period.

IN WITNESS WHEREOFF, the parties hereto executed this MoU on this date above mentioned.

इनफ्लिबनेट केंद्र

शोधगंगा / शोधगंगोत्री हेतु सहमति ज्ञापन (एमओयू)

(भारत में स्थित विश्वविद्यालयों को प्रस्तुत किए जाने वाले शोध निबंध और प्रबंध का संग्रह)

यह सहमति ज्ञापन (एमओयू) इनफ्लिबनेट केंद्र (गाँधीनगर स्थित विश्वविद्यालय अनुदान आयोग का एक अंतर विश्वविद्यालय केंद्र) जिसे इसमें इसके बाद **इनफ्लिबनेट और बरेली इन्टरनेश्नल यूनिवर्सिटी, बरेली** (विश्वविद्यालय/मानद विश्वविद्यालय/ अंतर विश्वविद्यालय केंद्र) जिसे इसमें इसके बाद विश्वविद्यालयों के रूप में संदर्भकित किया जाएगा, जिसके मध्य 22 (दिन) 11 (महीना) 2022 (वर्ष) को सहमति–निर्मित और निष्पादित किया गया।

जबकि, इनफ्लिबनेट केंद्र, विश्वविद्यालय अनुदान आयोग का एक अंतर विश्वविद्यालय केंद्र है, जैसा कि अधिदेशित है, यह विश्वविद्यालयों में सृजित विद्वत्तापूर्ण सामग्री की खुली पहुँच को बढ़ावा देता है। केन्द्र के पास शोध निबंधों और शोध प्रबंधों की खोज, पुनर्प्राप्ति और उपयोग की अबाध पहुंच सुनिश्चित करने वाले अंतरापृष्ठ के साथ इन निबंधों और शोध प्रबंधों के इलेक्ट्रानिक संस्करण को होस्ट करने के लिए आवश्यक कम्प्यूटर (संगणक), सॉफ्टवेयर संरचना और तकनीकी जानकारी है।

जहाँ कि **बरेली इन्टरनेश्नल यूनिवर्सिटी, बरेली** (विश्वविद्यालय/मानट विश्वविद्यालय/अंतर – विश्वविद्यालय केंद्र) ने पुराने शोध निबंधों और शोध प्रबंधों के डिजिटलीकरण (जो कम्प्यूटर मशीन के पठनीय प्रारूप में उपलब्ध नहीं है।) तथा डिजिटलसंग्रह (रिपोजिटरी) तैयार करने एवं शोधगंगाः जो कि भारत में स्थित विश्वविद्यालयें तथा अन्य विश्वविद्यालयों में प्रस्तुत भारतीय शोध प्रबंधों तक अबाध पहुंच प्रदान करने वाला संग्रह है, मैं अपने ई.टी.डी. को होस्ट करने, बढ़ावा देने तथा साँझा करने की प्रक्रिया में हिस्सा लेने के लिए सहमति व्यक्त की है। भारत के ऐसे शोध निबंध और शोध प्रबंध जो इलेक्ट्रॉनिक स्वरूप में हैं उनकी रिपोजिटरी को संदर्भित करने हेतु शोधगंगा का नामकरण, इनफ्लिबनेट केंद्र द्वारा किया गया है, शोध शब्द की व्युत्पत्ति शुद्ध धातु से बनी है एवं उत्पत्ति संस्कृत से हुई है, जिसका अर्थ अनुसंधान, खोज, गवेषणा, परिवेक्षण, डिस्कवरी, रिसर्च, अन्वेक्षण आदि अर्थ है। गंगा भारतीय उपमहाद्वीप का पवित्र एवं सबसे लंबी नदी है, जिसके प्रति लोगों की अटूट श्रद्धा है, गंगा नदी ने प्रारंभ से ही अपनी मनमोहक छवि से लाखों लोगों को अपनी तरफ लुभावित कर आकर्षित किया है, गंगा नदी भारत की अत्यंत प्राचीन संस्कृति और सभ्यता, परिवर्तनशीलता, अनवरत प्रवाह,

Geetanjali

Checked and Verified

सतत प्रेम और श्रद्धा का प्रतीक है। भारतीय विश्वविद्यालयों में प्रस्तुत शोधपक्षों के एक संग्रह के रूप में "शोधगंगा" का स्थान अत्यंत विस्तृत व महत्वपूर्ण हैं। भारत के अधिक से अधिक शोधकर्ता इस संग्रह में अपना महत्वपूर्ण शोध कार्य जमा करते हैं। विश्वविद्यालयों के अनुसंधानविद / अनुसंधान पर्यवेक्षकों से अनुसंधान है कि वे अनुसंधानकर्ताओं द्वारा प्रस्तुत अनुमोदित सिनोप्सिस का इलेक्ट्रॉनिक संस्करण जो कि उन्हों ने पीएचडी कार्यक्रम हेतु पंजीकृत किया है शोधगंगोत्री में जमा करें।

यह सहमति ज्ञापन, (एमओयू) विश्वविद्यालय अनुदान आयोग द्वारा जारी अधिसूचना (एमफिल/पीएचडी) डिग्री प्रदान करने हेतु न्यूनतम मानदंड और प्रक्रिया विनियम 2009 दिनांक 1 जून, 2009/5मई, 2016 को किया गया संशोधन, में निहित शर्तों के अधीन, संस्थान के उत्तरदायित्वों, देयताओं तथा वचनबद्धताओं को परिभाषित करता है, जिसके अंतर्गत उचित व्यवस्था के कार्यन्वयन को सुनिश्चित करना, इसमें संस्थानों की प्रतिबद्धता तथा इलेक्ट्रॉनिक शोध एवं शोध प्रबंध को प्रस्तुत करने और उपयाग करने से संबंधित उददेश्य को पूरा करना शामिल है।

इस परिप्रेक्ष्य में अब इनफ्लिबनेट और विश्वविद्यालय/संस्थान निम्नलिखित शर्तों के अनुसार आपस में यह सहमती करते हैं।

I. इनफ्लिबनेट केंद्र

1. इनफ्लिबनेट केंद्र विश्वविद्यालय को सॉफ्टवेयर अंतरापृष्ठ सक्रिय करने तथा विद्यार्थियों द्वारा मेटाडेटा सृजित करने व शोध निबंध व शोध प्रबंध अपलोड करने के उददेश्य को पूरा करने हेतु शोधगंगा/शोधगंगोत्री में ई.टी.डी. होस्टिंग सर्वर की सुगमता प्रदान करेगा। इनफ्लिबनेट डेटा को अक्षुण्ण और उपयोगी बनाए रखने की जिम्मेदारी लेगा तथा इसके नुकसान से बचने के लिए डेटा का बैकअप रखेगा। इनफ्लिबनेट डिजिटल संरक्षण संबंधी उपकरण व तकनीक का संस्थापन करेगा ताकि डिजिटल फॉर्मैट में विद्वत्तापूर्ण सामग्री की अनवरत सुगमता में सुनिश्चित हो सके तथा माध्यम की विफलता के साथ–साथ, भौतिक हानि व अप्रचलन से भी इनकी संरक्षा करेगा।
2. यूजीसी अधिनियम की धारा 12(B) और 2(f) के तहत् विश्वविद्यालयों को वित्तीय सहायता का विस्तार करने के लिए यूजीसी को सिफारीश करेगा ताकि कम्प्यूटरीकृत मशीन पर पठनीय प्रारूप में अनुपलब्ध शोध प्रबंध और शोध निबंध का डिजीटलीकरण किया जा सके और / या ई.टी.डी. के निर्माण के लिए उपयुक्त कम्प्यूटर प्रणाली/ आधारभूत संरचना की अधिप्राप्ति और संस्थापन किया जा सके।

Checked and Verified

Geetanjali

3. ई.टी.डी. की स्थापना हेतु कम्प्यूटर हार्डवेयर और संबंधीत प्रणालियों की खरीद के लिए सिस्टम विनिर्देशों और तकनीकी मार्गदर्शन प्रदान करेगा।

4. पूर्व में विश्वविद्यालय को प्रस्तुत पीएचडी शोध तथा साथ ही साथ कम्प्यूटरीकृत मशीन पठनीय फॉर्मेट में जो शोध उपलब्ध न हो उनके डिजिटलीकरण के लिए दिशा–निर्देश, तकनीकी मानदंड और विनिर्देश तय करना।

5. मुख्यताः शोधगंगा पर ई.टी.डी. के डिजिटल संग्रह के सृजन, अद्यतनव कम्प्यूटरीकृत प्रचालन के संबंध में विश्वविद्यालय (पुस्तकालय के क्षेत्र तथा/अथवा कम्प्यूटर के क्षेत्र) से संबंधीत कम से कम एक व्यक्ति को प्रशिक्षण प्रदान करना।

6. संभवित साहित्यिक चोरी हेतु शोध का मूल्यांकन करने के लिए एक साहित्यिक चोरी विरोधी सॉफ्टवेयर की सेवाएं प्रदान करना।

7. विवादास्पद स्वरूप की किसी भी सामग्री को होस्ट करने अथवा प्रतिलिप्याधिकार के उल्लंघन से संबंधित किसी भी सामग्री को होस्ट करने से इनकार कर सकता है।

8. इनफ्लिबनेट की अस्वीकृति के इस अधिकार के बावजूद विश्वविद्यालय/शोध अध्येता इनफ्लिबनेट और जनता दोनों के प्रति उनके शोध–प्रबंध की सामग्री के मानहानिकारक होने या वाद–योग्य होने या फिर शोध–अधेय्ता द्वारा इनफ्लिबनेट और प्रतिलिप्याधिकार स्वामी दोनों के प्रति प्रतिलिप्याधिकार अतिलंघन दायित्वों से मुक्त नहीं होते।

9. इनफ्लिबनेट केंद्र उत्तरदायी नहीं होगा। (i) त्रुटियों, चूक, गलतियॉ और सामग्री की गुणवत्ता या गलत जानकारी से उपयोगकर्ता या किसी तीसरे पक्ष को होनेवाले किसी भी नुकसान के लिए (ii) प्राकृतिक आपदाओं सहित किसी अप्रत्याशित घटना के संदर्भ में अपलोड की गई सामग्री की सुरक्षा और पुनःलेखन के लिए; और (iii) शोध प्रबंध के मुद्रित संस्करण के लिए।

10. विश्वविद्यालयों द्वारा डिग्री प्रदान करने से पूर्व साहित्यिक चोरी का पता लगाने के लिए उपयोग करने हेतु इनफ्लिबनेट केंद्र साहित्यिक चोरी के सॉफ्टवेयर की सिफारिश करेगा या उपलब्ध कराएगा।

11. इनफ्लिबनेट केंद्र शोध निबंधों और शोध प्रबंधों की सामग्री की प्रतिकृति विभिन्न सर्वर और अन्य सहायक संग्रहण मीडिया पर रखता है। हालांकि, इनफ्लिबनेट केन्द्र, लोडेड सामग्री के पुनःलेखन या पूर्तिकर व्यवस्था बनाने की जिम्मेदारी नहीं लेता है। इसलिए, विश्वविद्यसलयों को भी अपने शोध निबंधों व शोध प्रबंधों की पूर्तिकर व्यवस्था रखनी चाहिए।

Gitanjali

Checked and Verified

12. डॉक्टोरल कार्यक्रम के अंतर्गत विद्यार्थियों के पंजीकरण हेतु उनके द्वारा विश्वविद्यालयों को प्रस्तुत शोध प्रसंग की अनुमोदित सार संक्षेप को होस्ट करने हेतु इनफिलबनेट केंद्र एक संग्रह का भी अनुरक्षण करता है, जिसे 'शोधगंगोत्री' कहते हैं। शोध छात्रों/उनके पर्यवेक्षकों को अनुमोदित सार संक्षेप (सिनॉप्सिस)/शोध प्रस्ताव को प्रस्तुत करने तथा संग्रह के माध्यम से उनके शोध प्रस्ताव की प्राथमिकता को दर्ज करने के लिए प्रोत्साहित किया जाता है।

II. विश्वविद्यालय

1. विश्वविद्यालय, इस कार्य हेतु शोधगंगा/शोधगंगोत्री अथवा किसी अन्य सर्वर में शोध को डिजिटल फॉर्मेट में होस्ट करने व वितरित करने हेतु इनफिलबनेट को विश्वव्यापी अनेकांकित अनुज्ञापित प्रदान करेगा।
2. विश्वविद्यालय, उनके शोधकर्ता विद्वान सभी शोध निबंधों को पारस्परित सहमति आधारित मशीन–पठनीय फाइल में शोधगंगा/शोधगंगांत्री सर्वर पर अपलोड करने की सहमति देंगें।
3. विश्वविद्यालय, मूल शोध में निहित चूक व त्रुटि के लिए इनफ्लिबनेट केंद्र को जिम्मेदार नहीं ठहराएगा।
4. विश्वविद्यालय, प्रस्तुत शोध निबंधों व शोध प्रबंध तथा ग्रंथ सूची रिकॉर्ड को डिजिटलीकृत करने के लिए वचनबद्ध होगा तथा साथ ही यह ई.टी.डी. के संचालन के लिए जनशक्ति सहित बुनियादी ढॉचा प्रदान करेगा।
5. विश्वविद्यालय, डिजिटलीकरण सहित ई.टी.डी. के कार्यान्वयन हेतु इनफ्लिबनेट की सिफारिश पर विश्वविद्यायल अनुदान आयोग द्वारा प्रदत्त सहायता का उपयोग करने के लिए प्रतिबद्ध है।
6. इनफ्लिबनेट द्वारा आयोजित ई.टी.डी. के कार्यान्वयन पर प्रशिक्षण लेने के लिए विश्वविद्यालय (पुस्तकायल क्षेत्र या कम्प्यूटर क्षेत्र से) के कम से कम एक व्यक्ति को प्रतिनियुक्त करेगा और सुनिश्चित करेगा कि इनफ्लिबनेट द्वारा ई.टी.डी. हेतु प्रशिक्षित व्यक्ति उसी कार्य हेतु अभिनियोजित है।
7. यह शोध निबंधों के इलेक्ट्रॉनिक संस्करण के सृजन व ई.टी.डी. में उनके अभिसाक्ष्य के संबंध में विश्वविद्यालय से संबंध कॉलेजों के कर्मियों व अनुसंधानकर्ताओं अथवा पुस्तकालय के प्रयोक्ताओं को प्रशिक्षण प्रदान करने की व्यवस्था करेगा।
8. अपने ई.टी.डी. में संस्थापन/विकास/प्रचालन हेतु इनफ्लिबनेट द्वारा सुझाए गए मानक सॉफ्टवेयर और मेटाडेटा स्कीमों का उपयोग सुनिश्चित करेगा।

Gitanjali

Checked and Verified

9. विश्वविद्यालय समय–समय पर सभी शोध निबंधों और शोध प्रबंधों के ग्रंथ सूची संबंधी अभिलेख बनायेगा और इन अभिलेखों को इनफ्लिबनेट यूनियन कैटलॉग (Indcat) में शामिल करने के लिए योगदान देगा।

10. विश्वविद्यालय ई.टी.डी. संसाधन/डेटाबेस को इनफ्लिबनेट केंद्र व अन्य विश्वविद्यालयों के साथ सांझा करने के लिए वचनबद्ध होगा।

11. विश्वविद्यालय अपने ई.टी.डी. को इनफ्लिबनेट सेन्टर में स्थापित 'शोधगंगाया अन्य सर्वर' पर डिजिटल संग्रह में होस्ट करने के लिए समहत होगा और केंद्र को संपूर्ण शोध निबंध का इलेक्ट्रॉनिक संस्करण बनाने (वे शोधपत्र जो डिजिटल हों और साथ ही वे जो स्कैनर्स या डिजिटल कैमरों का उपयोग करके डिजिटल किये हैं) के लिए अबाधित पहुँच ई.टी.डी. के माध्यम से अनेकांकित अनुज्ञापित प्रदान करेगा।

12. विश्वविद्यालय यूजीसी द्वारा दी गयी धनराशि के उपयोग से तैयार किए गए शोधप्रबंधों के डिजिटल संस्करण का प्रयोग से किसी भी वाणिज्यिक उददेश्यों के लिए नहीं करेगा। विश्वविद्यालय किसी भी अन्य पक्ष (व्यक्ति, संस्थ, संगठन आदि) को इनफ्लिबनेट के सिस्टम/सॉफ्टवेयर या ई.टी.डी. शोधगंगा या इसके किसी भी हिस्से को किराये पर, विक्रय या इसके प्रयोग हेतु अनुज्ञापित या वितरित या जारी या इसके किसी हिस्से पर किसी और के साथ अधिकार सांझा नहीं करेगा।

13. यदि ई.टी.डी. के कार्यान्वयन संबंधी परियोजना को पूरा करने के लिए और अधिक संशाधनों अथवा निधि की आवश्यकता होगी, तो इस स्थिति में विश्वविद्यालय इस परियोजना को पूरा करने के लिए अपने स्वंय की निधि अथवा अनुदान का उपयोग करने हेतु वचनबद्ध होगा।

14. विश्वविद्यालय, इनफ्लिबनेट द्वारा अनुशासित साहित्यिक चोरी पता करने के सॉफ्टवेयर का उपयोग करेगा और शोध उपाधि प्रदान किए जाने से पूर्व साहित्यिक चोरी के लिए छात्र द्वारा प्रस्तुत किए गए शोध प्रबंध का परीक्षण करने के लिए इसे उपलब्ध करायेगा। अगर विश्वविद्यालय इस सॉफ्टवेयर की सदस्यता नहीं ले रहा है तो वह किसी भी अन्य नजदीकी क्षेत्र केन्द्र पर उपलब्ध सॉफ्टवेयर का उपयोग करेगा।

15. विश्वविद्यालय शोध अध्येताओं/शोध पर्यवेक्षकों को एक बार पीएचडी पंजीकृत हो जाने के उपरांत शोधगंगोत्री पर अपने अनुमोदित अनुसंधान प्रस्तावों/अनुमोदित शोध सार संक्षेपों को होस्ट करने के लिए प्रोत्साहित करेगा।

DELNET/MEM/IM-10535/upBIUB/2024

March 20, 2024

Sub : Membership of DELNET

Dear Dr. Agarwal,

We are glad to inform you that the **"Bareilly International University, Bareilly, Uttar Pradesh"** has been admitted as an Institutional Member of DELNET. The membership number is ***IM-10535.*** I am herewith enclosing the receipt no. 79814 dated 19/3/2024 for ₹19,470/- received through NEFT dated 5/3/2024 towards the Admission Fee & Annual Institutional Membership Fee for the period 19-3-2024 to 18-3-2025 along with a duly signed copy of the MOU for your office records. I would like to mention that the next annual membership renewal will be due on March 18, 2025. **Please note that this membership is valid only Bareilly International University, Bareilly, Uttar Pradesh and not to any constituent/affiliated Colleges/Centres of the University. These colleges/institutions have to subscribe separately for their DELNET Institutional Membership.**

You are requested to access DELNET databases through the World Wide Web using the following procedure:

Web Address: **http://www.delnet.in**

Click to "New Discovery Portal"; you are requested to use following login & password to access the new discovery portal of DELNET. We request you to kindly inform us the IPs of the University so that the access can be activated through IPs also:

Login : upbiub
Password : biu10535

Kindly note your Inter Library Loan (ILL for Books) Password is **"upbiublib"** to be used while registering a request. You are also welcome to send us the bibliographical references at **sangs@delnet.ren.nic.in, sangskaul2003@yahoo.co.in** for the resources needed by you. We will try our best to locate these resources. We would like to inform you that DELNET has launched WEBVIEW Youtube channel which contains a large number of video recordings of Webinars organised by DELNET including sessions on DELNET resources and services. The link is available at the Discovery Portal. We would further like to inform you that Usage Report can be generated through **"USAGE STATISTICS"** link which appears at the top side of the landing page of the discovery portal. Kindly use the password as **10535***1992** to download the pdf, containing usage report of your university.

We would like to mention that DELNET provides access to more than 3.8 crore catalogue records of books, journals, articles, etc. through Discovery Portal and also more than one crore and fifty lakh full-text e-books, e-journals & e-articles through *Knowledge Gainer Portal* besides many other E-resources. We are pleased to inform you that DELNET has also recently launched ViSiOn Portal which contains Video Recordings of Lectures on varied subjects. We request you to kindly contribute the video lectures of the Faculty Members of your Institution. Kindly contact us for further assistance. DELNET also provides Delplus software free of charge for library automation purposes. DELNET Guest House facility at New Delhi can also be availed by member-libraries on payment basis. Also, we are pleased to inform you that DELNET has developed DELDReSS Portal exclusively for Schools, which is of great relevance to the School students, teachers and administrators.

We would also like to mention that DELNET offers DrillBit software for plagiarism detection for an annual subscription of Rs 48,000 (inclusive of GST) for 300 documents checking.

We hope that the students and faculty of your university will get benefited by using the DELNET databases and services. We would also like to inform you that DELNET shall be glad to organise an one hour webinar on "DELNET Networked Resources and Services" at a mutually convenient date and time for "Bareilly International University, Bareilly, Uttar Pradesh". It will help in the effective utilisation of DELNET resources and services. **We would like to request you to kindly ensure that this membership letter containing login/password may not be uploaded on any online Internet Platform including the Institutional website except its submission to accreditation bodies, if so required.**

Do kindly let us know if you require any further assistance.

With kind regards,

Yours sincerely,

Sangeeta Kaul

Library Resources and Enrichment in the Respective School (Traditional Systems of Medicine)

The library of the respective school is a well-established academic and research hub that caters to the learning needs of students and faculty, with a focused collection aligned with the curriculum and research areas in traditional systems of medicine.

Details of Titles and Volumes

The library maintains a comprehensive collection of textbooks, reference volumes, and academic literature in core disciplines related to the traditional system of medicine. The collection includes classical texts, commentaries, and modern interpretations that support both undergraduate and postgraduate programs. Resources are regularly updated to reflect current academic and clinical developments in the field.

Special attention is given to works in ancient Indian languages such as Sanskrit, Tamil, and Pali that form the foundation of traditional medical knowledge. The library also holds translated and annotated versions of key texts to support learners from diverse linguistic backgrounds.

Ancient Books, Manuscripts, and Digitalized Content

The school library has curated a section dedicated to ancient medical literature. This includes:

- Rare books and traditional manuscripts relevant to classical knowledge systems.
- Digitalized manuscripts that have been preserved and made accessible through institutional or external collaborations.
- Learning materials drawn from ancient Indian knowledge systems that serve as important resources for academic and historical research.

Efforts have been made to preserve traditional content through digitization and proper archival practices, ensuring long-term availability and scholarly use.

Details of Print Journals

The library subscribes to a number of national and international print journals in the areas of Ayurveda, Siddha, Yoga, Naturopathy, and allied health sciences. These journals provide access to contemporary research, clinical case studies, and reviews. The subscription list is reviewed periodically to ensure alignment with current academic and research needs.

Theses and Project Reports

A repository of student project reports, dissertations, and doctoral theses is maintained in both print and digital format. These documents are organized department-wise and serve as a valuable reference for future research and project planning. Access is provided to students under supervision for academic purposes.

Library Committee and Minutes of Meetings (MoM)

The library is managed by a dedicated Library Committee comprising faculty members, librarians, and administrative staff. The committee meets periodically to discuss acquisition of new titles, budget allocation, policy implementation, user feedback, and infrastructure upgrades. Minutes of Meetings (MoM) are documented and maintained for transparency and follow-up action.

Library Budget and Utilization

A separate budget is allocated annually for library development, including the purchase of books, journals, subscriptions, digital resources, and maintenance. The budget is utilized in accordance with the needs of departments and feedback from faculty and students. Utilization reports are maintained and reviewed by the library committee to ensure effective and need-based spending.

Annual Reports: 2022–23, 2023–24, 2024–25

Annual library reports for the years 2022–23, 2023–24, and 2024–25 are systematically prepared and maintained. These reports highlight:

- Additions to the collection
- Utilization statistics
- Budget expenditure
- Summary of library activities and user engagement
- Updates on digital and traditional resource enrichment

The reports serve as a documentation of the library's ongoing efforts to enhance academic support and preserve traditional knowledge in the field of medicine.

Computing and IT Facilities in the Respective School

The institution places significant emphasis on providing and frequently updating computing and IT infrastructure to support the academic and research needs of students and faculty. Recognizing the critical role of digital literacy and access, the school ensures that modern computing facilities and internet connectivity are available, reliable, and continuously improved.

Summary of Expenditure on Computing Facilities

Over the last five years, the institution has systematically allocated funds towards the procurement, maintenance, and upgradation of computing resources. This investment reflects the commitment to maintaining an up-to-date digital infrastructure that enhances teaching, learning, and administrative efficiency.

Details of Computing Equipment

The school is equipped with an adequate number of computers, printers, scanners, and related peripherals that are accessible to students, faculty, and staff. Computer labs are maintained with the latest hardware configurations to meet the curriculum requirements and facilitate software-based learning. Printers and other auxiliary equipment are regularly serviced to ensure smooth operation.

Internet and Wi-Fi Facilities

High-speed internet connectivity is provided across the campus through a robust Wi-Fi network. Multiple access points have been installed to ensure seamless internet access in classrooms, laboratories, libraries, hostels, and common areas. This wireless infrastructure supports both academic and administrative activities, enabling access to e-resources, digital classrooms, and online collaboration tools.

IT Policy

The institution has formulated a comprehensive IT policy that governs the use, security, and management of digital resources and network facilities. The policy outlines guidelines for ethical use, data privacy, cybersecurity measures, and maintenance protocols. It ensures that all stakeholders adhere to responsible practices while utilizing IT infrastructure.

Upgradation Details and Expenditure

Regular upgradation cycles are planned and implemented to replace obsolete hardware, update software licenses, and enhance network capabilities. The institution maintains records of expenditures related to these upgradations, ensuring transparency and accountability in resource management. These enhancements align with emerging technological trends and academic demands.

4.4.2 ***Institution frequently updates its computer availability for students and IT facilities including Wi-Fi.***

Response:

Bareilly International University: Leading the Way with Advanced E-Content and IT Infrastructure

Bareilly International University (BIU) is a renowned institution offering undergraduate (UG) and postgraduate (PG) programs in **Medicine, Dentistry, Pharmaceutical Sciences, and Nursing**. BIU is committed to leveraging cutting-edge technology to enhance learning experiences, providing students and faculty with modern facilities for e-content development and top-notch IT infrastructure.

E-Content Development Facilities

1. **Media Centre**
   The university's Media Centre is equipped with advanced tools for creating digital educational content. Faculty members utilize this facility to produce high-quality video lectures, presentations, and interactive learning modules. This enables students to access educational material anytime, making it easier to understand complex medical and healthcare concepts through dynamic, multimedia-driven resources.

2. **Audio-Visual (AV) Centre**
   BIU's state-of-the-art AV Centre enhances traditional classroom learning by incorporating technology into the educational process. The AV Centre facilitates the creation of visually engaging content, such as practical demonstrations, clinical simulations, and interactive tutorials. This is particularly beneficial for medical, dental, nursing, and pharmaceutical students, where visual representation of procedures is crucial to understanding.

3. **Lecture Capturing System (LCS)**
   BIU's Lecture Capturing System (LCS) allows the university to record live lectures and make them available online for students to revisit at their convenience. This system ensures that students can easily access lectures on-demand, whether for review or in case of missed classes, supporting flexible learning and deeper understanding of course material.

IT Infrastructure and Wi-Fi Access

1. **Wi-Fi Connectivity**
   BIU offers comprehensive campus-wide Wi-Fi access, ensuring that students, faculty, and staff are always connected. With high-speed internet available across all academic and residential areas, students can access online learning resources, e-content, and

research materials anytime and from anywhere on campus. This connectivity supports seamless access to the Learning Management System (LMS) and other digital platforms.

2. **State-of-the-Art IT Facilities**
   BIU continuously upgrades its IT infrastructure to stay at the forefront of educational technology. The university provides well-equipped computer labs with the latest hardware and software, giving students access to essential tools for research, digital learning, and project work. These labs are particularly valuable for students in healthcare programs, where simulations, data analysis, and digital research are integral parts of the curriculum.
3. **Digital Media and Learning Management System (LMS)**
   BIU integrates all its e-content—whether developed through the Media Centre, AV Centre, or LCS—into its robust Learning Management System (LMS). The LMS allows students to access lecture notes, video recordings, assignments, and discussion forums in a centralized platform. It also helps faculty track student progress and facilitate effective online interaction. The LMS, combined with reliable Wi-Fi and advanced IT facilities, ensures a seamless and enriched digital learning experience for students.

Conclusion

Bareilly International University's investment in e-content development, advanced IT infrastructure, and campus-wide Wi-Fi ensures a modern and flexible learning environment. By incorporating digital tools into its medical, dental, nursing, and pharmaceutical programs, BIU empowers students to excel in their fields and meet the demands of the rapidly evolving healthcare industry.

Kindly note :

We would like to recommend best practices for safe guarding your devices / network from any vulnerabilities (Applicable for Customer provided CPE cases)

- Resetting the factory set credentials and Setting up of complex passwords
- Blocking of SSH / TELNET from public internet on these devices
- Regular IT security audits and ensuring devices / routers are patched to latest software versions / patched and hardened to the recommendations

Customer Acknowledgement

I hereby acknowledge that I have tested the said link and associated services bearing Circuit id RJL 928016481 7_299559132802and certify that the services are satisfactory and as per design / order. Basis the above, I hereby authorize Reliance Jio Infocomm Limited (RJIL) to initiate services and billing effective date.

1. Abbreviations

Information Technology (IT) is a multifaceted domain that demands clarity in terminology for ease of reference and operational coherence. This section elaborates on key abbreviations used throughout the IT Policy of Bareilly International University (BIU). These terms are essential for understanding the technical components, governance frameworks, and standard procedures embedded in the policy.

- **BIU** – Bareilly International University, the governing institution responsible for implementing and overseeing this policy.
- **IT** – Information Technology, referring to the spectrum of computing, software, and networking systems.
- **ICT** – Information and Communication Technology, which emphasizes integrated digital communication services and tools.
- **LAN** – Local Area Network, representing the internal networking system that interconnects devices within the university premises.
- **VPN** – Virtual Private Network, which provides secure access to university resources over public networks.
- **BYOD** – Bring Your Own Device, an operational model allowing personal devices to access institutional networks under approved security conditions.
- **ERP** – Enterprise Resource Planning, a comprehensive software suite for managing academic, financial, and administrative functions.
- **IR** – Institutional Repository, a curated digital archive that stores and disseminates the academic and research output of the university.
- **USB** – Universal Serial Bus, a standard interface for data transfer and device connectivity.

These abbreviations are used consistently throughout the document to maintain clarity, uniformity, and accessibility for all stakeholders engaging with the IT Policy.

2. Introduction

The integration of Information Technology (IT) in higher education has fundamentally transformed pedagogical methods, administrative processes, and research paradigms. At Bareilly International University (BIU), IT is not merely a supporting function but a strategic asset that is essential to achieving academic excellence, operational efficiency, and institutional innovation.

The establishment of this IT Policy arises from BIU's commitment to ensuring optimal utilization of digital resources, enhancing data security, promoting digital literacy, and complying with national and international cyber regulations. It serves as a structured framework for managing digital assets, systems, and users. This policy articulates a proactive approach to resource allocation, data protection, and sustainable technology management.

Given the exponential growth of digital content, virtual classrooms, online examinations, remote collaboration tools, and automated administrative services, the necessity for a comprehensive IT governance document is evident. Additionally, the advent of technologies such as cloud computing, Artificial Intelligence (AI), and the Internet of Things (IoT) makes it imperative to adopt forward-looking, flexible digital strategies.

This policy functions not only as a regulatory document but also as a guide for informed decision-making, responsible user behavior, and strategic investment in IT infrastructure. It underscores BIU's vision of creating a digitally empowered academic environment, fostering innovation, and preparing students and faculty to address global challenges through localized technological advancements.

3. Scope

The scope of the IT Policy at Bareilly International University (BIU) is expansive, comprehensive, and inclusive. It applies to a wide spectrum of users, infrastructure components, and operational domains. All stakeholders including full-time and part-time students, faculty members, administrative staff, research scholars, and authorized external entities—such as contractors, visiting faculty, and project collaborators—fall under the purview of this policy.

This policy governs all physical hardware such as desktops, laptops, servers, printers, routers, switches, and storage devices owned by the university or temporarily connected to the institutional network. Additionally, it includes digital resources such as licensed software applications, databases, digital content repositories, multimedia platforms, and cloud-based tools.

Moreover, the policy encompasses digital services including ERP systems, Learning Management Systems (LMS), the Institutional Repository (IR), examination portals, and communication platforms. It establishes protocols for appropriate conduct in data sharing, content development, and device usage within university premises and beyond, including remote access.

Importantly, this policy applies uniformly across all constituent colleges, departments, campuses, and satellite units operating under the governance of BIU. Whether users access these resources on campus or remotely, they are held accountable for their digital conduct. This wide-ranging scope ensures a uniform implementation of policy principles, harmonized technology use, and seamless digital experiences throughout the institution.

4. Objective

The core objective of the IT Policy of Bareilly International University (BIU) is to provide a strategic and regulatory framework for the development, management, and secure use of Information and Communication Technology (ICT) resources. The policy seeks to support the university's academic, research, administrative, and community engagement missions through secure, ethical, and efficient use of technology.

Key objectives include:

- **Regulating Use of IT Resources**: Define clear responsibilities and expectations for the appropriate use of university IT infrastructure.
- **Data Security**: Safeguard institutional data and personal information from unauthorized access, data breaches, or misuse through stringent access control mechanisms and encryption protocols.

- **Legal Compliance**: Ensure that all software, hardware, and digital platforms adhere to national laws, licensing norms, and international standards for data protection and digital rights.
- **Investment in Technology**: Promote cost-effective and scalable IT investments that align with the university's strategic goals, academic priorities, and operational requirements.
- **Digital Literacy and Capacity Building**: Enhance the digital competence of students, faculty, and staff through ongoing training, user support services, and awareness programs.
- **Sustainability and Green IT**: Encourage environmentally conscious computing practices, such as the use of energy-efficient devices, virtualized systems, and responsible e-waste disposal.
- **Research and Collaboration**: Foster academic innovation and global research visibility through the Institutional Repository and collaborative technology platforms.
- **Governance and Accountability**: Establish a transparent and accountable governance structure for managing IT resources and resolving disputes or violations.

Ultimately, the IT Policy aims to embed technology into the academic fabric of the university, enabling stakeholders to harness its potential for problem-solving, creativity, and academic excellence while preserving institutional integrity and security.

5. Roles and Responsibilities

Effective implementation and enforcement of the IT Policy at Bareilly International University depend on the well-defined roles and responsibilities assigned to various stakeholders. Clarity in duties not only ensures seamless execution of IT services but also reinforces accountability, compliance, and timely resolution of issues. The following roles are crucial to the successful governance of ICT infrastructure:

- **IT Department**: The IT Department is the central authority responsible for the deployment, maintenance, monitoring, and upgradation of all IT assets and services. It is also tasked with setting up network architecture, managing cybersecurity frameworks, ensuring data integrity, enforcing access control protocols, and providing helpdesk support.
- **Faculty Members**: Faculty are expected to use IT resources responsibly, promote digital learning, maintain data confidentiality, and report IT-related issues promptly. They are also encouraged to guide students in ethical use of online resources and digital tools for research and academic work.
- **Students**: Students must adhere to usage guidelines for digital tools, refrain from attempting unauthorized access, avoid sharing login credentials, and ensure that their online activities comply with academic and legal standards. They must seek permission before installing or using software not pre-approved by the university.
- **Administrative Staff**: Staff should use IT systems for their designated official purposes only. They are responsible for maintaining the confidentiality of institutional records and for using enterprise systems like ERP or HRMS in accordance with predefined guidelines.
- **Research Scholars**: Scholars should use the Institutional Repository and licensed software responsibly while ensuring that they comply with ethical research and copyright policies. Any external collaborations involving data exchange must be pre-approved.

- **Vendors/Contractors**: External IT vendors and service providers must abide by university confidentiality agreements and data protection norms. Their access to systems must be monitored, time-bound, and purpose-specific.

6. Acceptable Use

The Acceptable Use Policy at Bareilly International University (BIU) is designed to outline the principles governing the appropriate and ethical use of the university's information technology resources. The goal is to ensure that all users—students, faculty, staff, contractors, and visitors—utilize these resources in a secure, legal, respectful, and academically aligned manner. Acceptable use contributes to a productive learning environment, protects institutional integrity, and ensures the sustainability of digital infrastructure.

Key Principles of Acceptable Use:

- **Academic and Professional Relevance**: IT resources must be used primarily for academic learning, research, administrative work, and university-sanctioned activities. Personal use should be minimal, lawful, and not interfere with university operations.
- **Integrity and Respect**: Users must refrain from engaging in activities that harm, degrade, or negatively affect others. This includes cyberbullying, online harassment, or sending defamatory content via email, social platforms, or communication tools linked to the university.
- **Security Consciousness**: Each user is responsible for maintaining the confidentiality of their credentials and must report suspicious activity immediately. Installing unapproved applications or bypassing university security measures is strictly prohibited.
- **Legal and Ethical Boundaries**: It is forbidden to access, create, download, or share pirated software, copyrighted media, or offensive material including hate speech, pornography, and violent propaganda.
- **Network Discipline**: Bandwidth is a shared resource and must be used judiciously. Streaming, large file transfers, and cloud backups should be scheduled during off-peak hours with prior IT department notification.
- **Non-Commercial Use**: University resources must not be used for personal financial gain, product advertisement, online trading, or unauthorized fund collection. Such acts are considered a severe breach of policy.
- **Email Etiquette**: Institutional email must be used responsibly. Sending mass emails without authorization, phishing messages, or chain letters violates ethical and legal guidelines.

Enforcement and Compliance: Violations of the Acceptable Use Policy may result in disciplinary action, which can include temporary or permanent revocation of IT privileges, academic penalties, or legal action depending on the severity of the offense. The IT Department, in consultation with university authorities, holds the authority to investigate misuse and enforce corrective measures.

7. IT Hardware Installation Policy

The IT Hardware Installation Policy at Bareilly International University (BIU) ensures that all computer hardware and peripheral devices deployed across the university's campuses meet quality, security, and compatibility standards. The objective of this policy is to streamline the process of hardware procurement, installation, and maintenance while maintaining an inventory that aligns with the institution's academic and administrative goals.

Procurement and Approval:

- All IT hardware must be procured through a centralized system managed by the university's IT Department.
- Hardware requests must be justified through need-based proposals submitted by department heads.
- Approval must be obtained from the Finance and IT Committees before any procurement is initiated.

Installation Standards:

- Only IT Department personnel or authorized service providers are permitted to install or configure hardware on university premises.
- Devices must be installed in accordance with ergonomic and safety standards.
- All installed hardware must be registered in the university's digital asset inventory and labeled with an official asset tag.

Compatibility and Integration:

- New hardware must be compatible with the existing network infrastructure, software ecosystem, and power supply.
- Peripheral devices such as printers, projectors, and biometric systems must be integrated under supervision to ensure seamless performance.

Security Considerations:

- Any hardware device that connects to the university network must comply with security policies, including endpoint protection, firmware validation, and port access control.
- Unauthorized modification, tampering, or relocation of installed hardware without IT Department consent is strictly prohibited.

Maintenance and Support:

- Routine preventive maintenance schedules will be maintained for critical infrastructure, including servers and routers.
- Users must report malfunctioning or damaged equipment to the IT helpdesk for inspection and service.
- A record of maintenance logs and equipment life cycles must be maintained by the IT Department.

Disposal and Replacement:

- Hardware deemed obsolete or irreparable must be retired following the university's e-waste disposal guidelines.
- Replacement requests must be supported with performance reports and approval from designated committees.

Audit and Compliance:

- Periodic audits will be conducted to verify the location, condition, and usage of IT hardware.
- Non-compliance with hardware policies may result in disciplinary actions, including revocation of hardware privileges.

8. Software Installation and Licensing Policy

The Software Installation and Licensing Policy at Bareilly International University (BIU) is intended to manage, regulate, and ensure the ethical and lawful use of all software within the university environment. The policy is crucial in protecting the university from legal risks, ensuring compatibility with IT systems, and maintaining the integrity of academic and administrative operations.

Procurement and Licensing:

- All software must be purchased or sourced through the IT Department to ensure validity and compliance with licensing agreements.
- Only licensed, open-source, or institutionally-approved software is allowed for installation on university-owned devices.
- Site licenses or volume licenses will be preferred where multiple installations are required to optimize cost and manageability.
- Detailed records of all software licenses, including renewal dates and usage statistics, must be maintained and audited annually.

Installation Process:

- Only authorized personnel from the IT Department may install software on university systems.
- Requests for new software must be submitted in writing, reviewed for technical feasibility, and approved by relevant authorities before installation.
- Standard operating environments will be maintained for academic labs, administrative departments, and specialized research setups to ensure uniformity.

Security and Compatibility:

- Prior to installation, all software must be scanned for malware and tested for compatibility with the university's hardware and network environment.
- Software known to interfere with institutional systems or which poses a security threat will be blacklisted.

User Responsibilities:

- Users are strictly prohibited from installing unauthorized software or bypassing installation protocols.
- Software licensed to the university must not be copied, shared externally, or used for personal or commercial purposes.
- Users must report expired licenses or malfunctioning software to the IT Department immediately.

Freeware and Open-Source Tools:

- The use of open-source software is encouraged, provided it is reviewed for compliance with institutional standards and does not introduce vulnerabilities.
- Any freeware or open-source tool used must be documented, reviewed, and approved by the IT Department before deployment.

Compliance and Auditing:

- Periodic software audits will be carried out to verify licensing compliance, usage efficiency, and system compatibility.
- Users found violating this policy will be subject to disciplinary action and revocation of IT privileges.

9. Use of IT Devices on BIU Network

The Use of IT Devices on Network Policy at Bareilly International University (BIU) ensures that all personal and institutional devices accessing the university's network are compliant with security, compatibility, and usage standards. This policy addresses the protocols and expectations for connecting desktops, laptops, tablets, mobile phones, and other smart devices to the university's wired and wireless networks.

Device Registration and Authorization:

- All devices must be registered with the IT Department prior to connecting to the university's intranet or internet networks.
- Devices must be tagged with a unique user ID and MAC address to allow monitoring and access control.
- Unauthorized devices will be automatically blocked by the university's firewall and flagged for IT review.

Security Compliance:

- Devices must have updated antivirus software, secure firewall settings, and the latest security patches.
- Users must implement strong passwords and enable automatic screen-lock functions.
- Lost or stolen devices must be reported immediately so that network access can be revoked.

Use of Personal Devices (BYOD):

- Personal devices may connect to the university Wi-Fi only after approval and configuration by the IT Department.
- Users must agree to limited IT oversight, including periodic security scans and usage audits.
- Storage of sensitive or official university data on personal devices is discouraged and must be encrypted when necessary.

Acceptable Device Usage:

- Devices may be used for official university business, research, and approved academic purposes only.
- Streaming services, torrent downloads, and excessive gaming on the university network are prohibited.
- Any attempt to bypass content filters or firewalls will be treated as a serious violation.

Monitoring and Enforcement:

- All device activity on the BIU network is subject to logging and monitoring in accordance with the university's privacy and surveillance policy.
- Suspicious activities may trigger automatic disconnection, reporting to university authorities, and temporary or permanent ban from the network.

IT Support for Network Access:

- The IT Department will provide manuals, FAQs, and hands-on support for users who face difficulties connecting to the network.
- Troubleshooting will include diagnosis of configuration errors, virus removal, and reauthorization of compliant devices.

Network Access During Exams:

- During online assessments or digital evaluations, only university-provided devices may be allowed unless explicitly approved.
- Device logs may be reviewed post-exam to verify compliance with academic integrity protocols.

10. Desktop Devices

The use of desktop devices within Bareilly International University (BIU) is governed by a policy that emphasizes operational consistency, security compliance, and resource optimization. This policy outlines the standards and expectations related to the use, maintenance, and management of desktop computers across university departments, laboratories, libraries, and administrative offices.

Allocation and Setup:

- Desktop systems will be allocated based on academic and administrative needs following departmental requisitions approved by the university administration.

- Initial setup, configuration, and installation of operating systems and essential software will be managed solely by the IT Department.
- All devices will be assigned a unique asset identification number and entered into the university's digital inventory management system.

Authorized Use:

- Desktop devices are to be used exclusively for university-related activities, including teaching, research, data processing, communication, and student support services.
- Access to administrative systems such as ERP, examination portals, and financial software must be role-based and approved by department heads.

Security Measures:

- All desktop devices must have antivirus software, firewalls, and security patches regularly updated by the IT Department.
- Users must not disable or alter any security configurations or monitoring tools installed by IT personnel.
- Access must be protected by strong, periodically updated passwords, and devices must be locked when unattended.

Maintenance and Repairs:

- Users must report technical issues immediately to the IT Helpdesk.
- Repairs and upgrades shall only be carried out by authorized university IT staff or approved vendors.
- Periodic maintenance checks will be conducted to ensure devices function efficiently and securely.

Software Usage:

- Only software approved and installed by the IT Department is allowed on desktop systems.
- Unauthorized installation of games, pirated software, or resource-heavy applications is strictly forbidden.

Data Storage and Backup:

- Users are encouraged to store work-related files on university cloud storage platforms or network drives to ensure data backup and recovery.
- Personal data must not be stored on desktop devices connected to the institutional network.

Energy Efficiency and Shutdown Protocols:

- Users must shut down or log off from desktops at the end of each workday to conserve energy and enhance system longevity.
- Systems will be configured to enter automatic sleep mode during periods of inactivity.

Disposal and Replacement:

- Old or damaged desktop systems will be decommissioned according to university e-waste and asset disposal policies.
- Replacement requests must include justification and will be evaluated during annual IT resource reviews.

11. Sharing of Data

Data sharing is a critical component of modern academic and administrative environments. At Bareilly International University (BIU), this policy outlines how data—ranging from academic research to operational records—should be shared responsibly, securely, and ethically. The policy ensures that shared data maintains its confidentiality, integrity, and utility while aligning with university regulations and applicable legal standards.

Scope of Shared Data:

- Institutional data includes student records, staff files, research data, financial transactions, academic assessments, and administrative reports.
- Shared data may be internal (between departments, faculties, and administrative units) or external (with government agencies, accreditation bodies, research collaborators, or third-party vendors) based on necessity and approval.

Authorization and Approval:

- All data-sharing activities must be pre-approved by the concerned Head of Department (HoD) and/or administrative authority.
- Sensitive data, such as personal identification numbers, medical records, and financial details, requires additional clearance from the Registrar or Data Protection Officer.

Methods of Sharing:

- Data must be shared using secure, encrypted platforms approved by the IT Department (e.g., official email, secure portals, encrypted cloud services).
- Use of public storage platforms (such as free online drives or third-party apps) for university data is strictly prohibited.

Data Classification and Labeling:

- All data intended for sharing must be classified (e.g., Confidential, Internal Use, Public) and labeled accordingly.
- Confidential or restricted data must carry a disclaimer about its appropriate use and intended audience.

Responsibilities of Data Handlers:

- Employees and students must not share data beyond its intended recipients or for unauthorized purposes.
- All shared data must be accurate, complete, and up to date to ensure it serves its intended function without causing harm.

Data Retention and Retrieval:

- Shared data must be retained in a secure repository for a minimum period as prescribed by the university's records retention policy.
- Data retrieval logs will be maintained for audit and accountability.

Third-Party Access and Agreements:

- When data is shared with third parties, a Memorandum of Understanding (MoU) or Non-Disclosure Agreement (NDA) must be signed outlining the purpose, scope, duration, and confidentiality clauses.
- Third parties must not reuse, resell, or modify the data for purposes outside the agreement.

Violation and Penalty:

- Unauthorized data sharing is a serious breach and may result in suspension of IT privileges, academic penalties, employment actions, or legal proceedings.

12. Use of Portable Devices

The Use of Portable Devices Policy at Bareilly International University (BIU) aims to regulate the access, security, and permissible use of mobile and portable digital devices within the university ecosystem. With the growing reliance on mobile computing, this policy ensures the protection of university data while supporting flexibility and remote access.

Definition of Portable Devices:

- Portable devices include but are not limited to laptops, tablets, smartphones, USB drives, external hard disks, and any wearable or handheld digital equipment.

Usage Permissions and Scope:

- Students, faculty, researchers, and staff may use approved portable devices for academic and administrative purposes.
- The devices may connect to university Wi-Fi and intranet services upon registration and security clearance by the IT Department.

Device Registration and Approval:

- All devices must be registered with the IT Department, and users must provide device details (model, OS, MAC address, serial number).
- Personal devices accessing sensitive university data must be enrolled in the Mobile Device Management (MDM) system if applicable.

Security Requirements:

- Devices must have up-to-date antivirus protection, encrypted storage, and secure access protocols (passwords, PINs, biometric authentication).

- Devices should be configured to auto-lock when inactive and be capable of remote data wipe in case of loss or theft.

Data Handling on Portable Devices:

- Confidential or sensitive university data must not be stored unencrypted on portable devices.
- Any data copied to portable storage (e.g., USB drives) must be temporary and backed up to the university's secure network within 24 hours.

Restrictions and Prohibited Use:

- Jailbroken or rooted devices are not permitted to connect to the university network.
- Portable devices must not be used to transmit pirated content, install unauthorized software, or access restricted sites.
- Devices should not be connected to projectors, display units, or labs without permission from the lab supervisor or IT staff.

Loss, Theft, and Damage:

- Users must report any loss or theft of portable devices used for university purposes within 24 hours to the IT Department and, if applicable, local authorities.
- The IT Department will take necessary steps to disable access or initiate remote data deletion.

Audit and Monitoring:

- BIU reserves the right to audit portable device configurations, monitor access logs, and enforce data protection compliance for registered devices.

Disciplinary Action:

- Any breach of this policy, including failure to comply with data security standards, may result in restricted access to institutional services, disciplinary proceedings, or legal action based on the severity of the violation.

13. Network (Intranet & Internet) Use Policy

The Network Use Policy at Bareilly International University (BIU) governs the responsible and secure access to the university's intranet and internet services. As a digital-first academic institution, BIU relies on a stable and secure network to support educational delivery, research collaboration, administrative functions, and institutional communication.

Access and Authorization:

- All users must be authenticated through unique credentials (e.g., login ID and password) before accessing the university's LAN, Wi-Fi, or VPN services.
- Access to network resources is role-based and may vary depending on academic or administrative requirements.

Permitted Activities:

- Users may access online resources for educational, research, and administrative purposes.
- Access to online journals, e-books, cloud platforms, and university-authorized software tools is encouraged.

Prohibited Activities:

- The use of network for illegal, commercial, or non-academic purposes (e.g., cryptocurrency mining, unauthorized streaming, torrenting) is strictly prohibited.
- Bypassing network firewalls, using proxy services, or hacking into systems constitutes a serious policy violation.
- Spamming, phishing, or dissemination of malicious content will lead to suspension of access and possible legal action.

Bandwidth Management:

- The university reserves the right to prioritize bandwidth usage for academic platforms and essential services.
- Unnecessary video streaming, large downloads, or real-time gaming during peak hours may be restricted.

Security Measures:

- All network traffic is monitored for anomalies, threats, and policy violations using advanced threat detection systems.
- The network is protected by multiple layers of firewall, intrusion prevention systems (IPS), and antivirus filters.
- Regular updates and security patches will be applied to network infrastructure.

Guest Access:

- Temporary access for guests, visiting faculty, or collaborators will be provided on a case-by-case basis and must be requested formally.
- Guest credentials will have limited access and validity, and may be subject to monitoring.

Remote Access (VPN):

- VPN access is available for faculty, staff, and research scholars who need to connect to the university network remotely.
- VPN users must adhere to the same security and acceptable use guidelines applicable within campus boundaries.

Compliance and Penalty:

- Users found violating network policies may face suspension of network privileges, reporting to disciplinary authorities, and, if necessary, civil or criminal proceedings.

- Regular audits and user training programs will be conducted to promote awareness of network responsibilities.

14. Email Account Usage Policy

The Email Account Usage Policy at Bareilly International University (BIU) provides clear guidelines for the responsible and professional use of institutional email services. University-provided email accounts are official communication tools and must be used in a manner that aligns with the institution's values, legal requirements, and data security standards.

Eligibility and Assignment:

- Official email accounts are provided to all enrolled students, faculty, researchers, and administrative staff.
- The format of the email ID typically follows a standardized pattern for ease of identification and professional presentation.
- Temporary accounts may be issued for visiting faculty or project collaborators, with limited access rights and expiration dates.

Permitted Use:

- University email accounts should be used for academic correspondence, administrative communication, research collaborations, and other officially sanctioned university business.
- Email may be used to communicate with students, faculty, stakeholders, and external academic or governmental institutions.

Prohibited Use:

- Use of institutional email for personal commercial activities, mass mailing without authorization, chain letters, political campaigns, or spam is strictly prohibited.
- Distribution of confidential or sensitive information without proper encryption or authorization is a violation of university data protection standards.
- Offensive, discriminatory, or defamatory communication is not tolerated under any circumstances.

Security and Confidentiality:

- Users must choose strong passwords and are responsible for securing access to their email accounts.
- Multi-factor authentication (MFA) may be implemented for added protection.
- Any suspected breach or unauthorized access must be immediately reported to the IT Department.

Storage and Retention:

- BIU email accounts are allocated storage quotas. Users should regularly archive or delete non-essential messages to maintain performance.
- Email communications of academic or administrative value may be retained according to the university's data retention policy.

Monitoring and Compliance:

- University email is subject to logging, monitoring, and audit in accordance with institutional policies and applicable legal guidelines.
- The IT Department may access email logs in cases involving security investigations or official compliance reviews.

Deactivation of Accounts:

- Email accounts will be deactivated upon graduation, resignation, or termination of association with the university.
- Graduating students may be offered alumni email redirection services if approved by the university administration.

Disciplinary Action:

- Misuse of university email may result in disciplinary measures, including suspension of IT privileges, academic penalties, or legal proceedings depending on the nature of the offense.

15. Institutional Repository (IR)

The Institutional Repository (IR) at Bareilly International University (BIU) is a curated, secure, and accessible digital platform for collecting, preserving, and disseminating the intellectual and academic output of the university community. The IR reflects the institution's commitment to open access, scholarly communication, and knowledge sharing.

What is the IR?

- The IR is a digital archive managed by the library and IT departments. It serves as a long-term repository for academic content produced by the university's students, faculty, researchers, and affiliated centers.
- It provides open or restricted access to content based on classification and user role, enabling knowledge preservation and academic outreach.

What Does the IR Contain?

- Theses and dissertations
- Research papers, journal articles, and preprints
- Project reports and case studies
- Conference papers, proceedings, and presentations
- Syllabi, lecture notes, and instructional material
- Institutional reports and policy documents

Who Is Entitled to Access the IR?

- All current students, faculty, staff, and recognized research collaborators of BIU are entitled to access the IR.
- Select portions of the IR may be made publicly accessible to enhance academic visibility.

- External users, including alumni and academic visitors, may be granted read-only access upon request and administrative approval.

How Will You Access the IR?

- Access is available through the university's digital portal with user authentication credentials.
- A searchable interface with filters by discipline, author, year, or document type facilitates easy navigation.
- Content can be viewed or downloaded based on access permissions assigned to each user category.

Validity Period of Accessibility:

- Active students and employees retain full access during their tenure.
- Graduates and retirees may access public sections for one year post-departure, subject to reauthorization.
- Temporary access can be granted for short-term researchers or visiting scholars with project-specific needs.

Copyright Violation and IR Use:

- All submissions must adhere to copyright laws and academic integrity guidelines.
- The university retains limited rights to host and display content submitted by its stakeholders.
- Users may not copy, distribute, or publish repository content without appropriate citation or legal permission.
- Any misuse or unauthorized exploitation of IR content may result in revocation of access and legal action.

Management and Oversight:

- The IR is jointly maintained by the university library and IT department under the supervision of a designated Repository Administrator.
- Periodic audits are conducted to validate content, manage access controls, and ensure compliance with legal and academic standards.

16. Disposal of ICT Equipment

The Disposal of ICT Equipment Policy at Bareilly International University (BIU) outlines the procedures and responsibilities associated with the decommissioning, replacement, and environmentally responsible disposal of outdated, damaged, or surplus ICT assets. This policy ensures compliance with environmental regulations, prevents data breaches, and promotes sustainability.

Scope and Applicability:

- The policy applies to all departments and users handling university-owned ICT equipment, including computers, laptops, servers, printers, projectors, storage media, routers, and accessories.

- Equipment under this policy includes both operational and non-functional assets declared as surplus or obsolete.

Disposal Principles:

- All disposals must be guided by principles of environmental responsibility, data security, regulatory compliance, and financial transparency.
- The aim is to minimize electronic waste, encourage reuse and recycling, and eliminate environmental hazards.

Approval and Documentation:

- Departments must submit disposal requests to the IT Department with proper justification and asset inventory records.
- The IT Department, in consultation with the Finance and Purchase Committees, will evaluate and approve disposal proposals.
- A disposal certificate shall be issued and records maintained for future audits.

Data Wiping and Security:

- Prior to disposal, all data stored on ICT devices must be securely erased using industry-standard data destruction tools.
- Devices containing confidential university information must undergo a certified data sanitization process.
- Hard drives, SSDs, and other storage components must be either securely destroyed or repurposed after complete data erasure.

Methods of Disposal:

- Functional devices may be redeployed to other departments or donated to NGOs or educational institutions, subject to university approval.
- Non-functional or irreparable devices shall be disposed of through authorized e-waste recycling vendors.
- Devices with commercial value may be auctioned or sold following university financial protocols.

Compliance with Environmental Norms:

- The university will partner with certified e-waste handlers licensed under the E-Waste Management Rules of the Ministry of Environment, Forest and Climate Change, Government of India.
- Every effort will be made to reduce landfill contributions and carbon footprints associated with ICT disposal.

Review and Audit:

- The IT Department shall maintain an updated log of all disposed ICT equipment and submit periodic reports to the university's Asset Management Committee.
- Internal audits will be conducted annually to verify disposal compliance and track disposal efficiency.

Responsibility:

- End-users are responsible for reporting damaged or redundant equipment.
- The IT Department ensures secure data removal and environmentally safe disposal.
- The Finance and Purchase Committees oversee disposal approvals and budgetary aspects.

17. Budgetary Provisions for ICT

The Budgetary Provisions for ICT Policy at Bareilly International University (BIU) outlines the financial planning, allocation, and monitoring mechanisms that support the sustainable development of IT infrastructure and services. This policy ensures that technological advancements align with academic priorities and institutional goals through structured budgeting and transparent utilization of funds.

Annual Budget Planning:

- A comprehensive annual ICT budget will be prepared in consultation with the IT Department, Finance Office, and heads of academic and administrative units.
- The budget shall consider current needs, projected growth, security enhancements, software licensing, training, and infrastructure maintenance.

Budget Categories:

1. **Capital Expenditure (CAPEX):**
   - Procurement of hardware: servers, computers, networking devices, projectors, etc.
   - Infrastructure upgrades including labs, data centers, and Wi-Fi systems.
   - Investment in renewable ICT components and smart technologies.
2. **Operational Expenditure (OPEX):**
   - Software licenses, cloud subscriptions, and annual maintenance contracts.
   - Security systems, firewalls, backups, and monitoring services.
   - Staff training, workshops, and awareness programs.

Contingency and Emergency Funds:

- A provision will be made for emergency purchases and rapid responses to system failures, cyberattacks, or hardware breakdowns.
- These funds are subject to post-utilization audit and must be justified with appropriate documentation.

Proposal and Approval Workflow:

- All ICT budget proposals must be submitted by the IT Department during the university's annual planning cycle.
- Proposals will be reviewed and modified by the Budget Committee before final approval by the University Executive Council.

Monitoring and Compliance:

- Expenditure under the ICT budget will be monitored quarterly to ensure alignment with sanctioned allocations.
- Variance analysis reports will be submitted to the Finance Committee, highlighting overuse, underuse, or reallocation needs.

Vendor Evaluation and Procurement:

- Transparent procurement practices must be followed as per university and government norms.
- Vendors will be evaluated based on cost-effectiveness, support services, product reliability, and regulatory compliance.

Performance Metrics:

- Budget utilization efficiency, system uptime, user satisfaction, and infrastructure scalability will serve as performance indicators for ICT investments.
- Budgetary decisions will be influenced by these metrics in subsequent planning cycles.

Internal Audit and Reporting:

- All expenditures will be subject to regular internal audits by the Finance Department.
- Annual ICT budget performance reports will be presented to the Governing Body for review.

18. Breach of This Policy

The Breach of IT Policy section at Bareilly International University (BIU) establishes the consequences and corrective measures associated with violations of the institution's IT guidelines. This ensures accountability and protects the university's digital assets, network infrastructure, and stakeholder interests.

Definition of Breach:

- A breach occurs when an individual or group deliberately or unintentionally violates any clause of the IT policy.
- Common breaches include unauthorized access, data theft, malware distribution, installation of pirated software, network misuse, and failure to report security incidents.

Categories of Violations:

1. **Minor Breaches:**
    - First-time offenses such as accessing restricted websites, sharing login credentials, or unintentional data mismanagement.
    - May result in warnings, short-term access restrictions, or mandatory training.
2. **Moderate Breaches:**
    - Repeated offenses or use of unauthorized software/hardware, misuse of university email, or negligent data handling.
    - May involve suspension of access rights, departmental disciplinary action, and written reprimand.
3. **Major Breaches:**

- Deliberate hacking, identity theft, unauthorized disclosure of confidential information, or destruction of digital assets.
- Will result in permanent revocation of IT access, academic or employment termination, and legal action under the IT Act or applicable Indian laws.

Reporting a Breach:

- All suspected breaches must be reported immediately to the IT Department or the designated Cybersecurity Officer.
- Users can submit reports via secure internal channels with confidentiality protection for whistleblowers.

Investigation and Response:

- The IT Department will conduct a preliminary inquiry followed by a formal investigation in consultation with legal and administrative units.
- During the investigation, temporary suspension of access privileges may be imposed.

Disciplinary Action:

- BIU reserves the right to initiate disciplinary measures aligned with university policies, employment contracts, and student codes of conduct.
- For staff and faculty, actions may involve HR intervention, suspension, or termination.
- For students, penalties may include academic sanctions or suspension from university programs.

Legal Consequences:

- Severe violations may be referred to law enforcement agencies and prosecuted under relevant laws including the Information Technology Act, 2000.

Restoration of Access:

- Access may be reinstated only upon completion of disciplinary procedures and implementation of corrective action plans.
- Recurrent breaches may lead to permanent denial of access.

Preventive Measures:

- Regular awareness programs, cybersecurity drills, and mandatory training sessions will be conducted to reduce the risk of breaches.
- Automated monitoring tools will be deployed to detect anomalies and alert administrators in real time.

19. Revisions to Policy

The Revisions to Policy section ensures that the Information Technology (IT) Policy at Bareilly International University (BIU) remains current, relevant, and aligned with evolving technological trends, legal mandates, institutional strategies, and best practices in digital governance.

Periodic Review:

- This policy shall be reviewed at least once every two years by the university's IT Policy Review Committee.
- Interim reviews may be conducted if necessitated by major technological changes, security incidents, policy breaches, or regulatory updates.

Review Committee:

- The committee will comprise representatives from the IT Department, Academic Council, Legal Cell, Registrar's Office, and nominated faculty members.
- The committee may consult external IT experts or regulatory authorities if specialized input is required.

Proposal and Feedback Mechanism:

- Stakeholders including students, faculty, administrative staff, and research collaborators may submit recommendations for policy improvement to the IT Department.
- Feedback channels such as official emails, internal surveys, and review meetings will be used to gather inputs.

Approval and Implementation:

- Proposed revisions must be submitted for approval to the Vice-Chancellor through the University Executive Council.
- Upon approval, the revised policy shall be formally issued and circulated through university notice boards, digital platforms, and the official website.

Documentation and Version Control:

- All revisions shall be documented with a version number, date of revision, summary of changes, and the names of approving authorities.
- A policy history log shall be maintained for transparency and audit purposes.

Emergency Revisions:

- In case of urgent requirements—such as cybersecurity threats, legal mandates, or system failures—the Vice-Chancellor may authorize temporary policy changes until formal review and ratification.

Training and Awareness:

- Whenever major updates are introduced, awareness sessions and training programs shall be conducted to familiarize users with the changes.

4.4.2 List of ICT Tools

CRITERION 4- INFRASTRUCTURE AND LEARNING RESOURCES

4.4.4 Facilities for e-content development such as Media centre, audio visual centre, Lecture Capturing System (LCS), etc

BAREILLY INTERNATIONAL UNIVERSITY
(Established Under Govt. of U.P. Act 26 of 2016)
Rohilkhand Medical College Campus, Pilibhit Bypass Road, Bareilly-243006 (U.P.) INDIA
Phone: 0581-2526011-12, Fax: 0581 - 2303345
Email: info@biu.edu.in Website : www.biu.edu.in

Facilities for E-Content Development in the Respective School

Overview

In recognition of the transformative role of digital education, the institution has established dedicated infrastructure and support systems for the development and dissemination of e-content. This initiative aligns with modern pedagogical approaches aimed at enhancing accessibility, engagement, and flexibility in learning.

Details of the Media Centre

The Media Centre acts as the core facility for producing, editing, and managing digital learning resources. It is equipped with state-of-the-art hardware including:

- High-definition cameras and camcorders for recording lectures, demonstrations, and interviews.
- Professional-grade microphones and audio systems to ensure clear sound quality.
- Lighting equipment and green screens to facilitate video production with customizable backgrounds.
- Editing suites with powerful computers and licensed software for video and audio editing, animation, and graphic design.
- Studio space with controlled acoustics to provide a distraction-free environment for recording.

In addition to hardware, the Media Centre provides technical and creative support to faculty and students. This includes assistance in scripting, storyboarding, filming techniques, and post-production editing. The centre also conducts workshops and training sessions to enhance digital content creation skills.

A Lecture Capturing System (LCS) has been implemented within classrooms and seminar halls. This system automates the recording of lectures in real time, capturing both audio and video along with presentation slides. The recorded lectures are then processed and uploaded to the institutional digital repository or learning management system (LMS), allowing students to access them asynchronously.

Bills of Equipment and Software

All acquisitions related to e-content development infrastructure are supported by thorough documentation. This includes:

- **Equipment Bills:** Detailed invoices for cameras, microphones, lighting kits, computers, storage devices, and other hardware.
- **Software Bills:** Invoices for licenses of editing software such as Adobe Premiere Pro, Final Cut Pro, Camtasia, or equivalent tools; animation software; screen capture utilities; and content management systems.
- These bills are maintained systematically to support asset management, budgeting, and audit processes.

Stock Register

A comprehensive stock register is maintained to track all equipment and software related to e-content development. This register contains:

- Item description and specifications
- Serial numbers or asset tags
- Date of procurement
- Current condition (working, under repair, obsolete)
- Location within the institution
- Assigned custodian or department

Regular audits and verifications are conducted to update the register, ensuring accountability and identifying needs for repair or replacement.

List of Videos and Course Content Developed

The Media Centre has successfully facilitated the creation of various digital learning materials, including but not limited to:

- Recorded lectures covering core and elective courses
- Tutorial videos demonstrating practical skills and laboratory techniques
- Webinars and guest lectures by experts from academia and industry
- Digital case studies and simulation-based learning modules
- Multimedia presentations incorporating animations, graphics, and interactive quizzes
- Video documentation of workshops, seminars, and cultural events for institutional records and promotional use

These resources are cataloged and made available through the institutional LMS or digital library portals, with periodic reviews to update content in line with curricular revisions and technological advances.

E-Content Development Policy

Purpose

The policy aims to establish a structured framework to guide the planning, creation, management, and dissemination of e-content within the institution, ensuring quality, accessibility, and sustainability.

Policy Guidelines

1. **Quality Assurance**
   - All e-content must adhere to academic standards, be factually accurate, and pedagogically sound.
   - Content development should incorporate interactive and multimedia elements to engage diverse learning styles.

- Periodic review and updates must be scheduled to maintain relevance and accuracy.

2. **Intellectual Property Rights**
   - The institution respects and complies with copyright laws and licenses.
   - Original content created by faculty and students is protected under institutional IP policies.
   - Proper citation, permission, and acknowledgment are mandatory when using third-party materials.
3. **Accessibility and Inclusivity**
   - E-content should be designed to be accessible to learners with disabilities.
   - Features like subtitles, transcripts, audio descriptions, and screen reader compatibility must be incorporated.
   - Universal design principles should guide the development process.
4. **Privacy and Data Protection**
   - Recording and distribution of lectures and other materials must safeguard personal data and consent of all participants.
   - Sensitive or proprietary information must be handled with strict confidentiality.
   - Usage of e-content platforms must comply with institutional cybersecurity protocols.
5. **Training and Capacity Building**
   - Regular workshops and training programs shall be conducted to enhance the digital competencies of faculty, staff, and students.
   - Support services will be available to assist users in adopting new technologies and software tools.
6. **Maintenance and Upgradation**
   - The Media Centre shall be responsible for the maintenance, repair, and timely upgrading of equipment and software.
   - Budget provisions will be allocated annually to support technological advancements and emerging digital trends.
7. **Content Management and Storage**
   - E-content shall be stored securely in institutional repositories with adequate backup and disaster recovery plans.
   - Access control mechanisms shall be implemented to regulate content usage according to user roles and permissions.

Implementation

The Library and Media Centre, along with the IT department, will jointly oversee the execution of this policy. A dedicated committee will periodically review the policy effectiveness and suggest necessary amendments.

CRITERION 4- INFRASTRUCTURE AND LEARNING RESOURCES

4.5.2 There are established systems and processes for maintaining physical and academic support facilities: (laboratory, library, sports facilities , computers, classrooms, etc.)

BAREILLY INTERNATIONAL UNIVERSITY
(Established Under Govt. of U.P. Act 26 of 2016)
Rohilkhand Medical College Campus, Pilibhit Bypass Road, Bareilly-243006 (U.P.) INDIA
Phone: 0581-2526011-12, Fax: 0581 - 2303345
Email: info@biu.edu.in Website : www.biu.edu.in

Systems and Processes for Maintaining Physical and Academic Support Facilities

The institution is committed to ensuring that all physical and academic support facilities, including laboratories, libraries, sports facilities, computer labs, classrooms, and hostels, are maintained to provide a safe, efficient, and conducive environment for teaching, learning, and extracurricular activities. Robust systems and processes are in place to guarantee timely maintenance, minimize downtime, and enhance the longevity of infrastructure and equipment.

Maintenance Policy: Preventive and Breakdown Maintenance

The institution follows a comprehensive maintenance policy that emphasizes both **preventive** and **breakdown** maintenance to ensure uninterrupted functioning of facilities.

- **Preventive Maintenance:** Scheduled inspections, servicing, calibration, and cleaning of equipment and infrastructure are conducted at regular intervals. This proactive approach helps identify and rectify potential issues before they escalate into major faults, thereby reducing downtime and repair costs. Preventive maintenance covers electrical systems, laboratory instruments, computers, HVAC units, sports equipment, furniture, and hostel amenities.
- **Breakdown Maintenance:** In case of unexpected equipment failures or infrastructure issues, immediate corrective actions are initiated. The institution maintains a rapid response mechanism to address breakdowns, restore functionality, and minimize disruption to academic and residential activities.

Maintenance of Facilities

- **Laboratories:** Laboratory equipment and instruments are routinely checked, cleaned, and calibrated by designated technical staff. Consumables and safety equipment are replenished regularly. Specialized vendors are engaged for servicing sophisticated instruments as per manufacturer recommendations.
- **Library:** The library infrastructure including shelving, lighting, seating, and digital systems is maintained periodically. Electronic resources and computer terminals within the library are inspected for functionality, with prompt repairs undertaken when needed.
- **Classrooms:** Seating arrangements, projectors, smart boards, lighting, and ventilation systems are inspected and maintained to ensure comfort and technological readiness. Electrical fittings and safety features are checked routinely.
- **Computers and IT Infrastructure:** Computer labs and IT equipment receive both software updates and hardware servicing on a planned schedule. Antivirus and cybersecurity measures are maintained continuously. Network infrastructure, including Wi-Fi routers and switches, is monitored and upgraded as required.
- **Sports Facilities:** Indoor and outdoor sports equipment and grounds are inspected regularly for safety and usability. Maintenance includes surface repairs, equipment servicing, and cleanliness.
- **Hostels:** Regular checks of plumbing, electrical fittings, sanitation facilities, furniture, and security systems are conducted. Housekeeping and maintenance staff ensure hygiene and prompt resolution of complaints.

Procedure for Raising Maintenance Issues

The institution has established a clear, accessible procedure for users (students, faculty, and staff) to report maintenance issues:

1. **Reporting:** Maintenance requests can be raised through an online portal, email, or dedicated helpline numbers. In some cases, a physical maintenance request form is also available at departmental or facility offices.
2. **Details Required:** The request must include a description of the issue, location, urgency level, and contact details of the complainant.
3. **Acknowledgment:** Upon submission, an acknowledgment with a unique ticket number is generated for tracking purposes.

Issue Management and Resolution Process

- **Issue Logging:** All maintenance requests are logged into a centralized Maintenance Management System (MMS) or similar software to ensure systematic tracking.
- **Prioritization:** Requests are categorized based on severity and urgency — critical (safety or major disruption), moderate, or minor.
- **Assignment:** The maintenance coordinator assigns the issue to the relevant technical or housekeeping team for action.
- **Resolution Timeline:**
  - Critical issues are targeted to be resolved within 24-48 hours.
  - Moderate issues within 3-5 working days.
  - Minor issues within 7-10 working days.
- **Follow-up:** The maintenance team updates the status of the request in the system and informs the complainant upon completion.
- **Escalation:** If issues are not resolved within stipulated timelines, they are escalated to higher authorities for immediate intervention.

Maintenance Records

The institution maintains detailed records of all maintenance activities, including:

- Preventive maintenance schedules and completion reports
- Breakdown maintenance requests and resolution logs
- Vendor service reports and warranties
- Inventory of maintenance supplies and spare parts
- Inspection checklists and compliance certificates
- Feedback from users regarding maintenance effectiveness

These records are periodically reviewed by the Maintenance Committee and administrative authorities to evaluate performance, identify recurring problems, and plan for infrastructural upgrades or resource allocation.

Standard Operating Procedure (SOP) for

(a) Maintaining & Utilizing Physical, Academic and Support Facilities,

(b) Laboratory,

(c) Library,

(d) Sports complex,

(e) Computers,

(f) Classrooms etc.

(a) Maintaining & Utilizing Physical, Academic and Support Facilities (General Building & Campus)

This covers the overall infrastructure.

- **Purpose:** To ensure a safe, functional, clean, and well-maintained environment conducive to learning, research, and administrative operations.
- **Scope:** All physical buildings, grounds, utilities (electrical, plumbing, HVAC), common areas, and support facilities.
- **Responsibilities:**
    - **Facility Manager/Administrator:** Overall oversight, planning, budgeting, contractor management.
    - **Maintenance Staff:** Routine checks, repairs, preventive maintenance.
    - **Cleaning Staff:** Daily cleaning schedules, waste management.
    - **Security Staff:** Access control, emergency response.
    - **Users/Occupants:** Reporting issues, proper use of facilities.
- **Procedures:**
    - **Routine Inspections:** Daily/weekly checks of lighting, plumbing, HVAC, fire safety equipment, cleanliness.
    - **Preventive Maintenance Schedule:** Calendar-based maintenance for HVAC, electrical systems, elevators (if any), generators, etc. (e.g., quarterly, annually).
    - **Reactive Maintenance/Repair:**
        - Procedure for reporting issues (e.g., online portal, dedicated email/phone).

        - Prioritization of repairs (e.g., emergency, urgent, routine).
        - Response time targets.
        - Repair process, including vendor engagement if necessary.
    - **Cleaning & Housekeeping:**
        - Daily cleaning checklists for classrooms, offices, restrooms, common areas.
        - Waste segregation and disposal procedures.
        - Deep cleaning schedules.
    - **Utility Management:** Procedures for monitoring energy consumption, water usage, and waste generation.
    - **Space Utilization:** Guidelines for booking and utilizing common spaces (e.g., seminar halls, meeting rooms).
    - **Safety & Security:**
        - Emergency evacuation plans (fire, earthquake, etc.).
        - First aid procedures and locations.
        - CCTV monitoring and access control protocols.
        - Visitor management.
- **Documentation:** Maintenance logs, inspection reports, repair requests, incident reports, energy consumption data.
- **Training:** Training for maintenance staff on equipment operation, safety protocols.

(b) Laboratory

Laboratories require stringent safety and operational protocols.

- **Purpose:** To ensure a safe, efficient, and effective environment for practical experimentation, research, and learning, minimizing risks to personnel and equipment.
- **Scope:** All laboratory spaces, equipment, chemicals, biological materials, and waste.
- **Responsibilities:**
    - **Lab In-charge/Faculty:** Overall supervision, ensuring adherence to safety regulations, training of users.

- **Lab Technicians:** Daily operation, equipment maintenance, chemical inventory, waste management, supervision of students.
- **Students/Researchers:** Adherence to all safety protocols, proper use of equipment, waste disposal.

- **Procedures:**
  - **General Lab Safety:**
    - Mandatory use of PPE (lab coats, safety goggles, gloves).
    - Emergency contact information, fire extinguisher locations, first aid kits.
    - Spill containment procedures.
    - Eye wash and safety shower locations and operation.
    - Procedures for reporting accidents/incidents.
  - **Chemical Management:**
    - Chemical procurement and storage guidelines (compatibility, ventilation, labeling).
    - Material Safety Data Sheets (MSDS) accessibility.
    - Disposal procedures for hazardous and non-hazardous chemical waste.
    - Inventory management.
  - **Equipment Operation & Maintenance:**
    - Specific SOPs for each major piece of equipment (e.g., spectrophotometer, centrifuge, microscope) covering:
      - Pre-operational checks.
      - Start-up and shut-down procedures.
      - Operating parameters.
      - Troubleshooting common issues.
      - Routine cleaning and calibration.
      - Reporting malfunctions.
    - Preventive maintenance schedules for equipment.
  - **Biological Safety (if applicable):**
    - Biohazard waste disposal.

        - Sterilization protocols.
        - Handling of biological samples.
    - **Waste Management:** Detailed procedures for segregation, labeling, storage, and disposal of all types of lab waste.
    - **Emergency Procedures:**
        - Chemical spill response.
        - Fire procedures.
        - Medical emergencies.
    - **Access Control:** Guidelines for authorized personnel access.
- **Documentation:** Safety manuals, equipment manuals, chemical inventory, waste disposal manifests, accident reports, training records.
- **Training:** Mandatory safety training for all lab users, specific equipment training.

(c) Library

Libraries are resource centers requiring efficient management and accessibility.

- **Purpose:** To provide seamless access to information resources, maintain a conducive learning environment, and preserve library materials.
- **Scope:** All library collections (books, journals, digital resources), equipment (computers, printers, scanners), and spaces (reading rooms, discussion areas).
- **Responsibilities:**
    - **Librarian/Library Head:** Overall management, policy formulation, resource acquisition.
    - **Library Staff:** Daily operations, circulation, cataloging, shelving, user assistance.
    - **Users:** Adherence to library rules, responsible use of resources.
- **Procedures:**
    - **Collection Development:**
        - Guidelines for selection and acquisition of new books, journals, and digital resources.
        - Subscription management for e-resources.

- **Cataloging & Processing:** Procedures for cataloging, classification, and physical processing of new materials.
- **Circulation Services:**
  - Membership registration process.
  - Borrowing, returning, and renewing procedures.
  - Overdue fine policies.
  - Reservation of books.
  - Inter-library loan procedures (if applicable).
- **Reference Services:** Guidelines for assisting users with information retrieval, database searching.
- **Digital Resources Management:**
  - Access protocols for e-journals, e-books, databases.
  - Troubleshooting access issues.
- **Shelving & Inventory:**
  - Procedures for accurate shelving of returned books.
  - Regular inventory checks to identify missing or damaged items.
- **Maintenance of Library Materials:** Guidelines for handling damaged books, binding procedures.
- **Space Management:**
  - Rules for quiet zones, discussion areas.
  - Booking procedures for private study rooms (if any).
- **IT Facilities in Library:** Procedures for using library computers, printers, scanners, including troubleshooting basic issues.
- **Security:** Measures to prevent theft of library materials, CCTV monitoring.

- **Documentation:** Library policies, user guides, circulation data, acquisition records, inventory reports.
- **Training:** Training for library staff on library management software, new resources. User orientation sessions.

(d) Sports Complex

Ensuring safety, fair play, and proper equipment maintenance.

- **Purpose:** To provide a safe, well-maintained, and accessible environment for physical activities, sports training, and recreational events.
- **Scope:** All indoor and outdoor sports facilities (gym, courts, fields, swimming pool), equipment, and changing rooms.
- **Responsibilities:**
    - **Sports Director/Manager:** Overall management, event scheduling, equipment procurement.
    - **Coaches/Trainers:** Supervision of activities, ensuring safety protocols are followed.
    - **Groundskeepers/Maintenance Staff:** Maintenance of fields, courts, equipment.
    - **Users:** Adherence to rules, proper use of facilities and equipment.
- **Procedures:**
    - **Facility Access & Booking:**
        - Membership/registration procedures.
        - Booking system for courts, fields, or specific time slots.
        - Rules for guests/non-members.
    - **Equipment Issuance & Return:** Procedures for issuing sports equipment, ensuring return and checking for damage.
    - **Maintenance of Facilities:**
        - Daily inspection of courts, fields, gym equipment for safety hazards.
        - Scheduled maintenance for specialized equipment (e.g., gym machines).
        - Cleaning protocols for changing rooms, restrooms, and common areas.
        - Water quality testing and maintenance for swimming pools.
    - **Safety Protocols:**
        - First aid availability and procedures for injuries.
        - Emergency contact information.
        - Rules for proper attire and footwear.
        - Supervision requirements for certain activities (e.g., swimming).

        - Guidelines for weather-related cancellations (outdoor sports).
    - **Event Management:** Procedures for organizing and conducting sports events, including venue setup, safety, and crowd control.
    - **Rules of Play:** Displaying and enforcing rules for different sports.
- **Documentation:** Booking logs, equipment inventory, maintenance records, incident reports, first aid logs.
- **Training:** First aid and CPR training for staff, safety briefings for users.

(e) Computers

Covers all IT equipment and network infrastructure.

- **Purpose:** To ensure the reliable, secure, and efficient operation of computer systems and network infrastructure to support academic and administrative functions.
- **Scope:** All desktop computers, laptops, servers, network devices (routers, switches, Wi-Fi access points), printers, software, and data.
- **Responsibilities:**
    - **IT Head/Manager:** Overall IT strategy, infrastructure management, security policies.
    - **IT Support Staff:** Installation, troubleshooting, maintenance, user support.
    - **Users:** Responsible use, adherence to IT policies, reporting issues.
- **Procedures:**
    - **Hardware Management:**
        - Procurement and asset tagging of new equipment.
        - Installation and setup procedures.
        - Routine hardware checks and cleaning.
        - Repair and replacement protocols.
        - Disposal of e-waste.
    - **Software Management:**
        - Software installation and licensing procedures.
        - Regular operating system and application updates/patching.
        - Antivirus definition updates and scanning.

        - Procedures for requesting new software.
    - **Network Management:**
        - Network connectivity troubleshooting (wired and wireless).
        - IP address management.
        - Bandwidth monitoring.
        - Configuration of network devices.
    - **Data Security & Backup:**
        - Regular data backup procedures (local and cloud).
        - Password policies and best practices.
        - User account management (creation, modification, deletion).
        - Firewall and intrusion detection system management.
        - Incident response plan for cyberattacks/data breaches.
    - **User Support & Troubleshooting:**
        - Procedure for users to report IT issues (e.g., helpdesk, ticketing system).
        - Response time targets for different severity levels of issues.
        - Remote assistance protocols.
    - **Printer & Peripheral Management:**
        - Installation and configuration of printers, scanners.
        - Consumables (toner, paper) management.
        - Troubleshooting common printing issues.
    - **Acceptable Use Policy (AUP):** Clear guidelines for users on the appropriate and ethical use of IT resources.
- **Documentation:** Network diagrams, hardware inventory, software licenses, IT policies, backup logs, incident reports, user guides.
- **Training:** IT awareness training for users (phishing, safe Browse, password management), specialized training for IT staff.

(f) Classrooms

Ensuring a conducive learning environment.

- **Purpose:** To provide a clean, functional, and technologically equipped environment suitable for effective teaching and learning.
- **Scope:** All classrooms, lecture halls, and associated equipment (projectors, whiteboards, sound systems).
- **Responsibilities:**
  - **Facility Manager/Administrator:** Overall maintenance and repair.
  - **Cleaning Staff:** Daily cleaning.
  - **IT Support Staff:** Maintenance of AV equipment, network connectivity.
  - **Faculty/Instructors:** Proper use of classroom technology, reporting issues.
  - **Students:** Maintaining cleanliness, responsible use of furniture.
- **Procedures:**
  - **Daily Readiness Checks:**
    - Checking cleanliness before classes begin.
    - Ensuring furniture is in order.
    - Verifying functionality of lighting and fans/AC.
  - **AV Equipment Operation:**
    - Basic operating instructions for projectors, sound systems, smart boards prominently displayed.
    - Procedure for connecting personal devices (laptops, mobile phones).
    - Troubleshooting common AV issues (e.g., projector not turning on).
  - **Reporting Malfunctions:** Clear procedure for faculty/students to report issues with AV equipment, lighting, furniture, etc. (e.g., dedicated number, online form).
  - **Cleaning & Housekeeping:**
    - Daily cleaning of floors, desks, whiteboards.
    - Waste disposal procedures.
    - Deep cleaning schedules during breaks.
  - **Furniture & Fixture Maintenance:**
    - Regular inspection for damaged chairs, desks, boards.

        - Repair or replacement protocols.
    - **Temperature Control:** Guidelines for operating AC/heating units.
    - **Safety:** Ensuring clear exit routes, proper fire extinguisher placement.
- **Documentation:** Classroom checklists, maintenance logs, issue reports.
- **Training:** Basic training for faculty on using classroom AV equipment.
