## 4.2.1 *Teaching Hospital/s, Equipments, Laboratory and clinical teaching-learning facilities including equipment as per the norms of the respective Regulatory Bodies.*

### **Response:**

#### **Hospitals of Bareilly International University: Clinical Facilities Overview**

Bareilly International University (BIU) boasts well-equipped hospitals that adhere to the standards set by regulatory bodies. The Rohilkhand Medical College & Hospital (RMCH) is NABH-accredited and features 1,450 beds, providing a comprehensive range of basic and super-specialty services, including General Medicine, Pediatrics, Surgery, and advanced specialties such as Cardiology, Neurology, and Oncology.

#### **Surgical and Clinical Facilities**

RMCH is home to modern surgical modular suites, catering to both minor and complex surgeries. In the past five years, the hospital has successfully conducted over 50,000 major surgeries and more than 200,000 minor procedures. The hospital includes various intensive care units (ICUs), such as the ICU, Surgical ICU, NICU, and PICU, all equipped with advanced medical technology, including multi-parameter monitors, ventilators, and dialysis facilities. There are also six ECMO machines available for critical care.

The dialysis unit operates around the clock with 30 machines, including specialized SLED and CRRT machines. RMCH is registered with the Uttar Pradesh Directorate of Health Services for various transplant programs, including renal, heart, liver, and pancreas transplants, having successfully performed 1,927 renal transplants and numerous others.

#### **Diagnostic and Radiology Services**

The radiology department at RMCH is fully equipped, offering essential services such as five CT machines (ranging from 20 to 128 slices), two MRI machines (1.5 and 3 Tesla), and various other diagnostic tools, including a Bone Densitometer and PET scans. The cath lab features three advanced Philips FD machines for interventional procedures.

#### **Dental and Rehabilitation Services**

The Dental Hospital provides state-of-the-art dental care, specializing in implantology and comprehensive maxillofacial surgeries. The Conservative Dentistry and Endodontics department utilizes high-end technology, including surgical microscopes and lasers, while the Oral and Maxillofacial Surgery department handles a range of surgical procedures, including cleft lip and palate surgeries.

The Department of Physiotherapy offers treatment and rehabilitation for musculoskeletal, neurological, and cardiopulmonary conditions, along with a specialized sports physiotherapy unit. The Occupational Therapy department focuses on rehabilitation for patients with special needs.

---

## **Community Support Initiatives**

RMCH actively supports the community through various initiatives, including a self-help group for patients with disabilities and facilities such as a Sulabh complex for patient attendants, free food services through Akshaya Patra, and comfortable accommodations.

## **Laboratories and Research Facilities**

RMCH features fully equipped, NABL-accredited laboratories providing 24/7 services. Advanced equipment includes chemiluminescence analyzers, blood culture systems, and molecular diagnostics for genetic testing. The hospital was the first private institution in Uttar Pradesh to establish an ICMR- approved Molecular and RT-PCR lab for COVID-19 testing.

Additionally, the hospital hosts a NABH-accredited blood center, recognized for its contributions to transplant immunology and hemovigilance programs, and has participated in clinical trials for COVID-19 convalescent plasma therapy.

Through these comprehensive facilities, BIU ensures that students receive a robust clinical education, preparing them for successful careers in healthcare.

## **TEACHING HOSPITALS, EQUIPMENT, LABORATORY AND CLINICAL TEACHING-LEARNING FACILITIES POLICY**

### **1. Purpose**

This policy outlines the requirements and guidelines for establishing, maintaining, and enhancing teaching hospitals, laboratories, and clinical teaching-learning facilities in compliance with the norms of respective regulatory bodies.

### **2. Scope**

This policy applies to all healthcare-related academic programs (e.g., medicine, nursing, pharmacy, allied health sciences) offered by the university and its affiliated institutions.

### **3. Regulatory Framework**

All facilities must adhere to the norms and standards established by the following regulatory bodies, as applicable:

- Medical Council/Commission of the country (e.g., National Medical Commission for India).
- Nursing Council (e.g., Indian Nursing Council).
- Pharmacy Council.
- Allied Health Professional Bodies.
- Any other relevant national or international accrediting agencies.

### **4. Teaching Hospital Requirements**

#### **4.1 Ownership or Affiliation**

- The university must own or be affiliated with a teaching hospital of at least the prescribed capacity (e.g., 300 beds for medical programs).
- The hospital must have departments in all mandatory specialties and super-specialties, as required.

#### **4.2 Staffing**

- Qualified and experienced medical, nursing, and allied health professionals must be employed.
- Staffing ratios should meet or exceed the regulatory standards.

#### **4.3 Facilities**

- The hospital must have outpatient and inpatient services, operation theatres, ICUs, diagnostic laboratories, radiology facilities, and a blood bank.
- Emergency and trauma care services must be operational 24/7.

### **5. Laboratory Requirements**

#### **5.1 Infrastructure**

- Laboratories must be well-equipped with the latest tools, models, specimens, and simulation equipment.
- Adequate space, ventilation, and safety provisions must be ensured.

#### **5.2 Equipment and Maintenance**

- All equipment must meet the standards of respective regulatory authorities.
- Regular calibration, servicing, and safety inspections must be conducted.

#### **5.3 Specialized Labs**

- Specialized laboratories (e.g., anatomy, physiology, biochemistry, pathology, microbiology, and pharmacology) must be available and fully functional.

## **6. Clinical Teaching-Learning Facilities**

### **6.1 Clinical Skill Development**

- Dedicated clinical skill labs with simulators, manikins, and audiovisual aids must be provided for hands-on learning.
- Access to real-time clinical cases during hospital rounds must be facilitated.

### **6.2 Library and IT Support**

- A central library with relevant medical, nursing, and allied health resources must be available.
- Online journals, e-books, and IT-enabled learning platforms should support clinical education.

### **6.3 Student-Patient Ratio**

- Ensure compliance with the prescribed student-patient ratio to facilitate optimal clinical exposure and learning.

### **6.4 Assessment and Feedback**

- Regular assessments of students' clinical competencies must be conducted.
- Feedback from students and faculty should inform continuous improvement.

## **7. Compliance Monitoring**

- A compliance committee must regularly review facilities and operations to ensure adherence to regulatory norms.
- Annual reports must be submitted to relevant regulatory bodies for approval and accreditation.

## **8. Budget and Resource Allocation**

- Adequate budgetary provisions must be made for the development and maintenance of teaching hospitals, laboratories, and clinical facilities.

## **9. Policy Review and Updates**

This policy will be reviewed annually or as required by changes in regulatory guidelines.

## **10. Roles and Responsibilities**

- **Vice Chancellor/Director:** Overall responsibility for compliance.
- **Hospital Administrator:** Management of teaching hospital operations.
- **Dean/Head of Department:** Oversight of academic and clinical training.
- **Faculty:** Delivering high-quality clinical education.
