7.1.11

Institution celebrates / organizes national and international commemorative days, events and Festivals

Bareilly International University (BIU), Bareilly, is deeply committed to preserving and promoting India's national identity and cultural heritage. The university believes that raising awareness among young students about the nation's glorious past is essential for fostering a sense of national pride. The leaders of India's freedom struggle played a pivotal role in building national unity and strength, leaving behind the invaluable legacy of a free and democratic nation. Their vision of "unity in diversity" continues to inspire the world.

At BIU, students are encouraged to develop a strong sense of patriotism through the celebration of national festivals such as Independence Day and Republic Day. On these significant occasions, the Tricolor is hoisted, and the National Anthem is sung, accompanied by speeches from esteemed guests and dignitaries to inspire patriotism, unity, and a sense of duty towards the nation.

In addition to national celebrations, BIU embraces the diversity of India by celebrating various religious and cultural festivals such as Diwali, Navratri, Holi, Lohri, and Karva Chauth, with enthusiasm and respect for all faiths. The university also celebrates important international days, promoting global awareness and helping students become responsible citizens of the world.

BIU takes pride in its commitment to ongoing education programs, like the popular "Sehat Ki Baat" initiative, which educates the public in the hospital reception area. The university organizes and celebrates several national and international commemorative days and events, including:

World Environment Day

World Malaria Day

World Prematurity Day

World Human Milk Donation Day

World Immunization Week

International Women's Day

World Tuberculosis Day

World Health Day

International Day of the Girl Child

GUM HEALTH DAY REPORT

The department of Periodontology and Implantology, Institute of Dental Sciences celebrated **Gum Health Day**, which is observed annually on **May 12**. It is a global initiative led by the **European Federation of Periodontology (EFP)** to raise public awareness about the critical role of healthy gums in maintaining overall health and quality of life. The 2025 theme, **"Gums rock! Keep smiling!"** emphasizes both the medical and aesthetic importance of periodontal care.

OBJECTIVES OF THE CELEBRATION:

- To raise awareness about the silent nature of gum diseases and their preventable nature.
- To promote early diagnosis, prevention, and treatment of gingivitis and periodontitis.
- To empower patients with knowledge on maintaining gum health and understanding its impact on systemic health.
- To engage dental professionals and students in proactive outreach and health education.

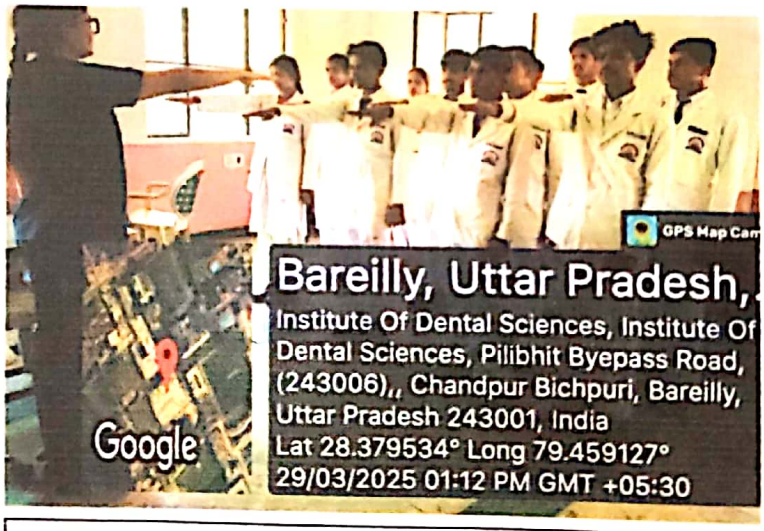

Scanned with CamScanner

DAY'S ACTIVITIES IN DETAIL

1. Awareness Pledge Ceremony:

The event began with a pledge ceremony held in the Seminar Hall. Faculty, postgraduate students, interns, and undergraduates pledged their commitment to promoting periodontal health and ethical dental practice.

It instilled a strong sense of professional responsibility in shaping healthier communities through periodontal care

ORAL HEALTH PLEDGE TAKEN

Scanned with CamScanner

2. OPD-Based Patient Education Program:

A comprehensive periodontal awareness session was conducted for OPD patients. Using live demonstrations and educational models, patients were introduced to:

- Signs and stages of gum disease
- Proper brushing (Modified Bass Technique) and interdental cleaning
- Role of plaque and tartar in gum inflammation
- Importance of regular dental scaling
- Oral-systemic health connections (diabetes, pregnancy, cardiovascular links)

Outcome: 200+ patients benefited from the session, with improved interest in periodontal consultations and preventive check-ups.

DEMONSTRATION OF BRUSHING TECHNIQUES GIVEN TO THE PATIENTS

Scanned with CamScanner

3. Plaque Detection Corner:

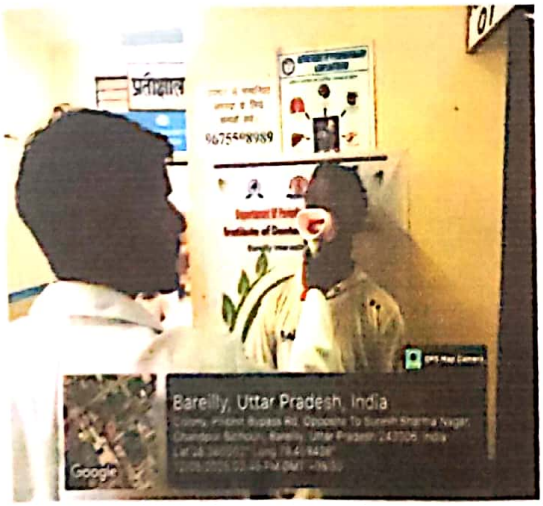

As part of the patient awareness initiative, **a dedicated "Plaque Detection Corner"** was set up within the outpatient department. The corner served as an interactive learning station where patients could **visually observe plaque accumulation** using a **plaque detection machine** and disclosing agents.

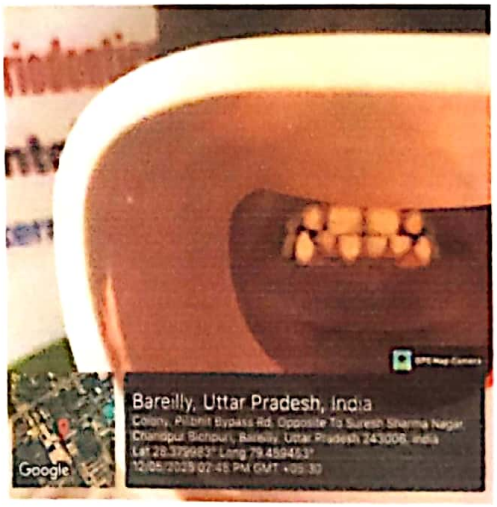

Purpose:

To educate patients about invisible plaque deposits and emphasize the importance of meticulous oral hygiene.

Highlights:

- Real-time demonstration of plaque on patients' teeth
- Visualization using plaque disclosing agents
- Personalized brushing technique guidance based on detected plaque sites
- Increased motivation for routine dental cleanings and check-ups

PLAQUE DETECTION ON PATIENTS USING A PLAQUE DETECTOR MACHINE

Scanned with CamScanner

4. Free Distribution of Toothpaste Samples:

To reinforce the importance of daily oral hygiene practices, **free toothpaste samples** were distributed to all patients of the Gum Health Day campaign. The samples were provided with guidance on proper usage, frequency, and brushing techniques.

Purpose:

To encourage consistent oral hygiene habits and promote the use of fluoride-containing toothpaste for gingival and dental health.

Highlights:

- Distribution of tooth samples to OPD patients.
- Each sample accompanied by a brief oral hygiene instruction leaflet
- Counseling on the benefits of regular brushing, especially using anti-plaque and anti-gingivitis formulations

Impact:

The sample distribution added a tangible takeaway to the educational efforts of the day, reinforcing patient motivation to maintain oral hygiene at home.

DISTRIBUTION OF TOOTHPASTE SAMPLES GIVEN TO THE

Scanned with CamScanner

IMPACT & FEEDBACK:

The Gum Health Day 2025 celebration at the Institute of Dental Sciences, Bareilly, created a meaningful impact across multiple layers of the community. The combination of interactive demonstrations, hands-on education, and compassionate outreach empowered patients and participants to take charge of their periodontal health.

The **Plaque Detection Corner** proved to be one of the most engaging highlights, allowing patients to visually identify hidden plaque deposits—bridging the gap between knowledge and awareness. This activity significantly boosted interest in oral hygiene practices and follow-up periodontal treatments.

Additionally, the **free distribution of toothpaste samples** served as a thoughtful incentive, reinforcing the educational messages with tangible tools for daily care. Participants appreciated the practical guidance and expressed increased willingness to adopt healthier oral hygiene routines.

Feedback from patients, students, and community stakeholders reflected deep appreciation for the department's efforts, with many requesting regular follow-up programs. Faculty and postgraduate students reported higher patient motivation and more informed conversations during consultations.

CONCLUSION:

Gum Health Day 2025 was a comprehensive success, not only in its outreach but in fostering a culture of preventive care and self-awareness among the public. The Department of Periodontics at the Institute of Dental Sciences, Bareilly, demonstrated leadership in combining **clinical expertise, community engagement, and innovative education**, such as the **plaque detection setup** and **hygiene kit/sample distribution.**

The event aligned strongly with the global objectives set by the **European Federation of Periodontology** and reinforced the institute's commitment to public health and professional excellence. Moving forward, such initiatives will continue to shape a more informed and health-conscious society, one smile at a time.

REPORT ON WORLD ORAL HEALTH MONTH 2025

Department of Pediatric & Preventive Dentistry, IDS, Bareilly celebrated World Oral Health Month with the theme "A Happy Mouth is A Happy Mind " from March 20 to April 20, 2025.

Numerous initiatives were carried out to promote oral health services and raise public awareness regarding oral health, particularly in and around the Bareilly region. Various activities that took place were as follows:

AWARENESS CAMPS WERE HELD AT

1) SCHOOLS

Our campaign reached 12882 (Twelve thousand Eight Hundred and Eighty-Two) children in schools of Uttar Pradesh 19112 (Nineteen Thousand One Hundred and Twelve) children in Maharashtra (Five Hundred and Thirty-Five) Children in Madhya Pradesh, 1295 (One Thousand Two Hundred Ninety-Five) Children in Assam and 539(Five Hundred and Thirty-Nine) children in a school of Gujarat

2) SPECIAL CHILDREN SCHOOLS

We also focused on rehabilitation centers and schools for special children, conducting oral health screenings in Rajkiya Sanket School, Asha School, Vatsalya Academy and Jeevan Dhara including 348 children.

3) ANAGANWADI AND ASHA WORKERS

Oral health awareness Program was organized in Itawa block of Bareilly district to empower Anganwadi and ASHA workers with the knowledge to remove stigma and to improve the oral health of children & adults under their care.

4) UNDER-PRIVILEGED PEOPLE

While celebrating World Oral Health Month, we spent time with children in the Slums, Villages, Juvenile and Adoption Centre, Government Shelter Home, Panchayat Ghar. Free Samples were distributed including toothbrush and toothpaste.

Dental Fair was organized in Village to raise awareness about oral hygiene and providing free dental check-ups to residents. Pre – loved gifts were distributed to gather people and fun activities were conducted.

Scanned with CamScanner

DIFFERENT MODES OF AWARENESS -

1) **NEWSPAPER ARTICLES**

We published articles on oral health and hygiene in the state Hindi newspaper, Amrit Vichar, consistently for 30 days to educate and inform the public

2) **WALKATHON**

Successful walkathon was conducted to promote oral health awareness, bringing together a diverse group of participants, including healthcare professionals, students, and community members. The event aimed to Educate the Public on the Importance of Maintaining Good Oral Hygiene and preventing dental diseases. Throughout the event, Participants Carried Banners and Placards with key messages on oral hygiene, such as the importance of brushing, flossing, and regular dental check-ups

3) **LED BILLBOARD**

We used these to spread awareness and knowledge among people about oral health and hygiene because it makes outdoor and indoor advertising simpler with the advent of digital signs

4) **PAMPHLETS**

We distributed 1,500 detailed pamphlets alongside prominent newspapers like Dainik Jagran, Amrit Vichar, and Amar Ujala in and around Bareilly.

5) **BANNER DISPLAY**

To highlight the importance of children's oral health, large, vibrant flex banners were displayed at diverse locations.

6) **INFORMATION TECHNOLOGY**

Radio broadcasting was done to spread awareness and significance of pediatric & preventive dentistry and oral health maintenance for children and teenagers, reaching an audience of approximately 20 million people.

Awareness was also done with the help of YouTube channels, Instagram, Facebook

7) **FUN ACTIVITIES**

We modified several games into dental games to positively manipulate the mind of young kids toward good oral hygiene. By incorporating elements of familiar games such as hopscotch, puzzles, and board games, children were encouraged to actively participate in their dental care routines. Story Telling, Graffiti, Coloring roll and Puppet Show in school were also conducted.

Scanned with CamScanner

8) NUKKAD NATAK

Nukkad Natak was done in various public places and this method proved highly effective in reaching large audiences and promoting awareness on various social concerns, including oral health.

9) CALENDER DISTRIBUTION

Institute of Dental Sciences launched Customized Dental Calendars aimed at raising awareness about oral health. These calendars featured helpful tips, facts, and daily reminders to educate individuals on the importance of maintaining good dental hygiene.

10) CHAI PE CHARCHA

Chai pe charcha was done to discuss about various problems and myths faced by them regarding oral health. We meticulously planned out each event amongst various communities (maids, carpenters, bus drivers and conductors, labourers).

11) DENTAL TOUR

A dental tour and exhibition were held by the Institute of Dental Sciences, Bareilly on 5th April 2025 in which school children from Rural Area were invited to visit our dental college in order to Eliminate Their Fear And Anxiety of visiting the dentist as well as to broaden their knowledge of oral health care and the various facilities and treatments that a dental college can provide.

DENTAL PREMIERE LEAGUE

Dental Premier League was organised in our college to engage them in health-related activity and to provide accurate information on maintaining excellent oral hygiene habits and to encourage good oral hygiene.

World Oral Health Day Report

18/03/2025 to 21/03/2025

World Oral Health Day, celebrated globally, serves as a powerful reminder of the importance of maintaining good oral hygiene and the vital link between oral and overall health. This year's theme, **"A Happy Mouth is a Healthy Mouth"**, motivated us to take an inclusive and comprehensive approach toward community engagement and patient education.

OBJECTIVES OF THE CELEBRATION

- To promote awareness of periodontal and oral health across all age groups.
- To provide free dental screening and hygiene education to underserved communities.
- To empower individuals with the knowledge and tools required to maintain oral hygiene.
- To engage dental students and professionals in community service and public health promotion.

Scanned with CamScanner

DAY'S ACTIVITIES IN DETAIL

1. In-House Pledge Ceremony

The celebration commenced with a solemn **pledge ceremony** conducted within the campus premises. Faculty members, postgraduate students, interns, and undergraduate students took an oath to dedicate themselves to the promotion of oral health in their personal and professional lives.

- **Venue:** Seminar Hall, Institute of Dental Sciences
- **Participants:** Over 120 attendees, including teaching and non-teaching staff
- **Significance:** Reinforced professional ethics, responsibility, and public health dedication among future dental practitioners.

Pledge Ceremony Conducted Within the Campus

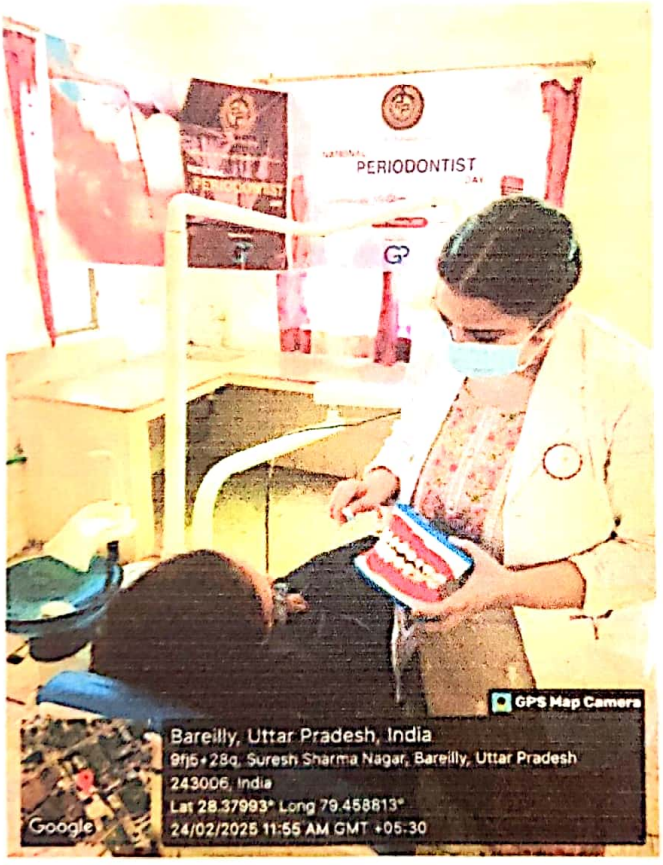

Scanned with CamScanner

2. Patient Awareness Program at OPD

A full-day **patient education drive** was conducted in the outpatient department. Patients were educated through live demonstrations, charts, and models.

- **Topics Covered**:
  - Proper brushing techniques (Modified Bass, Fones method)
  - Flossing demonstrations
  - Use of interdental aids and mouth rinses
  - Role of plaque and calculus in periodontal disease
  - Importance of regular dental visits
- **Additional Support**: Distribution of pamphlets and oral hygiene kits to patients

Over **250 walk-in patients** were engaged in informative sessions, resulting in a positive impact on patient compliance and awareness.

Demonstration of Proper Brushing Technique to the Patient

Scanned with CamScanner

3. Community Outreach Dental Camps

Five targeted dental outreach programs were conducted across Bareilly, focusing on marginalized and underserved populations.

a. School Oral Health Camp – Aonla City School

Date: March 18, 2025
Venue: Aonla City School, Bareilly District
Audience: Approximately 150 school children (aged 7–14 years)
Team Involved: 2 faculty members, 3 postgraduate students, 5 undergraduate volunteers

Overview

The first outreach initiative in the week-long World Oral Health Day celebration was conducted at **Aonla City School**, targeting young schoolchildren—a population critical for early dental health education and intervention. The goal was to instill correct oral hygiene habits at a young age and prevent the onset of dental diseases through preventive care and awareness.

Key Activity Conducted

Dental Screening

Each child was individually screened by dental professionals using sterilized instruments and under proper aseptic conditions. Observations included:

- Dental caries status
- Oral hygiene level (plaque and calculus)
- Gingival condition

Screening Done by Dental Professionals

Scanned with CamScanner

b. Government School Camp – Rithora

Date: March 19, 2025
Venue: Government Inter College, Rithora, Bareilly District
Participants: Approximately 100 students (Classes 6th to 10th)
Team Involved: 2 faculty members, 4 postgraduate students, 6 undergraduate volunteers from the Department of Periodontics

Overview

As part of the World Oral Health Day outreach initiative, a school-based oral health awareness and screening camp was organized at the **Government Inter College, Rithora**, a semi-rural locality with limited access to routine dental care. The objective was to instill oral hygiene awareness among school-aged children and identify early signs of dental issues.

2. Oral Hygiene Education

A highly interactive oral hygiene session was conducted in the school assembly area. Visual aids such as tooth models and large charts were used to demonstrate:

- Proper brushing technique (Modified Bass).
- Use of tongue cleaners and floss.
- Brushing twice a day and post-snack routines.
- Importance of limiting sugary foods.

Conducted Oral Hygiene Session in the School Assembly Area

Scanned with CamScanner

c. Camp at Female Government Shelter Home

Date: March 20, 2025 (Morning)
Venue: Female Government Shelter Home, Bareilly
Participants: Approximately 60 female residents (aged 14–45)
Team Involved: 2 faculty members, 3 postgraduate students (female), 4 interns

Overview

A focused outreach camp was organized for the **Female Government Shelter Home** in Bareilly with the dual purpose of providing dental screening and sensitization towards the interrelationship between **women's health and oral hygiene**. The demographic comprised adolescent girls, young women, and adult residents housed at the shelter due to socio-economic vulnerability.

Key Services Provided

- **Oral Screening:**
  Each participant underwent oral examination. Findings included:
  - Generalized gingival inflammation due to poor hygiene practices
  - High prevalence of calculus and plaque accumulation
  - 15+ residents with advanced periodontal issues
- **Counseling Sessions on Hormonal Influences on Oral Health:**
  A special session was conducted addressing:
  - How hormonal fluctuations during puberty, menstruation, pregnancy, and menopause affect gum health
  - Management of gingival bleeding and sensitivity
  - Connection between menstrual cycles and transient gum swelling
- **Menstrual Hygiene & Oral Health Link:**
  A unique discussion was held on how poor menstrual hygiene, systemic inflammation, and nutritional deficiencies contribute to gingival problems.
- **Distribution of Hygiene Kits:**
  Each resident received an oral hygiene kit comprising a toothbrush, toothpaste, tongue cleaner, and a pictorial guide to brushing and flossing.

Impact: The session empowered women with practical knowledge and dignity-centered healthcare tips. Caretakers expressed gratitude and requested repeat visits for follow-up treatment.

Scanned with CamScanner

Screening Done by Dental Professionals

d. Camp at Bareilly District Jail

Date: March 20, 2025 (Afternoon)
Venue: Central Jail, Bareilly
Beneficiaries: ~90 male inmates
Team Involved: 2 senior faculty members, 5 postgraduate students, 1 security liaison

Overview

Understanding the dire lack of access to preventive dental care in closed environments, a specialized outreach was conducted for the **Bareilly District Jail**. It marked a first-of-its-kind initiative by the department to deliver oral health services in a correctional facility.

Services Rendered

- **Comprehensive Oral Screening:**
  90 inmates were screened for:
  - Periodontal disease
  - Tobacco-related lesions (leukoplakia, OSMF)
  - Decay and trauma-related dental issues

Scanned with CamScanner

- **Health Education Talk:**
  A powerful talk titled **"Oral Health in Closed Settings – Challenges and Solutions"** was delivered, covering:
  - Impact of stress, poor diet, and neglect on oral tissues
  - Use of safe brushing methods within jail constraints
  - Risk of oral cancer from smokeless tobacco and paan use
- **Support and Coordination:**
  The jail superintendent extended full cooperation and expressed interest in setting up a referral mechanism for complex dental care.

Impact: Inmates responded positively, with many requesting **regular dental check-ups**, indicating both the need and appreciation for such outreach. A follow-up visit has been planned for quarterly care.

Regular Dental Check-Ups Bareilly District Jail

Scanned with CamScanner

e. Rural Camp – Akkha Village

Date: March 21, 2025
Venue: Akkha Village, Bareilly District
Participants: Over 150 rural residents
Team Involved: 3 faculty members, 6 PG students, 8 interns

Objective

To extend basic oral healthcare access to remote populations often neglected due to geographic and financial barriers.

Activities and Services

- **On-Site Screening:**
  Villagers were screened for:
  - Caries
  - Periodontal disease
  - Missing teeth and prosthetic needs
  - Tobacco-related conditions
- **Oral Health Education:**
  Group sessions were conducted in the local dialect with visual charts and demonstrations.
- **Distribution of Kits and Referrals:**
  - Oral hygiene kits were distributed to 100+ individuals
  - 60+ villagers were referred to the college for further treatment like extractions, cleanings, and prosthetics

IMPACT & FEEDBACK

The initiative successfully increased oral health awareness across a diverse demographic, with a special focus on women, children, prisoners, and rural populations. Feedback collected from participants and community leaders reflected appreciation for the effort and a desire for sustained engagement.

Several follow-up visits have already been scheduled, and our department has committed to making these outreach programs a **quarterly feature** as part of our public health extension.

CONCLUSION

The Department of Periodontics, Institute of Dental Sciences, Bareilly, is honored to have contributed meaningfully to the spirit of **World Oral Health Day 2025**. These activities echo the core values of the Indian Society of Periodontology—commitment to education, service, and scientific advancement in the field of Periodontology.

REPORT ON NATIONAL CONS-ENDO DAY CELEBRATION 2025

This is a report of the National Cons Endo Day Celebration held at the department of Conservative Dentistry & Endodontics on the 5th of March,2025 at Institute of Dental Sciences, Bareilly. The Indian Association of Conservative Dentistry & Endodontics (IACDE) has enmarked 5th March as Cons & Endo Day to raise awareness among the public regarding the specialty. On 5th March 1982, five senior dentists of India found FODI. In 2011 it was changed to Indian Association of Conservative Dentistry & Endodontics.

5th March every year is celebrated as Cons-Endo Day as per guidelines of our society IACDE. We conducted various activities to celebrate this day. The Programme was inaugurated by Principal of the Institute Dr. Sathyajith Naik. The event was held under the supervision of Head of the Department Dr. Manoj Kumar Hans. Memes, reels and rangoli competition related to Cons and Endo were held for the benefit of Undergraduate and Access cavity preparation competition for the Post Graduates students. Day celebration was ended with distribution of certificates of appreciation & participation to all winners and participants for Memes, Reels, Rangoli related to Cons and Endo along with Access cavity preparation, acknowledging their dedication and enthusiasm.

- Following students are the award winners –

RANGOLI

a. 1 st Prize – Palak and Aditi vats (BDS 2nd year)

Subject: National Oral Pathologist's Day-2025 Celebration Report

Respected Sir,

It is with great pleasure that we report the successful celebration of the **Oral & Maxillofacial Pathology Day** at Institute of Dental Sciences, Bareilly on **25th Feb 2025**. This day is celebrated on the birth anniversary of Late Dr. H M Dholakia. Dr. Dholakia is considered a pioneer of Oral Pathology in India and played a significant role in establishing the field in the country. His contributions to oral pathology and dental education have been widely recognized, making him an iconic figure in this specialty.

The program commenced with a traditional **lamp-lighting ceremony** by **Dr. Sathyajith Naik (Principal), Dr. Madhusudan Astekar (Prof & Head)** and Senior Faculty members, followed by a rendition of Saraswati Vandana. Inaugural welcome speech was delivered by **Dr. Madhusudan Astekar.** Guest lecture and expert talk was delivered by **Dr. Priyanka Rastogi** (Prof & Head, Oral Pathology, Kothiwal Dental College, Moradabad), emphasizing on early detection of Oral cancer and potentially Malignant Disorders. The Program scheduled was highlighted by **Dr. Gaurav Sapra. A total of 160 candidates participated in the program.** The celebration also included organizing various competitions for Dental students as mentioned below-

Event Name	Description	Enrolled students
E-Poster presentation	A comprehensive digital showcase of E- posters highlighting research, diagnosis, and advancements in Oral Potentially Malignant Disorders and Oral cancer. Students participated and reflected their critical thinking and public speaking skills.	11
Soap Carving	Carving competition with theme relevant to dentistry which allowed students to showcase their creativity and precision in replicating complex Dento-osseous structures and related pathologies on a soap bar.	09
Sketch with Hematoxylin & Eosin	A competition of creative sketching using Hematoxylin & Eosin color pencils was conducted for dental students, allowing them to artistically express various dental concepts. Participants showcased innovative sketches reflecting their understanding of oral health and dentistry.	15
Reel Making	Reel Making Competition on Oral Potentially Malignant Disorders and Oral Cancer Prevention was conducted, featuring students creating impactful awareness video reels	26

The result announcement with name of winners was done by **Dr. Ashutosh Agarwal.** The program was concluded with the Vote of thanks by **Dr. Aditi Murari.**

The celebration was a grand success, reinforcing the importance of oral pathology in dental education and healthcare

Thanking you,
With Best Regards,

Report on National Periodontist Day Celebration

Department of Periodontology, Institute of Dental Sciences

Date: 24th September 2025

The Department of Periodontology, Institute of Dental Sciences, celebrated National Periodontist Day on 24th February 2025, a day after its official observance on 23rd February (Sunday). The event aimed to raise awareness about periodontal health and recognize the essential role of periodontists in maintaining oral well-being.

The celebration featured a series of activities designed to engage both students and the general public. A free dental camp was organized within the department, where patients received periodontal screenings and oral hygiene counselling. Additionally, toothpaste kits were distributed to promote better oral care habits. Along with this a camp was organised by our department at Rajendra Nagar, Bareilly on 22/2/25 following dental education and free tooth paste distribution.

To encourage student participation, a quiz competition was held, featuring three teams competing across three exciting rounds—the general round, buzzer round, and rapid-fire round. The competition was the highlight of the event, filled with enthusiasm and a spirit of friendly rivalry as participants showcased their knowledge of periodontology. Alongside the quiz, a reels competition was organized with the theme "Healthy Gums, Happy Life", where students creatively conveyed the importance of gum health through engaging short videos.

The event concluded with a prize distribution ceremony, where the winners of the quiz competition and reels competition were felicitated. The ceremony was graced by Dr. Sathyajith Naik N. (Principal), Dr. Madhusudhan Astekar (Vice Principal), CS Kandpal (Administrator Officer), and all faculty members of the Department of Periodontology. Their presence added prestige to the occasion, and they commended the participants for their enthusiasm and efforts in making the event a success.

The celebration successfully highlighted the importance of periodontal care and the contribution of periodontists to overall health, making the event both educational and engaging.

OMFS DAY REPORT

Oral and Maxillofacial surgery day was organised by the department of Oral and Maxillofacial surgery, Institute of Dental Sciences, Bareilly International University, Bareilly at lecture theatre 5. The theme of OMFS day was "Early Detection and Management of Oral cancer"

The program was presided by chief guest Dr. Arjun Agarwal, Principal Dr. Sathyajith Naik, HOD Dr. S. Gokkulakrishnan and AO Mr. C. S. Kandpal.

The day started with Saraswati vandana at 9:30am and event continued with a warm Welcome Speech delivered by Dr. Niranjan Prasad welcoming everyone and giving a brief insight about why this date is celebrated as OMFS day, following this, the Chief Guest, Dr. Arjun Agarwal, MCH, Surgical Oncology, Principal & AO were welcomed with a bouquet. The honor was received graciously, setting the stage for the next segment.

In an inspiring Address by the Chief Guest, Dr. Arjun Agarwal shared his thoughts and experiences on the importance of early detection and management of oral cancer. Following chief guest talk, Chief guest, Principal & AO were felicitated with a small token of gratitude from the department.

Next, the audience was treated to an insightful Lecture on Oral Cancer by Dr. Aamir Saifi, MDS- Oral and Maxillofacial surgery, Head and Neck oncosurgeon. The informative lecture focused on types and location of oral cancer and its early detection by various methods and types of management of cancer. Guest speaker was then felicitated by chief guest, Dr. Arjun Agarwal.

The program then moved to a Vote of Thanks by Dr. Himanshu Pratap, who expressed gratitude to the chief guest, speakers, and the audience for making the event a resounding success. A lively Nukkad Natak (street play) was performed by post graduate students of department showing the importance of early detection.

To conclude, the event culminated with the playing of the National Anthem, bringing everyone together in a moment of unity and pride for the nation.

REPORT ON
ORAL AND MAXILLOFACIAL SURGEON'S DAY
PROGRAMME

International Oral and Maxillofacial Surgeons Day 2024 celebrated the dedication and expertise of professionals in the field of oral and maxillofacial surgery. Organized by Department of Oral & Maxillofacial Surgery, Institute of Dental Sciences, Bareilly. The event aimed to raise awareness about the crucial role of oral and maxillofacial surgeons in healthcare and to acknowledge their contributions to patient care, research, and education. We conducted a series of events on the occassion of International Oral and Maxillofacial Surgeons Day on 13th February 2024 which included road safety awareness lecture, knowledge about road signs etc in Rohilkhand ayurvedic hospital and nursing college . The postgraduate students performed a nukkad natak explaining the role and vitality of an Oral and maxillofacial surgeon in college.

Subject: National Oral Pathologist's Day-2024 Celebration Report

Respected Sir,

It is our esteemed privilege to inform you that the Department of Oral Pathology and Microbiology, Institute Of Dental Sciences, BIU, Bareilly, celebrated **National Oral Pathologist's Day Program on 28/02/2024** to commemorate the birth anniversary of the first postgraduate teacher of Oral Pathology in India, **Dr.Harnath Manishankar Dholakia**. His achievements are truly an inspiration for young generation. Many of us will be indebted to Dr.Dholakia Sir for the encouragement and Support of our career.

The celebration included organizing various competitions for BDS students and interns as mentioned below-

No.	Events	Theme	No. Of Participants
1.	Quiz Competition	General Dentistry	20
2.	Soap Carving	Relevant to Dentistry	08
3.	Artist's Impression	Maxillofacial Pathology Sketching	20
4.	3-D Model	Imagine the Unimaginable Oral Pathology	12
5.	E-Poster	Oral Pathology-Past, Present and Future	15

The Felicitation Program was graced by chief patrons **Dr.Ashok Agarwal**, Pro Chancellor, BIU and **Dr. Sathyajith Naik**, Principal, IDS, Bareilly. The program was commenced with the welcome speech by **Dr.Aditi Murari**, followed by a brief introduction of Dr. Dholakia sir by **Dr.Madhusudan Astekar,** (Professor and Head). The Program scheduled and blessings by chief patrons were highlighted by **Dr.Ashutosh Agrawal.** The result announcement of winners and appreciation of all 75 participants and vote of thanks was expressed by **Dr. Gaurav Sapra.** This was followed by high tea and snacks.

The National Oral Pathologist's Day celebration-2024 was a resounding success, featuring insightful events with active involvement of faculty members and students. We express our gratitude towards the management and principal sir for their constant support and encouragement. It's wonderful to hear that both guests and students were happy for the event and their positive experience likely contributes to the overall success of the event.

Thanking you,

With Best Regards,

REPORT ON NATIONAL CONS-ENDO DAY CELEBRATION 2024

This is a report of the National Cons Endo Day Celebration held at the department of Conservative Dentistry & Endodontics on the 5th of March,2024 at Institute of Dental Sciences, Bareilly. The Indian Association of Conservative Dentistry & Endodontics (IACDE) has enmarked 5th March as Cons & Endo Day to raise awareness among the public regarding the specialty. On 5th March 1982, five senior dentists of India found FODI. In 2011 it was changed to Indian Association of Conservative Dentistry & Endodontics.

5th March every year is celebrated as Cons-Endo Day as per guidelines of our society IACDE. We conduct various activities to celebrate this day. The Programme was inaugurated by Principal of the Institute Dr. Sathyajith Naik. The event was held under the supervision of Head of the Department Dr. Manoj Kumar Hans and E-Poster Competition was held for the benefit of Undergraduate & Post Graduates students based on the Topic "Recent advances in Restorative Materials" followed by the Rangoli Competition & the winners were awarded in the end of the event.

- Day celebration was ended with award distribution for Rangoli and E- poster competition.

- Following students are the award winners –

RANGOLI

a. 1 st Prize – Palak and Aditi vats (Final year student)
b. 2 nd Prize – Arham and lucky joshi (Third year student)
c. 3 rd Prize – Anshu kumari and Akshita visnoi (Interns)

E-POSTER

a. 1st Prize – Abinab Das (second year)
b. 2 nd Prize – Chhavi Saxena (final year)
c. 3 rd Prize – Ritika (second year)

WORLD ORAL HEALTH MONTH REPORT

Department of Pediatric & Preventive Dentistry, IDS, Bareilly celebrated Oral Health Month with the theme "Be Proud of Your Mouth" from March 20 to April 20, 2024.

Numerous initiatives were carried out to promote oral health services and raise public awareness regarding oral health, particularly in and around the Bareilly region. Various activities that took place were as follows:

AWARENESS CAMPS WERE HELD AT

1) SCHOOLS

Our campaign reached 6,600 children across 23 schools in Uttar Pradesh, including comprehensive oral screenings. In Maharashtra, we screened 15 School including 5,100 children, and in Gujarat, 345 children were examined at 1 local school.

2) SPECIAL CHILDREN SCHOOLS

We also focused on rehabilitation centers and schools for special children, conducting oral health screenings in Rajkiya Sanket School, Bach pan day care and Jeevan Dhara including 280 children.

3) ANAGANWADI AND ASHA WORKERS

Oral health awareness Program was organized in Bithri Chainpur block of Bareilly district along with head of UNICEF of that region, to empower Anganwadi and ASHA workers with the knowledge to remove stigma and to improve the oral health of children & adults under their care.

4) PARENTS AT OPD

Parents, especially mothers were made aware of the factors that affect oral health. The importance of regular brushing, flossing and tongue cleaning was told to them

5) UNDER PRIVLIGED PEOPLE

While celebrating oral health month, we spent time with children in the Slums, Villages, Juvenile and Adoption Centre. Free Samples were distributed including toothbrush and toothpaste.

Dental Fair was organized in Village to raise awareness about oral hygiene and providing free dental check-ups to residents. Pre – loved gifts were distributed to gather people and fun activities were conducted.

DIFFERENT MODES OF AWARENESS -

1) NEWSPAPER ARTICLES

We published articles on oral health and hygiene in the state Hindi newspaper, Amrit Vichar, consistently for 30 days to educate and inform the public.

2) LED BILLBOARD

We used these to spread awareness and knowledge among people about oral health and hygiene because it makes outdoor and indoor advertising simpler with the advent of digital signs

3) PAMPHLETS

We distributed 1,500 detailed pamphlets alongside prominent newspapers like Dainik Jagran, Amrit Vichar, and Amar Ujala in and around Bareilly.

4) BANNER DISPLAY

To highlight the importance of children's oral health, large, vibrant flex banners were displayed at diverse locations

5) INFORMATION TECHNOLOGY

Radio broadcasting was done to spread awareness and significance of pediatric & preventive dentistry and oral health maintenance for children and teenagers, reaching an audience of approximately 20 million people.

Awareness was also done with the help of YouTube channels, Instagram, Facebook

6) FUN ACTIVITIES

We modified several games into dental games to positively manipulate the mind of young kids toward good oral hygiene. By incorporating elements of familiar games such as hopscotch, puzzles, and board games, children were encouraged to actively participate in their dental care routines. Story Telling, Graffiti, Coloring roll and Puppet Show in school were also conducted

7) NUKKAD NATAK

Nukkad Natak was done in various public places and this method proved highly effective in reaching large audiences and promoting awareness on various social concerns, including oral health.

Scanned with CamScanner

8) CHAI PE CHARCHA

Chai pe charcha was done to discuss about various problems and myths faced by them regarding oral health. We meticulously planned out each event amongst various communities (maids, carpenters, bus drivers and conductors, labourers).

DENTAL PREMIERE LEAGUE

Dental Premier League was organised in our college to engage them in health-related activity and to provide accurate information on maintaining excellent oral hygiene habits and to encourage good oral hygiene.

GLIMPSES OF ORAL HEALTH MONTH WITH THE THEME "BE PROUD OF YOUR MOUTH" FROM MARCH 20 TO APRIL 20, 2024.

बचपन में अंगूठा चूसने और नाखून चबाने पर नहीं दिया ध्यान तो हो सकते हैं टेढ़े-मेढ़े दांत

कार्यालय संवाददाता, बरेली

अमृत विचार : बरेली इंटरनेशनल यूनिवर्सिटी के इंस्टीट्यूट ऑफ डेंटल साइंसेज की ओर से ओरल हेल्थ माह के तहत बच्चों के मुख स्वास्थ्य के प्रति जागरूक किया जा रहा है। प्रभारी आचार्य प्रो. सत्यजीत ने बताया कि बच्चों की कुछ आदतें जैसे बार-बार मुंह में हाथ डालना, अंगूठा या उंगली चूसना, नाखून चबाना, जीभ को जोर से दबाना, मुंह से सांस लेना बच्चों के चिकित्सात्मक स्तर यानी बचपन में पाई जाती है, लेकिन इस बात को गंभीरता से न तो मां-बाप को होता है और न ही बच्चे इस बारे में कुछ समझते हैं। दांत खूबसूरती की निशानी होती है और हमारे व्यक्तित्व को निखारती है इससे मुस्कान भी काफी खूबसूरत लगती है और अगर बचपन में ही इन बातों में ध्यान नहीं दिया जाए तो बच्चों के दांत टेढ़े-मेढ़े हो जाते हैं।

• इंस्टीट्यूट ऑफ डेंटल साइंसेज में ओरल हेल्थ माह के तहत बच्चों के मुख स्वास्थ्य के प्रति किया जागरूक

लंबे समय तक बच्चों को बोतल से दूध पिलाना भी दांत के आकार को परिवर्तित कर सकता है। लंबे समय तक अंगूठा चूसने से बच्चों के जबड़े में परिवर्तन आ जाता है और इससे भविष्य में उसको दांत से संबंधित समस्या होती है।

यह उपाय करें

बच्चों के टेढ़े-मेढ़े दांत निकलने से बचाने के लिए उन्हें अंगूठा या उंगली चूसने से रोकना चाहिए। इसके अलावा उनको हेल्दी फूड में काम से कम दो बार ब्रश करने की आदत डालनी चाहिए। घरेलू ध्यान रखें कि बच्चा लंबे समय तक बोतल से दूध न पिये और मन में कोई भी संदेह हो तो तुरंत दंत चिकित्सक से राय लेनी चाहिए।

PUBLIC HEALTH DAY CELEBRATION REPORT

Public Health Day was celebrated with great enthusiasm at Institute of dental college on 19/06/2024. The event aimed to raise awareness about the importance of public health, particularly in oral hygiene and preventive dental care. Faculty members, students, and staff actively participated in various activities designed to educate and engage the community.

The celebrations began with an inaugural function presided over by the principal of the college. The keynote address emphasized the significance of public health initiatives in promoting overall well-being and preventing dental diseases.

Interactive session was conducted by public health dentists on topics such as:

- The importance of brushing and flossing
- The effects of tobacco and sugary foods on oral health
- Preventive measures for common dental diseases

These sessions helped in educating both students and the public about the importance of maintaining good oral hygiene.

Poster competition

A poster-making competition was held among students, focusing on themes like "Oral Health and General Well-being" and "Preventive Dentistry".

The Public Health Day celebrations was about promoting the significance of oral health in overall well-being. The college reaffirmed its commitment to public health and pledged to continue organizing similar initiatives in the future.

World No Tobacco Month Report-2024

Department of Public Health Dentistry celebrated World No Tobacco month from 20th May to 5th June 2024 by conducting a series of activities, with the aim of creating awareness about ill-effects of tobacco.

On 20th May 2024, free dental screening camp was organised by Department of Public Health Dentistry in **Haldwani**. 44 children were screened and educated. The camp focused on oral hygiene education, distribution of essential hygiene products and educating children about ill-effects of tobacco.

Cigarette butts pose environmental hazards due to their toxic chemicals, such as nicotine and plastic filters that take years to degrade. On 24th May, Post-graduate students of Department of Public Health Dentistry initiated crucial campaign to address the pervasive issue of **cigarette butt littering.**

A camp was organized at **IVRI, Bareilly** on 29th May which focused on raising awareness about the detrimental effects of tobacco. A health talk highlighted the risks associated with tobacco use. Screening services were provided to 65 attendees, including workers, students, and teachers. Smoklyzer was utilized to educate smokers about the harmful effects of smoking, emphasizing the importance of quitting. Additionally, oral hygiene instructions were given to promote overall well-being.

On 29th May 2024, camp was organised at **Village Ras Dandiya** with the aim of raising awareness about the dangers of tobacco. A comprehensive health talk emphasized the adverse effects of tobacco consumption. Screening services were extended to 47 participants, with a focus on educating smokers using Smoklyzer to illustrate the harmful impacts of smoking. In addition to oral hygiene instructions, free toothpaste was distributed to promote dental health. This initiative aimed to equip the community with knowledge and resources to combat tobacco use and enhance overall well-being.

On 31st May i.e. World No Tobacco Day, a series of engaging events were organized to raise awareness about the harmful effects of tobacco. The day commenced with pledge ceremony followed by walkathon around college campus. A **meme competition** was organised where participants creatively crafted memes to spread awareness about the dangers of tobacco use. Following this, a **pot decoration** contest encouraged participants to express their commitment to a tobacco-free life through artistic means.

The day concluded with **reel competition and tattoo competition,** where individuals had the opportunity to showcase their dedication to the cause by getting symbolic tattoos related

Scanned with CamScanner

to tobacco cessation. These events not only engaged participants in fun and interactive activities but also effectively conveyed the message of the harmful effects of tobacco to the community, fostering a collective commitment to promoting health and well-being.

Simultaneously a series of videos, social media campaign were initiative aimed to empower individuals with knowledge and tools to make healthier lifestyle choices, contributing to a tobacco-free and healthier community.

Report on Oral Hygiene Day Celebration (1 to 7 August 2024)

Department of Periodontics

The Department of Periodontics at the Institute of Dental Sciences, Bareilly International University, in collaboration with Indian Society of Periodontology organized an extensive and impactful Oral Hygiene Week, dedicated to raising awareness about the importance of oral hygiene and its integral role in maintaining overall health. The week was marked by a series of educational, interactive, and collaborative activities that engaged students, faculty, and the broader community.

Scanned with CamScanner

Day 1 & 2: Educational Talk at Nursing College

The week commenced with two days of focused educational outreach at several nursing colleges in the region. Expert faculty members from the Department of Periodontics delivered comprehensive lectures aimed at enhancing the understanding of oral health among nursing students. The sessions covered critical topics such as:

- **The Importance of Oral Hygiene**: Discussing the basics of oral hygiene practices, including brushing techniques, flossing, and the use of mouthwash.
- **Oral-Systemic Health Connections**: Exploring how poor oral health can contribute to systemic conditions such as cardiovascular diseases, diabetes, and respiratory infections.
- **Preventive Dental Care**: Emphasizing the role of preventive care in avoiding common dental issues like cavities, gum diseases, and oral infections.

The lectures were interactive, with students actively participating in discussions and Q&A sessions. The nursing students showed a deep interest in learning how they could incorporate oral health care into their future nursing practices, recognizing the value of a holistic approach to patient care.

PROSTHODONTICS DAY CELEBRATION

The Department of Prosthodontics and Crown & Bridge at the Institute of Dental Sciences, Bareilly, proudly celebrated **Prosthodontics Day on January 22, 2023**, recognizing the significant contributions of prosthodontists to oral health care. The event was dedicated to honoring the field of prosthodontics and its role in restoring oral function, aesthetics, and overall patient well-being.

To make the occasion engaging and impactful, the Department of Prosthodontics organized a range of activities tailored to different groups, including students, faculty members, and patients. These activities were designed to foster knowledge-sharing, practical learning, and professional excellence.

Student Engagement through Competitions and Workshops

To foster academic and practical excellence, various competitions were held, encouraging students to showcase their knowledge and creativity in prosthodontics. Some of the competitions included:

- **Case Presentation Competition:** Postgraduate students presented complex prosthodontic cases, highlighting their treatment planning, execution, and outcomes. This competition allowed students to gain valuable insights into real-life prosthodontic challenges and innovative treatment approaches.
- **Essay and Poster Competition:** Undergraduate and postgraduate students participated in essay and poster-making contests, showcasing the advancements in prosthodontics, recent research findings, and the significance of the specialty in modern dentistry.
- **Quiz Competition:** An interactive quiz session tested students' knowledge of prosthodontic principles, innovations, and clinical techniques. The quiz encouraged collaborative learning and enhanced academic enthusiasm among participants.

The celebration of Prosthodontics Day at the Institute of Dental Sciences, Bareilly, was a remarkable success, fostering a culture of learning, innovation, and community engagement. This year, the event was made even more special as it coincided with the celebration of the **Ram Janmabhoomi Establishment Day**, intertwining our rich cultural heritage with academic and professional growth. The fusion of tradition and education emphasized the importance of preserving our roots while embracing advancements in oral healthcare.

The event not only highlighted the vital role of prosthodontics in restoring oral health and function but also reinforced values of dedication, service, and responsibility. Through interactive sessions, academic competitions, and patient awareness programs, the department reaffirmed its commitment to excellence in education, research, and clinical practice. By honoring both our cultural and professional ethos, this celebration served as a testament to the department's holistic

Subject: National Oral Pathologist's Day-2023 Celebration Report

Respected Sir,

It is with great pleasure that we report that, the Department of Oral & Maxillofacial Pathology organized **National Oral Pathology Day** on **25th Feb 2023** to honor the birth anniversary of Dr. H. M. Dholakia, a renowned figure in the field of oral pathology. The event aimed to honor his contributions to oral pathology and inspire students and professionals to continue striving for excellence in the field.

The ceremonial lamp was lit by **Dr. Sathyajith Naik**, Principal, IDS, Bareilly accompanied by Dr. Madhusudan Astekar, HODs of various department and senior students. The lamp lighting was followed by an invocation or a prayer, setting a solemn and respectful tone for the event.

Dr. Ashutosh Agarwal delivered a keynote speech on Dr. H. M. Dholakia's pioneering work in oral pathology and his impact on modern diagnostic techniques. He highlighted his legacy and the importance of carrying forward his vision in research and education.

A workshop on **Integration of AI in modern diagnostics,** highlighting its potential to enhance accuracy and efficiency in head and neck pathology detection was conducted by **Dr. Madhusudan Astekar**. AI model demonstrations, and Q&A sessions were helpful in understanding real-world applications and challenges of AI in oral diagnostics.

An **Art and Painting Competition** was organized to raise awareness about oral diseases, their prevention, and the significance of oral health through creative expressions. The competition provided a platform to undergraduate students to depict their artistic interpretations of oral pathology concepts.

A **Quiz Competition** covering topics like oral diseases, diagnosis, pathology, and prevention, encouraging academic excellence was conducted by **Dr. Gaurav Sapra.** Students participated enthusiastically in teams, answering multiple-choice and case-based questions. Winners were awarded certificates and prizes, and all participants received appreciation for their efforts.

The event concluded with a vote of thanks by **Dr. Aditi Murari**, expressing gratitude to the chief guest, speakers, faculty members, students, and organizing committee for their efforts in making the event a success.

The ceremony reinforced the significance of continuous learning and innovation in Head & Neck diagnostic Pathology.

Thanking you
With Best regards,

Dr. Madhusudan Astekar MDS, PhD

Report Cons & Endo Day

The Indian Association of Conservative Dentistry & Endodontics (IACDE) has enmarked 5th March as Cons & Endo Day to raise awareness among the public regarding the specialty. On 5th March 1982, five senior dentists of India found FODI. In 2011 it was changed to Indian Association of Conservative Dentistry & Endodontics. This year on 4th March 2023 Cons & Endo Day was celebrated in the Department of Conservative Dentistry & Endodontic, Institute of Dental Sciences, Bareilly. The Programme was inaugurated by Principal of the Institute Dr. Sathyajith Naik.

The event was held under the supervision of Head of the Department of Dr. Manoj Kumar Hans and the programme recorded events like E-Poster Competition for the benefit of Undergraduate & Post Graduates students based on the Topic "Recent advances in Conservative & Endodontics" followed by the Rangoli Competition & the winners were awarded in the end of the event.

WORLD ORAL HEALTH MONTH CELEBRATION

Department of Pediatric and Preventive Dentistry

Institute of Dental Sciences, Bareilly

(20th March – 20th April 2023)

Department of Pediatric & Preventive Dentistry, IDS, Bareilly celebrated Oral Health Month with the theme "Be Proud of Your Mouth" from 20th March - 20th April 2023.

Numerous initiatives were carried out to promote oral health services and raise public awareness regarding oral health, particularly in and around the Bareilly region. Various activities that took place were as follows:

AWARENESS CAMPS WERE HELD AT

1) **SCHOOLS**

Our campaign reached 3000 children across 8 schools in Uttar Pradesh, including comprehensive oral screenings.

2) **SPECIAL CHILDREN SCHOOLS**

Dental checkup Jeevan Dhara Rehabilitation centre, Rajkiya Sanket Vidyalaya, Vatsalya academy model demonstration, fluoride gel application, modified toothbrushes with the help of clay and sponge balls were distributed to these children.

3) **UNDER PRIVLIGED PEOPLE**

While celebrating oral health month, we spent time with children in the Slums, Villages, Juvenile and Adoption Centre. Free Samples were distributed including toothbrush and toothpaste. Free checkup was done. Model demonstration, pamphlet distribution and dental talk was given to them.

DIFFERENT MODES OF AWARENESS -

1) **SOCIAL MEDIA CAMPAIGN**

Various posters about oral health were posted on our Instagram page for eight days in a row. Everyone in our college shared it in their pages.

2) **FLEX AND BANNERS**

Big colorful and vibrant flexes and banners were printed and hung in the Dental, Medical and Nursing College, Hospital OPDs, mobile dental van as well as in schools, slums and rural

Scanned with CamScanner

areas to communicate and convey mass level public awareness about the importance of pediatric dentistry and children's oral health.

3) **PAMPHLET DISTRIBUTION**

1500, descriptive pamphlets were distributed along with highly esteemed newspapers (Dainik Jagran, Amrit Vichar, Amar Ujala) in and around Bareilly.

4) **NEWSPAPER ARTICLE**

To spread awareness and knowledge among people about oral health and hygiene we published articles on various oral health related topics in the state Hindi newspaper, Amrit Vichar.

5) **DENTAL TALK**

It was conducted to spread oral health awareness. We conducted the dental talk at various places. School going children, teachers, college going students and parents were specially approached to spread awareness about good oral health. We also delivered dental talk in slum areas, villages, public places like railway station, bus stands and to the students who came during dental tour.

6) **STORY TELLING**

Our team visited some of the schools in Bareilly and used the children's book 'Dr D' and his dental team' as teaching tool to impart dental knowledge to the students

7) **STREET PLAY**

We conducted Nukkad Natak to promote oral health among children, young adults and old people. The motive behind performing this was to educate people about dental hygiene, the importance of deciduous teeth, and the consequences of early exfoliation of deciduous teeth and to raise awareness and deadly effects of tobacco use and negative impact of tobacco on oral health.

8) **FM RADIO**

We collaborated with All India Radio, Akash Vani, Rampur to give awareness about the speciality of Department of Paediatric Preventive Dentistry and Oral Health maintenance of children & teenagers. Almost population of about 2 crores were benefitted.

9) **DENTAL FAIR**

We organised a dental fair in a village and conducted free dental check-up camp and distributed dental products (toothbrushes, toothpastes etc) to the children. Mothers and rural health workers were provided with basic knowledge about oral health hygiene. Preloved Gift Store was also arranged at the fair.

10) DENTAL GAMES AND ACTIVITIES

We modified several games into dental games to positively manipulate the mind of young kids toward good oral hygiene

11) DENTAL TOUR

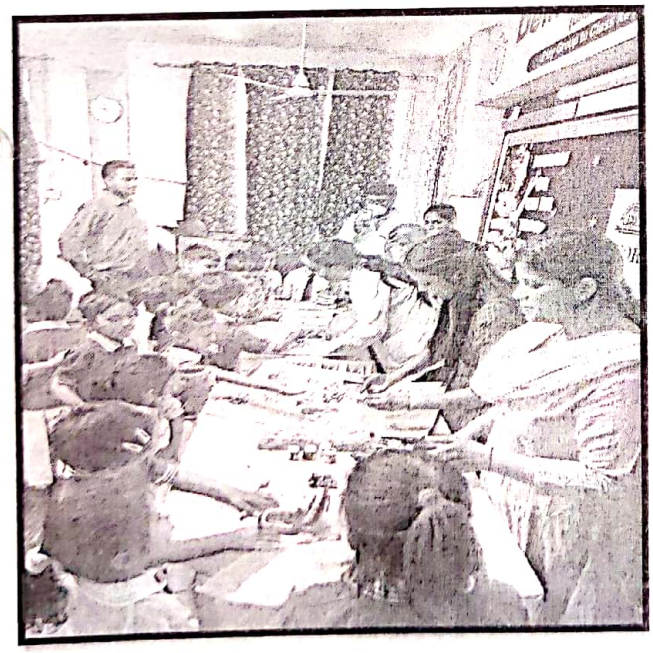

School children from Bareilly and the surrounding area were invited to visit our dental college to eliminate their fear and anxiety of visiting the dentist as well as to broaden their knowledge of oral health care and the various facilities and treatments that a dental college can provide.

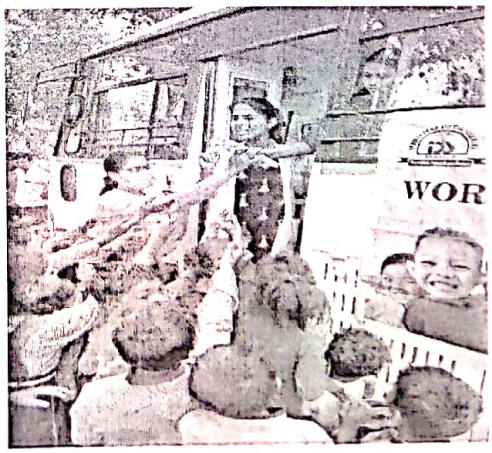

DENTAL PREMIERE LEAGUE

Dental Premier League was organised in our college to engage them in health-related activity and to provide accurate information on maintaining excellent oral hygiene habits and to encourage good oral hygiene.

PUBLIC HEALTH DAY CELEBRATION REPORT

INSTITUTE OF DENTAL SCIENCES

The Institute of Dental College observed Public Health Day on June 19, 2023, with considerable fervour. The purpose of the event was to increase public awareness of the value of oral hygiene and preventive dental care in particular.

Staff, students, and faculty all took an active part in creating awareness on this day. The college principal presided over an inauguration event to kick off the festivities. The importance of public health measures in fostering general well-being and preventing dental problems was underlined in the keynote address.

Students were better educated about the value of practicing proper dental hygiene. The festivities for Public Health Day were a success, raising awareness of the importance of dental health to general health. The event helped in educating the pupils. The college promised to keep planning similar events in the future and reaffirmed its dedication to public health.

REPORT ON
WORLD ORTHODONTIC HEALTH DAY

BRIEF REPORT OF THE PROGRAM

An awareness camp regarding braces and orthodontic treatment was organized on 15th May 2023 by B.I.U. Institute of dental sciences, Department of Orthodontics & Dentofacial Orthopaedics on the occasion of World Orthodontic Health day. People were given information regarding orthodontic treatment and the smile transformation that can be done with the help of orthodontic braces by the Head of Orthodontic Department Dr. Preeti Bhattacharya.

Certain common myths related to pain during orthodontic treatment were busted and explained to the patients. A quiz was organized under guidance of Dr. Sathyajith Naik for both under graduate and post graduate students where they had to identify both pre and post treatment smile transformation photographs of celebrities. More than 250 patients were given free basic teeth cleaning kits which include toothpaste mouthwash & tooth brush. Dr. Ankur, Dr. Ravi, Dr. Shivani, Dr. Dhruv were all present during the camp.

World No Tobacco Month Report 2023

28th May – 15th June 2023

Keeping in mind the World Health Organization's theme "WE NEED FOOD NOT TOBACCO", the World No Tobacco month was launched by the Department of Public Health Dentistry, Institute of Dental Sciences Bareilly International University, Bareilly, Uttar Pradesh from 28th May 2023 to 15th June 2023. Following activities were conducted with great zeal with the motive of betterment/amelioration of the society:

29TH MAY 2023:

With great fervor and enthusiasm, our organization launched free Tobacco cessation counseling from 29th May to 15th June 2023 which was done by Post graduate students in room number 24 of Institute of Dental Sciences Bareilly.

Printed banner and posters were hoisted at Indian Veterinary Research Institute Bareilly and Mohrania village.

31ST MAY 2023:

Commencement of "World No Tobacco Day" activities was done with Pledge ceremony which was lead by Principal of the institution Dr. Sathyajit Naik. All Undergraduate students, staff members along with post graduate students of Department of Public Health Dentistry pledged not to use any form of tobacco and that they will do their bit in making the society tobacco free.

A public event i.e. Walkathon of 2kms was held from the Institute to Suresh Sharma nagar chowk & back. All the students along with staff members of Department of Public Health Dentistry enthusiastically participated in the event to sensitize the public regarding tobacco use.

Then we conducted a promotive, preventive and outreach camp for tobacco users of class III employees at Indian Veterinary Research Institute (IVRI), Bareilly. It was accompanied by oral screening, demonstration on 'Smokerlyzer' to educate the patients regarding harmful effect of smoking. A total of 154 patients were screened and educated regarding ill-effects of tobacco. Free tobacco cessation counseling was done for the tobacco users.

A Health talk was also given by Dr. Anushtha Kushwaha 3rd year post graduate student educating patients about the ill- effects of tobacco like 1st, 2nd, 3rd, 4th hand smoking and how to overcome the habit. Patients

Scanned with CamScanner

were also provided with free Nicotine pastille and turmeric lozenges samples to beat the habit of tobacco use.

Memes competition, E-poster competition, painting competition and slogan writing competition were organized by the Department of Public Health Dentistry from 31st May 2023 to 3rd June 2023.

1st JUNE 2023:

Continuing with the promotive, preventive and outreach activities, a camp was organized at Mohrania village of Bareilly district. The population mainly consisted of farmers, laborers and housewives. A health talk was given by Dr. Arjun Singh 2nd year post graduate student explaining the patients about ill- effects of tobacco and how the money spent on buying tobacco could be used for betterment of their lives. Smokerlyzer was used to assess the carbon monoxide level of the body and educate the patients. Free tobacco cessation counseling was done for the tobacco users. Around 52 patients were screened and educated. Patients were also provided with free Nicotine pastille and turmeric lozenges samples to beat the habit of tobacco use.

5th JUNE 2023:

A preventive and outreach activities, a camp was organized at Gopal Nagar, Bareilly. Around 50 patients were screened and educated regarding ill-effects of tobacco. Patients were also provided with free Nicotine pastille and turmeric lozenges samples to beat the habit of tobacco use. Free tobacco cessation counseling was done for the tobacco users. Free toothpaste samples were also given to the patients.

7th JUNE 2023:

An outreach camp was organized at Kalari village Abdullapur maffi Bareilly. The population screened consisted of factory workers, farmers and home makers. This camp was promotive and preventive in nature. Patients took a pledge to stop using tobacco, educate others regarding ill- effects of tobacco and do their bit in making this society tobacco free. Smokerlyzer was used to assess the Carbon monoxide level and educate the patients how smoking affect our body. A total of 66 patients were screened and educated. Free toothpaste samples were also given to the patients.

9th JUNE 2023:

A camp was organized at Faridpur, Bareilly on 9th June. The population was screened and educated for any dental problems. Tobacco users were educated about the harmful effects of tobacco. Smokerlyzer was used

Scanned with CamScanner

to assess the carbon monoxide level of the body. Around 37 patients were screened and educated. Patients were also provided with free Nicotine pastille and turmeric lozenges samples to beat the habit of tobacco use. Free toothpaste samples were also given to the patients.

14th JUNE 2023:

In continuation with the anti tobacco fortnight activities, a nukkad natak was arranged at Bareilly Satellite Bus stand. The students along with post graduates and staff members reached the bus stand at 9:45a.m. The main target population was bus drivers, taxi drivers, auto drivers and migrant population. The nukkad natak was performed twice once at 10am and once at 10:30am. At the end of the nukkad natak pledge was also administered to the gathered public regarding non usage of tobacco. (photographs, videos and newspaper cutting enclosed)

The prize winners of the various competitions and participants of nukkad natak were also awarded certificates from the head of the institution, Dr. Sathyajith Naik.

15th JUNE:

A campus organized at Dalel Nagar Bareilly where the rural population was educated regarding the ill effects of tobacco. In total 46 Patients were screened and educated.

REPORT OF TEACHER'S DAY CELEBRATION IN INSTITUTE OF DENTAL SCIENCES, BAREILLY.

Teacher's day celebration was successfully held in IDS, Bareilly on 5/9/2023 in lecture hall 3 from 3pm – 5pm, Tuesday organized by Interns, 17th BDS batch. All the teachers were greeted by the interns from 3-3:10pm. The programme started at 3:10 pm with welcome speech by Miss Anshika & Miss Nitanshi, Interns. Followed by Lamp lightening ceremony done by departmental heads & in charges – Dr Shivlingesh, Dr Ashish Aggarwal, Dr Preeti Bhattacharya, Dr Chandana Nair, Dr Rika Singh, Dr Das, Dr Pallavi Vashisht, Dr Niranjan Prasad and Administrative officer of IDS Mr. CS Khandpal. The lamp lightening ceremony was accompanied by Saraswati Vandana sung by Interns. Later, there was welcome speech by Dr Shivlingesh, Dr Preeti, Dr Das & Mr. CS Khandpal who also opened the event of the day. Next there was introduction of all the dental and medical departments' done by power point display & riddles to guess the departments by , Interns Miss Anjali & Miss Riya. All interns felicitated all their teachers by presenting them with gifts as a token of respect and affection.

Later, a Framed Photo of Dr Sarvepalli Radhakrishnan was gifted from the present Interns batch to the college received by AO officer and submitted to the college store. Next was the speech about teacher's day celebration and life of Dr Sarvepalli Radhakrishnan by Mr. Parth Shukla, 1st year BDS student. Followed by singing by Mr. CS Khandpal. This was followed by Games wherein all the teachers and the undergraduate students and interns actively participated. The first game was on Tambola Housie and the second was quiz for teachers conducted by Mr. CS Khandpal with prize distribution for the all participants who earned. After this there was poem recitation by 1st year BDS student dedicated to teacher's day celebration. Succeeding there was surprise singing dedicated to all teachers by interns with cake cutting done by all teachers and students together. Lastly, there was a Vote of thanks by Miss Nishtha, Intern followed by refreshments arranged for all in seminar room of Department of Preventive and community dentistry which ended up till 5pm.

This Programme was graced by 25 teachers from various departments and about 60 1st year and 2nd year BDS students with 40 Interns.

Christmas celebration on 24/12/23

Christmas celebrations were held on 24th December 2023. The function was actively participated by teachers and their families, and students. The venue was beautifully decorated with a grand Christmas tree adorned with twinkling lights and ornaments. Students and staff enthusiastically participated in a card-making competition, showcasing their creativity with heartfelt messages. Carol singing filled the air with holiday cheer, spreading warmth and joy among everyone. A gift exchange activity added excitement, bringing smiles to many faces. Children enjoyed storytelling sessions about the spirit of Christmas. Various games were organized. Refreshments were served, enhancing the festive mood. The event concluded with a message emphasizing love, kindness, and the importance of togetherness during the holiday season.

Annual Report 2022

Institute of dental sciences, Bareilly believes in celebrating events and festivals in college. It is an integral part of learning and building a strong cultural belief in a student. The national flag is unfurled during Republic day and hoisted during Independence Day in the Jhanda ground in front of the Guest House. This is followed by singing of the national anthem. Skits, dance etc. are performed by the students on patriotic theme. It is concluded by distribution of sweets.

The different departments of the institution celebrate their days by organizing various events such as awareness lecture, walkathon and patient education.

Sr No	Name of the event	Date	Activities conducted
1.	International Prosthodontic Day	22/01/2022	Patient education about care of dentures
2.	Republic Day	26/01/2022	Skits, songs, dance
3.	National Periodontist day	23/02/2022	Awareness camp
4.	National Oral Pathologist day	25/02/2022	Histopathology slide identification competition, Free oral cancer screening camp in Chaneti
5.	International Yoga Day	21/06/2022	Yoga Asanas
6.	Independence day	15/08/2022	Skits, songs, dance

PROSTHODONTIC DAY CELEBRATION REPORT

The Indian Prosthodontic Day was celebrated with great enthusiasm on **January 22nd 2022** to raise awareness about the importance of prosthodontics in dental health. The event was organized by the **Department of Prosthodontics** and saw participation from students, faculty, and dental professionals.

The celebration began with an inaugural speech by the head of the department Dr M. K.Singhal, highlighting the significance of prosthodontics in restoring oral function and aesthetics. A **dental awareness camp** was set up where visitors received free consultations on dentures, implants, and oral rehabilitation. Special lectures and presentations were delivered by Dr Chandana Nair and Dr Alok Kumar on recent advancements in prosthetic dentistry.

A live **demonstration on denture fabrication** provided valuable insights for aspiring dentists. An interactive **question-and-answer session** engaged students, helping them understand the latest trends in prosthodontics.

Patients who had undergone prosthodontic treatment shared their experiences, inspiring many. A dental check-up camp was conducted for elderly patients, offering guidance on maintaining oral hygiene with prosthetic appliances.

. The celebration successfully spread awareness about the crucial role of prosthodontics in dentistry and improved understanding among students and the community.

DEPARTMENT OF PERIODONTOLOGY AND IMPLANTOLOGY
INSTITUTE OF DENTAL SCIENCES, BAREILLY
EVENT REPORT: NATIONAL PERIODONTIST DAY CELEBRATION
23 FEBRUARY 2022

The Department of Periodontics at IDS Bareilly celebrated National Periodontist Day on 23-02-2022. The day was dedicated to spreading awareness about the significance of periodontal health under the theme **"Treat your Gums."**

To mark the occasion, the department organized an **awareness rally** within the campus, where students and faculty carried posters and placards promoting periodontal health. Free dental screenings were conducted for patients, followed by a special **oral hygiene awareness session** where live models were used to demonstrate

proper brushing and flossing techniques.An **interactive quiz competition** on periodontal health was held for undergraduate students, testing their knowledge of gum diseases, treatments, and prevention strategies. Additionally, a **case presentation competition** was organized for postgraduate students, where they presented interesting periodontal cases they had managed

during their training.

A **social media awareness campaign** was also launched, with students and faculty sharing short educational videos and infographics on the importance of gum health using the official event hashtag.The event successfully educated students and patients on periodontal well-being while making learning interactive and engaging.

Subject: National Oral Pathologist's Day-2022 Celebration Report

Respected Sir,

It is with great pleasure that we report the successful celebration of the **Oral & Maxillofacial Pathology Day** at Institute of Dental Sciences, Bareilly on **25th Feb 2022**. This day is celebrated on the birth anniversary of Late Dr. H M Dholakia. Dr. H. M. Dholakia was one of the founding members of the Indian Association of Oral and Maxillofacial Pathologists (IAOMP), which has played a crucial role in the development and promotion of oral pathology as a specialized branch in India.

The event commenced with a traditional lamp lighting ceremony, symbolizing the pursuit of knowledge and enlightenment in the field of oral pathology. **Dr. Keshav Kumar & Dr. Lata Agarwal** (respected management members), Faculty members, Head of the Departments and dignitaries participated in the ceremony, followed by Saraswati Vandana, invoking blessings for wisdom and learning. Inaugural lecture was delivered by **Dr. Madhusudan Astekar.**

A **Histopathology Slide Identification Competition** was organized for undergraduate students to test and enhance the diagnostic skills and creating interest regarding oral pathology field. Participants were given microscopic slides of various oral lesions, tumors, and pathological conditions. They were evaluated on their ability to identify and interpret histological features accurately. The winners were awarded for their diagnostic precision and speed, encouraging enthusiasm in the field of oral pathology.

A **Free Oral Cancer Screening Camp** was organized at **Chaneti** in collaboration with Rohilkhand Medical College and Hospital to spread awareness and facilitate early detection of oral cancer and pre-cancerous lesions. Screening of patients was conducted by expert oral pathologists, dentists, and healthcare professionals. Patients were examined for leukoplakia, erythroplakia, oral submucous fibrosis, and suspicious oral lesions. Suspected cases were referred for biopsy and histopathological examination. An Oral Cancer **Awareness Talk** was delivered by **Dr. Madhusudan Astekar.**

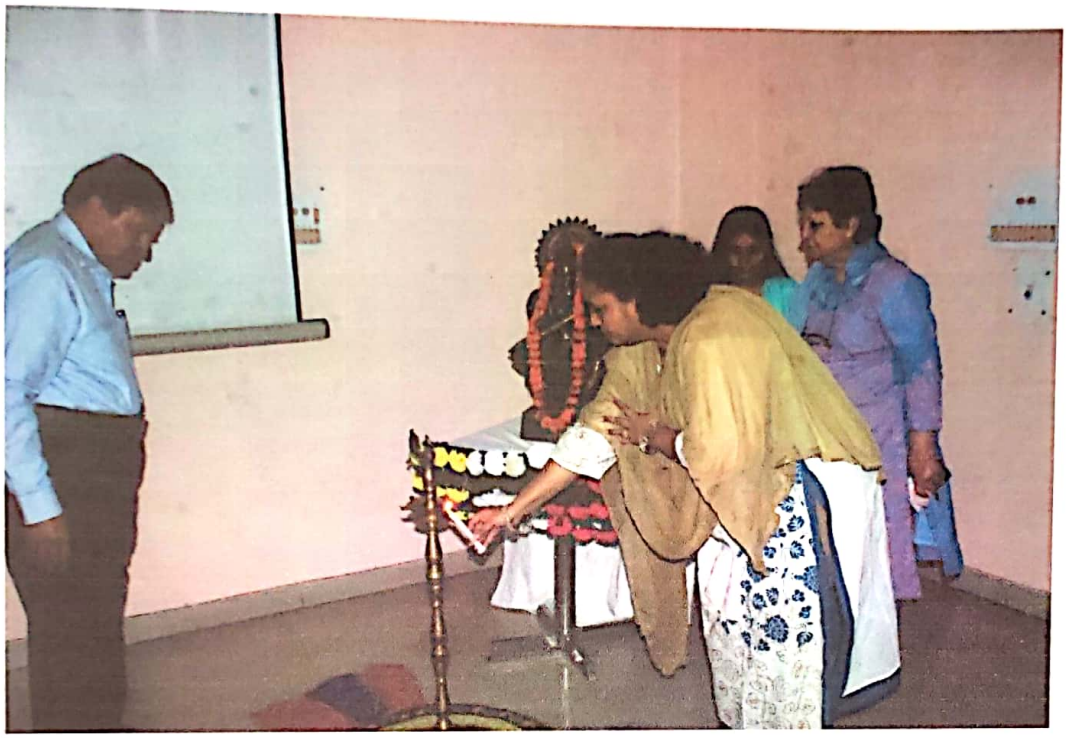

A vote of thanks was given by **Dr. Aditi Murari,** highlighting the role of medical team and volunteers for their dedication in conducting the oral cancer detection camp, making a significant impact in the community.

The Oral & Maxillofacial Pathology Day celebration successfully highlighted the importance of oral pathology in diagnosing and preventing oral diseases. The event not only benefited the community through free screenings but also encouraged students and professionals to deepen their knowledge and diagnostic skills in oral pathology.

Thanking you
With Best regards,

Dr. Madhusudan Astekar MDS, PhD

1. Social Media Campaign:

- It is amazing how the internet is changing people's lives. So, the aim of this campaign was to spread awareness about our national heroes using social media targeting the youth and upcoming generation. Different templates were made on unsung heroes of uttar prdesh and the same were posted on our college Instagram ,Facebook & Twitter handle for 10 days .Templates were then shared by all staff members, undergraduate and postgraduate students on their respective Instagram, Facebook and WhatsApp accounts.
- The power of networking has been illustrated in a flowchart below wherein the number of views of each student on their respective social media were counted. To make it more interesting, we decided to reward the person with maximum social media outreach.

2. Newspaper Articles

We owe our Independence to the great freedom fighters who laid down their lives for the sake of nation. So, Institute of Dental Sciences took the initiative to give due respect, recognition and acknowledgment to the heroes of freedom struggle from Uttar Pradesh, whose contributions are yet unknown to the present generation. Stories of their bravery were published in local newspaper in the form of articles continuously for 10 days,from 31st july till 10th August. A population of approximately 10 lakh was approached by the same.

खूब लड़ी मर्दानी वो तो झांसी वाली रानी थी...

75वें अमृत महोत्सव को मनाने के लिए बरेली इंटरनेशनल यूनिवर्सिटी ने स्वतंत्रता सेनानियों के बलिदान की गाथा को जनमानस तक पहुंचाने की मुहिम शुरू की है। इसके लिए यूनिवर्सिटी के कुलाधिपति डा. केशव कुमार अग्रवाल, प्रति कुलाधिपति डा. अशोक कुमार अग्रवाल, उप कुलाधिपति डा. लता अग्रवाल और प्रति उप कुलाधिपति डा. किरन अग्रवाल ने स्मृतियां जागृत करने के लिए आजादी का अमृत महोत्सव धूमधाम से मनाने की घोषणा की है। इसी मुहिम का हिस्सा बनते हुए इंस्टीट्यूट ऑफ डेंटल साइंसेज ने प्राचार्य डा. सत्यजीत नायक और प्रशासनिक अधिकारी सीएस कांडपाल के दिशा-निर्देशन में विभिन्न गतिविधियां शुरू की हैं। पेश है पहला अंक.....

झांसी की रानी लक्ष्मीबाई को बच्चा -बच्चा जानता है। लक्ष्मीबाई का बचपन का नाम मनु था। उनका जन्म 19 नवंबर 1828 में बनारस में हुआ था। उनके पिता का नाम मोरोपंत तांबे और माता का नाम भागीरथीबाई था। मनु को घुड़सवारी, तलवार चलाना और तीर चलाना अच्छा लगता था। सब उन्हें छबीली भी कहते थे। मनु बहुत चतुर थीं। उन्होंने बचपन में ही संस्कृत, हिंदी और मराठी सीख ली थी। सन् 1842 में उनका विवाह झांसी के राजा गंगाधर राव के साथ हुआ। रानी ने दामोदर राव नाम के एक बालक को गोद लिया। अंग्रेज उनके राज्य को हड़पना चाहते थे।रानी ने स्वंतत्रता संग्राम आरंभ कर दिया। जब गंगाधर राव नेवालकर की मृत्यु हो गई तो अंग्रेजों ने झांसी की रानी को कमजोर और असमर्थ समझा और झांसी को छोड़ने का आदेश दे दिया। अंग्रेजों ने झांसी पर हमला बोल दिया। 27 फरवरी 1854 को अंग्रेजी सरकार ने दत्तक पुत्र की गोद को अस्वीकार कर दिया और झांसी को अंग्रेजों के राज्य में मिलाने की घोषणा कर दी। जब गुप्तचरों से रानी को खबर मिली तो उन्होंने कहा- मैं अपनी झांसी किसी को नहीं दूंगी। लेकिन 7 मार्च 1854 में झांसी पर अंग्रेजों ने अधिकार कर ही लिया। झांसी का पहला ऐतिहासिक युद्ध 23 मार्च 1858 को शुरू हुआ था। झांसी की रानी के आज्ञानुसार कुशल तोपची गुलाम गौस खां ने तोपों के ऐसे गोले फेंके कि अंग्रेजी सेना हैरान हो गई । रानी लक्ष्मी बाई ने लगातार सात दिनों तक अंग्रेजों से लोहा लिया। अपने दत्तक पुत्र को पीठ पर बांधकर अंग्रेजों से युद्ध किया था। कालपी पहुंचकर रानी लक्ष्मी बाई और तात्या टोपे ने एक योजना बनाई। रानी ने साथियों के साथ ग्वालियर पर आक्रमण कर किले पर कब्जा कर लिया। 18 जून को 1858 में ग्वालियर के आखिरी युद्ध में अंग्रेजों का सामना करते हुए रानी गंभीर रूप से घायल हो गईं और वीर गति को प्राप्त हुईं। रानी लक्ष्मीबाई की वीरता, त्याग और बलिदान पर हम सभी भारतीयों को गर्व है।

- डॉ. शिवांगी शर्मा,
इंस्टीट्यूट ऑफ डेंटल साइंसेज

अंग्रेजों के खिलाफ दिया था मार फिरंगी नारा

- आजादी के अमृत महोत्सव के तहत बरेली इंटरनेशनल यूनिवर्सिटी की ओर से स्वतंत्रता संग्राम सेनानियों को नमन

स्वतंत्रता सेनानी मंगल पांडे का जन्म 19 जुलाई 1827 को उत्तर प्रदेश के बलिया जिले के नगवा गांव में दिवाकर पांडे और अभय रानी के यहां हुआ। बचपन से अग्रेजों से नफरत करने वाले वीर मंगल पांडे सन 1849 में ईस्ट इंडिया कंपनी की बैरकपुर छावनी में सिपाही के पद पर भर्ती हुए। फरवरी 1857 में बंगाल इकाई में एनफील्ड बंदूक में नए कारतूसों का उपयोग शुरू हुआ।

इन कारतूसों के ऊपरी हिस्से पर चर्बी होती थी। वहीं, कारतूसों को मुंह से खोलना होता था। उस समय सेना में यह अफवाह फैली कि कारतूस की चर्बी में गाय और सुअर का मांस मिला है जो कि हिन्दुओं और मुसलमानों की धार्मिक आस्था पर चोट करता था। इसी आधार पर उन्होंने कारतूसों का प्रयोग करने से मना कर दिया। इसे अंग्रेजों ने विद्रोह माना। अग्रेजों के खिलाफ उन्होंने ''मार फिरंगी को'' का नारा दिया। 1857 में उन्हें सेना से निकालने, बंदूक और वर्दी वापस लेने का फरमान सुनाया गया। उसी दौरान अंग्रेज अफसर उनकी तरफ बढ़े, लेकिन मंगल पांडे ने उन पर हमला बोल दिया। अंग्रेजों ने उन्हें पकड़ लिया। 6 अप्रैल 1857 को उनका कोर्ट मार्शल किया गया। 8 अप्रैल 1857 को वह शहीद हो गए। उनकी यह शहादत 9 मई 1857 में मेरठ कैंट में प्रथम स्वतंत्रता के युद्ध की प्रेरणा बनी। भारत के स्वाधीनता संग्राम में उनकी महत्वपूर्ण भूमिका को लेकर सरकार द्वारा उनके सम्मान में सन 1984 में एक डाक टिकट जारी किया गया। मंगल पांडे की ब्रिटिश कानून के खिलाफ आवाज उठाना और समग्र देश की भलाई के लिए डट के खडे.रहना उनको आज भी हमारे दिल में जिंदा रखता है।

3. Tiranga moments

Our honourable Prime Minister Narendra Modiji started the "Har Ghar Tiranga" campaign as a mark of respect for Tricolor. Institute of Dental Sciences,took the initiative to encourage people to bring the Tiranga home . Principal, faculty, post graduates and graduate students hoisted flag and captured tiranga moments in their respective departments along with the patients. Entire college was decorated with tricolor balloons.Faculty and students residing in the university campus or hostels, hoisted flags in their balconies.

Each department prepared a video of 15-30secs to showcase their talent in different creative ways to respect for the Tiranga. As,it's an era for social media,tiranga moments were shared on whatsApp, Facebook and Instagram . The tiranga selfie moments were captured and shared on social media platforms to outreach the heart of nation and to celebrate our Azadi ka Amrit Mahotsav. Various hastags were used like
#Amritmahotsav, #ids_75, #biu_75, #bhaarat_75, #dentistsofindia, #dentalhygiene, #harghartiranga , #tirangawaliselfie
All the members of Institute of Dental Sciences pledged to work selflessly towards prosperity of India and well being of its people.

4. Video by Dental Faculty: **"Swacch Mukh Abhiyaan"**

Independence in its true sense means freedom from control, influence, support or aid of others. After 75 years of independence, India has developed and emerged as a self-reliant and powerful nation. But sadly, still there are nearly 267 million Indian citizens who are TOBACCO users. So, this independance day, let us all move together towards a ***TOBACCO FREE INDIA.***

This short video is a collaborative effort by dental fraternity explaining the facts and data about tobacco usage, its hazards and also aims to motivate people to quit this habit. Through this campaign, we, as dentists, are trying to contribute to **Swacch Bharat Abhiyaan,** envisioned by our Prime Minister.

5. **Skit – "Daastan-e-Hind"**

On the night of August 14, 1947, Pandit Jawahar lal Nehru rose to make a maiden speech in New Delhi. ***"When the world sleeps, India will wake to life and freedom"***

Today, after 75 years we remember the great leaders **(RANI LAXMI BAI, NETAJI SUBHASH CHANDRA BOSE, SHAHEED BHAGAT SINGH)** who gave their lives for the nation's freedom and prosperity.

This theatrical drama will showcase the valor stories of these bravehearts and ignite numerous fires in the hearts and minds of young souls and enlighten them with our glorious past and enriched culture.

The skit will end with a short dance showcasing joy and gaiety of Indian citizens at the time of independence.

Skit Performance

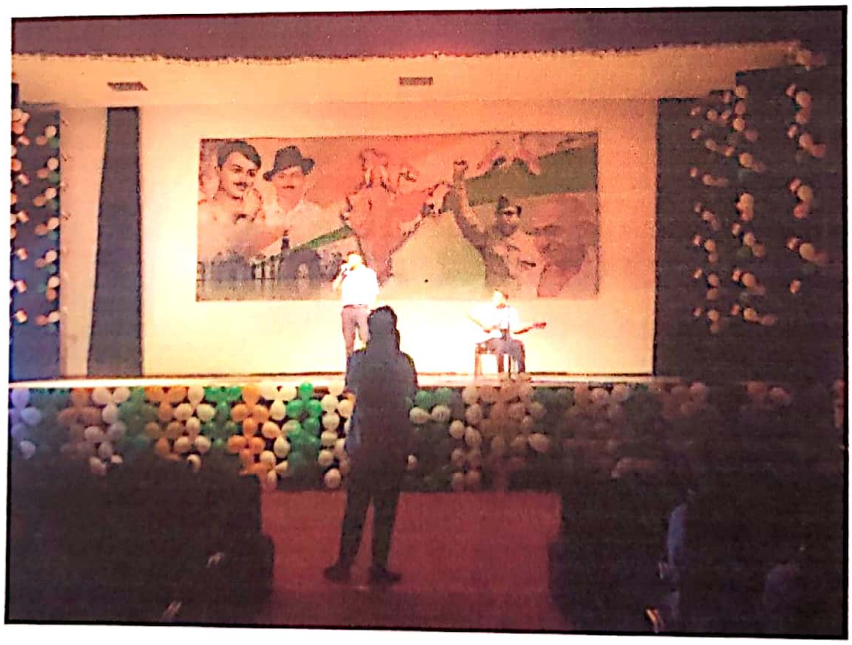

Skit Performance

Scanned with CamScanner

6. **Poetry Recitation/Singing competition: "Jashn – e - Azaadi".**

Patriotism and music have been blended together in countless melodies and poetries. These tracks invigorate feelings of pure devotion, loyalty and respect for the nation, each time they are played. Traditional songs like **Aae mere watan ke logon** remain one of the most powerful patriotic tunes ever sung in India. On the other side we have newer versions of golden songs like **Des mere, teri jaan ke sadke** and **Teri mitti me mil jaaon** and **tu bhoola jisse** which bring together the rustiness and the soul of the Indian soil in the most brilliant blend ever heard of.

Today's generation of Graduate and post graduate dental students will celebrate and commemorate the sacrifices of freedom warriors as they will sing these patriotic tunes and will recite some well known and also self-composed poetries on patriotism.
The best performance shall be judged by eminent panel of judges and awarded.

Singing Competition

Scanned with CamScanner

7. Air Balloons: **"The Free Souls"**

Balloons have managed to find their way into every occasion since we were kids. They depict joy and happiness and have a special place in so many of our hearts. But, at spiritual level, balloons symbolize much more than just elation.

- They represent our aims, objectives and dreams in life. They are directly symbolic of what we aspire to achieve.
- Balloons also reflect strong urge from within to "let go" – let go our fears, sorrows and our past.
- Balloons are also symbolic of freedom and independence – freedom from negativity, toxicity and stress. They inspire us to celebrate the feeling of being self-reliant – **AATM-NIRBHAR.**

So, being the citizens of this new **AATM-NIRBHAR BHARAT**, fraternity of institute of dental sciences, BIU has taken this initiative to release 600 air balloons and paint the sky with colors of our **TIRANGA.**

The moment is intended to be captured with drone shots.

CONCLUSION: *We the family of Institute of Dental Sciences, Bareilly, extends our heartfelt gratitude to our Indian Government for providing us a chance to serve our society and work our level best for its welfare.*
