Senior Health Monitoring Camp

- **Date**: May 11, 2020
- **Location**: Bisaratganj
- **Attendance**: 11 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Chronic disease management for seniors
  - Health screenings for blood pressure, cholesterol, and diabetes
- **Outcomes**: The camp provided seniors with critical health monitoring and consultations for managing chronic conditions like hypertension and diabetes. The outcomes showed a better understanding of disease management, resulting in improved quality of life for elderly participants. The camp's success lay in enhancing health literacy and encouraging regular check-ups among seniors.

Child Health and Immunization Camp

- **Date**: December 10, 2019
- **Location**: Kunwa Danda
- **Attendance**: 10 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Child health assessments and immunizations
  - Growth monitoring and parental guidance on child care
- **Outcomes**: This camp played a vital role in promoting child health through immunizations and growth assessments. The outcomes reflected improved vaccination coverage and enhanced child health awareness among parents. Regular follow-ups showed that children benefited from better overall health, and parents became more proactive in managing their children's well-being.

Women's Health Screening and Education Camp

- **Date**: January 10, 2020
- **Location**: Fareedpur
- **Attendance**: 10 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Screenings for women's health issues and preventive consultations
  - Health education on managing reproductive health and wellness
- **Outcomes**: The camp successfully educated women on managing their reproductive health and emphasized the importance of early detection. The outcomes showed that participants were more likely to seek preventive care, resulting in better health outcomes. The camp's focus on health education helped to foster a culture of regular health monitoring among women in the community.

Family Health and Screening Camp

- **Date**: December 20, 2019
- **Location**: Fatehganj west
- **Attendance**: 20 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Family health check-ups and wellness consultations
  - Preventive care advice and family health management resources
- **Outcomes**: This camp emphasized the importance of family health, providing screenings and consultations for families. Participants left with a better understanding of how to manage their family's health proactively, with many adopting new health practices as a result. The camp's outcomes showed that families were more engaged in taking preventive steps to ensure long-term wellness.

Rural Health Check-up Camp

- **Date**: September 10, 2019
- **Location**: Dalel Nagar Bareilly
- **Attendance**: 10 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - General health check-ups for rural populations
  - Distribution of health resources and wellness education
- **Outcomes**: This camp aimed to bridge the healthcare gap in rural areas by providing essential services. Participants received health screenings and personalized advice, leading to better health outcomes in underserved communities. The camp's success was measured by the increased health awareness and proactive measures taken by participants following the event.

Maternal and Child Health Camp

- **Date**: October 12, 2019
- **Location**: Rithora
- **Attendance**: 12 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Health screenings for mothers and children
  - Preventive care consultations and wellness advice
- **Outcomes**: The camp focused on maternal and child health, offering valuable screenings and advice. Participants, especially mothers, were educated on the importance of preventive care, which resulted in improved health management for their families. The outcomes reflected better health awareness among mothers, positively impacting their children's well-being.

Paediatric Health and Immunization Camp

- **Date**: August 12, 2019
- **Location**: Kakrala Badaun
- **Attendance**: 12 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Paediatric health screenings and immunization services
  - Growth and development consultations
- **Outcomes**: This camp provided essential immunizations and health screenings for children, ensuring they are protected from preventable diseases. The outcomes showed an increase in vaccination rates and improved growth monitoring. Parents left the camp with better knowledge of childhood vaccinations and the importance of regular health check-ups for their children.

Maternal Health and Wellness Camp

- **Date**: November 10, 2019
- **Location**: Vidhya Factory Shahjahanpur
- **Attendance**: 10 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
    - Maternal health screenings and nutrition consultations
    - Prenatal care and wellness education
- **Outcomes**: The camp emphasized the importance of prenatal care, providing pregnant women with crucial health screenings and nutritional advice. The outcomes demonstrated better pregnancy management and an increased focus on maternal wellness, leading to improved health outcomes for both mothers and newborns. The camp's impact was particularly significant in promoting safe pregnancies.

Child Health and Immunization Camp

- **Date**: December 10, 2019
- **Location**: Kunwa Danda
- **Attendance**: 10 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Child health assessments and immunizations
  - Growth monitoring and parental guidance on child care
- **Outcomes**: This camp played a vital role in promoting child health through immunizations and growth assessments. The outcomes reflected improved vaccination coverage and enhanced child health awareness among parents. Regular follow-ups showed that children benefited from better overall health, and parents became more proactive in managing their children's well-being.

Women's Health Screening and Education Camp

- **Date**: January 10, 2020
- **Location**: Fareedpur
- **Attendance**: 10 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Screenings for women's health issues and preventive consultations
  - Health education on managing reproductive health and wellness
- **Outcomes**: The camp successfully educated women on managing their reproductive health and emphasized the importance of early detection. The outcomes showed that participants were more likely to seek preventive care, resulting in better health outcomes. The camp's focus on health education helped to foster a culture of regular health monitoring among women in the community.

Women's Preventive Health Screening Camp

- **Date**: August 12, 2019
- **Location**: Fatehganj East
- **Attendance**: 12 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Screenings for common women's health issues
  - Preventive health consultations and guidance
- **Outcomes**: The camp fostered better awareness of preventive health practices among women, particularly regarding reproductive health. The outcomes reflected improved participation in regular health screenings and increased awareness of early detection, leading to healthier outcomes and reduced risk of complications.

Oral Health Awareness and Screening Camp

- **Date**: June 14, 2019
- **Location**: Dalel Nagar Bareilly
- **Attendance**: 14 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Dental screenings and consultations
  - Awareness on oral hygiene practices
- **Outcomes**: This camp helped raise awareness about the importance of oral health and hygiene. Participants learned about proper brushing techniques and the importance of regular dental check-ups. Outcomes indicated improved oral hygiene practices among attendees, contributing to reduced incidences of oral diseases.
