Family Health and Preventive Medicine Camp

- **Date**: July 15, 2021
- **Location**: Fareedpur
- **Attendance**: 16 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Preventive health screenings and family health consultations
  - Advice on disease prevention and healthy lifestyle choices
  - Distribution of health management guides and preventive resources
- **Outcomes**: The camp provided family-oriented preventive care, focusing on early detection of health issues and promoting healthy lifestyle choices. Participants underwent screenings for common conditions such as hypertension and diabetes, with several cases identified for follow-up. The camp emphasized the importance of family health and offered practical advice on maintaining a healthy lifestyle, including diet and exercise. Attendees left with a greater understanding of how to prevent common illnesses and improve their overall health, thanks to the comprehensive guidance and resources provided.

Adolescent Health and Wellness Camp

- **Date**: June 10, 2021
- **Location**: Kunwa Danda
- **Attendance**: 13 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Health screenings and consultations tailored for adolescents
  - Education on puberty, mental health, and nutrition
  - Distribution of health and wellness resources
- **Outcomes**: This camp addressed the unique health needs of adolescents, focusing on physical, mental, and nutritional health. Participants received comprehensive health assessments and were educated on managing puberty-related changes and mental well-being. Several adolescents were identified with nutritional deficiencies and were provided with personalized dietary recommendations. The camp also facilitated discussions about mental health challenges, equipping attendees with resources and coping strategies. Parents were involved in the educational process, receiving guidance on supporting their children's health during these critical developmental years.

Women's Health Screening and Awareness Camp

- **Date**: September 5, 2021
- **Location**: Ankur Rice Mile Pilibhit
- **Attendance**: 18 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Health screenings for common women's health issues
  - Education on reproductive health and preventive care
  - Distribution of health education materials and wellness kits
- **Outcomes**: The camp focused on women's health, providing essential screenings for conditions such as breast cancer and reproductive health issues. Several participants were identified with conditions requiring further evaluation and were referred to specialists. The camp also included educational sessions on maintaining reproductive health and preventive care, which helped raise awareness about the importance of regular check-ups. Participants appreciated the wellness kits and educational materials that supported their ongoing health management. The event was effective in promoting proactive health measures among women.

Heart Health and Cardiovascular Disease Awareness Camp

- **Date**: November 11, 2021
- **Location**: Uttraini Mela
- **Attendance**: 19 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Cardiovascular health screenings and consultations
  - Advice on managing risk factors for heart disease
  - Distribution of heart health guides and preventive resources
- **Outcomes**: The camp provided thorough cardiovascular assessments, identifying several participants with elevated risk factors for heart disease, such as high blood pressure and cholesterol. Personalized management plans were given, emphasizing lifestyle changes like diet and exercise. Attendees also received educational resources on preventing heart disease and maintaining cardiovascular health. The camp successfully raised awareness about the importance of heart health and equipped participants with the knowledge to make informed decisions about their lifestyle and health practices.

Diabetes Awareness and Management Camp

- **Date**: February 22, 2022
- **Location**: Shahi
- **Attendance**: 22 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Diabetes screenings and management consultations
  - Education on blood sugar control and lifestyle changes
  - Distribution of diabetes care materials and monitoring tools
- **Outcomes**: The camp focused on managing and preventing diabetes, with several participants being screened for high blood sugar levels. Personalized management plans were provided, including dietary and lifestyle changes to improve blood sugar control. The camp also offered education on preventing complications associated with diabetes and distributed resources to help participants monitor their condition effectively. The event was successful in raising awareness about diabetes and empowering individuals with the tools and knowledge needed for better diabetes management.

Mental Health and Stress Management Camp

- **Date**: April 12, 2022
- **Location**: Fatehganj west
- **Attendance**: 25 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Mental health screenings and stress management consultations
  - Workshops on coping strategies and relaxation techniques
  - Distribution of mental health resources and self-care guides
- **Outcomes**: The camp provided crucial support for managing mental health and stress, with several participants identified as needing further mental health support. The event included workshops on effective stress management techniques and coping strategies, which participants found beneficial. Attendees left with practical tools for managing stress and maintaining mental well-being, as well as access to mental health resources. The camp successfully promoted awareness and provided actionable advice for improving mental health and managing everyday stress.

Skin Care and Dermatology Camp

- **Date**: May 17, 2022
- **Location**: Fatehganj Purvi
- **Attendance**: 16 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Dermatological consultations and skin health screenings
  - Advice on managing common skin conditions and preventive care
  - Distribution of skin care products and educational brochures
- **Outcomes**: The camp addressed a range of skin health concerns, from acne to eczema, providing consultations and treatment recommendations. Participants received personalized advice on managing their skin conditions and preventing further issues through proper skin care routines. Educational materials on maintaining healthy skin were distributed, and attendees were encouraged to adopt preventive measures to avoid skin problems. The camp enhanced participants' understanding of dermatological health and equipped them with practical solutions for their skin care needs.

Adolescent Health and Nutrition Camp

- **Date**: July 8, 2021
- **Location**: Nawabganj
- **Attendance**: 18 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
    - Health assessments and nutritional guidance for adolescents
    - Education on managing puberty and mental well-being
    - Distribution of nutritional supplements and health resources
- **Outcomes**: The camp focused on addressing the health needs of adolescents, offering health assessments and personalized nutritional advice. Many participants were identified with dietary deficiencies, and tailored nutritional plans were provided to support their growth and development. The camp also included educational sessions on managing puberty and mental health, providing adolescents with valuable information and resources. Feedback indicated that the camp effectively supported participants in navigating the challenges of adolescence with better health and nutrition awareness.

Cardiovascular Screening and Management Camp

- **Date**: August 18, 2021
- **Location**: Dalel Nagar Bareilly
- **Attendance**: 19 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Cardiovascular screenings and risk assessments
  - Education on heart disease prevention and management
  - Distribution of heart health guides and monitoring tools
- **Outcomes**: The cardiovascular camp successfully identified several participants with risk factors for heart disease, such as high blood pressure and cholesterol levels. Comprehensive advice was provided on managing these risks through lifestyle changes, including diet and physical activity. Educational materials and monitoring tools were distributed, helping participants understand their cardiovascular health and take preventive measures. The camp effectively raised awareness about heart disease and equipped attendees with the knowledge needed for better heart health management.

Women's Health and Preventive Care Camp

- **Date**: October 6, 2021
- **Location**: Rithora
- **Attendance**: 20 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Preventive health screenings for women
  - Education on reproductive health and self-care
  - Distribution of health resources and preventive care kits
- **Outcomes**: The camp provided essential preventive health screenings for women, including checks for common reproductive health issues. Several participants were referred for further evaluation based on their screening results. The camp also included educational sessions on reproductive health and self-care practices, which were well-received. Participants appreciated the health resources and preventive care kits provided, and many expressed increased awareness about the importance of regular health screenings and proactive self-care.

Diabetes Management and Education Camp

- **Date**: November 10, 2021
- **Location**: Manpur Baheri
- **Attendance**: 12 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Diabetes screenings and management consultations
  - Education on blood sugar control and lifestyle changes
  - Distribution of diabetes care resources and monitoring tools
- **Outcomes**: The diabetes camp offered screenings and personalized management plans for participants with diabetes or at risk of the condition. Attendees received detailed guidance on controlling blood sugar levels through diet and lifestyle modifications. The camp provided valuable resources and monitoring tools to help participants manage their diabetes effectively. Feedback indicated that the event significantly improved participants' understanding of diabetes care and empowered them to make informed decisions about their health.

Paediatric Health and Development Camp

- **Date**: February 22, 2022
- **Location**: LH Sugar Factory , Pilibhit
- **Attendance**: 10 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Paediatric health assessments and developmental screenings
  - Advice on child growth, nutrition, and preventive care
  - Distribution of health guides and developmental resources
- **Outcomes**: The paediatric camp addressed key aspects of child health and development, with assessments identifying a range of growth and nutritional needs. Participants received tailored advice to support their children's development, including dietary recommendations and preventive care tips. The distribution of health guides and resources helped parents better understand their children's health needs and how to address them effectively. The camp was praised for its comprehensive approach to supporting child health and development.

Chronic Disease Management and Prevention Camp

- **Date**: July 10, 2021
- **Location**: Kuadanda
- **Attendance**: 19 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Consultations and management strategies for chronic diseases
  - Education on disease prevention and lifestyle modifications
  - Distribution of management tools and educational materials
- **Outcomes**: The camp provided critical support for managing chronic diseases such as diabetes and hypertension. Participants were given tailored management plans and strategies for preventing complications associated with their conditions. The camp also included educational sessions on lifestyle modifications, which were well-received. Attendees left with practical tools and resources to better manage their chronic conditions, resulting in increased confidence and improved health outcomes.

Women's Health and Empowerment Camp

- **Date**: August 18, 2021
- **Location**: Meerganj
- **Attendance**: 16 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Health screenings and consultations focusing on women's health
  - Education on reproductive health, empowerment, and self-care
  - Distribution of health resources and empowerment materials
- **Outcomes**: The camp focused on women's health issues, providing screenings and consultations to address various health concerns. Participants received education on reproductive health, empowerment, and self-care, which contributed to increased awareness and self-management. The resources and materials distributed helped attendees make informed decisions about their health and well-being. The camp successfully empowered women by providing them with the knowledge and tools necessary to take charge of their health and advocate for their needs.

Paediatric Health and Wellness Camp

- **Date**: October 14, 2021
- **Location**: Dhaneta
- **Attendance**: 16 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
    - Paediatric health assessments and developmental screenings
    - Education on child nutrition, growth, and preventive care
    - Distribution of health and wellness resources for children
- **Outcomes**: The camp provided essential health assessments for children, identifying various developmental and nutritional needs. Personalized advice was given to parents on supporting their children's growth and well-being. The educational resources and wellness materials distributed helped families understand and address their children's health needs more effectively. Overall, the camp significantly improved participants' knowledge and practices related to podiatric health and wellness.

Diabetes Awareness and Prevention Camp

- **Date**: December 15, 2021
- **Location**: Shergarh
- **Attendance**: 19 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
    - Diabetes screenings and preventive consultations
    - Education on managing blood sugar levels and reducing risk factors
    - Distribution of diabetes care materials and preventive resources
- **Outcomes**: The camp provided crucial screenings and preventive advice for diabetes. Participants were educated on managing their blood sugar levels and reducing risk factors through lifestyle changes. The distribution of care materials and resources helped attendees understand their condition better and take proactive steps towards prevention. The camp effectively raised awareness about diabetes and equipped participants with the knowledge needed to prevent and manage the disease.

Paediatric Nutrition and Growth Camp

- **Date**: March 5, 2022
- **Location**: Janta Public Inter College Nakatiya
- **Attendance**: 23 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Nutritional assessments and growth monitoring for children
  - Education on child nutrition and healthy eating habits
  - Distribution of nutritional resources and dietary supplements
- **Outcomes**: The camp addressed key aspects of pediatric nutrition and growth, providing assessments and personalized dietary recommendations. Many children were identified with nutritional deficiencies, and parents were given practical advice on improving their children's diet. The nutritional resources and dietary supplements distributed supported healthier eating habits and better growth. The camp effectively enhanced participants' understanding of child nutrition and supported improved health outcomes for children.

Allergy and Asthma Management Camp

- **Date**: April 8, 2022
- **Location**: Bhuta
- **Attendance**: 11 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Allergy and asthma screenings and consultations
  - Education on managing symptoms and avoiding triggers
  - Distribution of asthma care kits and allergy management resources
- **Outcomes**: The camp provided essential support for managing allergies and asthma, with participants receiving screenings and personalized advice. The educational sessions helped attendees understand how to manage their symptoms and avoid common triggers. The asthma care kits and allergy management resources distributed were well-received, improving participants' ability to handle their conditions effectively. The camp contributed to better overall management of allergies and asthma for those involved.

General Health and Wellness Camp

- **Date**: June 7, 2021
- **Location**: Naim Eye Care Centre Bisalpur
- **Attendance**: 12 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Comprehensive health screenings and wellness consultations
  - Personalized advice on maintaining a healthy lifestyle
  - Distribution of wellness guides and health management tools
- **Outcomes**: The camp provided a thorough assessment of general health, offering screenings for common conditions and personalized lifestyle advice. Participants were educated on the importance of balanced nutrition and regular exercise. The distribution of wellness guides and management tools supported participants in implementing healthier lifestyle choices. The camp successfully increased participants' awareness of overall health and wellness, and many reported making positive changes to their daily routines as a result.

Chronic Disease Awareness and Management Camp

- **Date**: August 16, 2021
- **Location**: Distric Jail Kesarpur
- **Attendance**: 21 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Consultations and management strategies for chronic diseases
  - Education on prevention and control of chronic conditions
  - Distribution of management tools and educational materials
- **Outcomes**: The camp addressed chronic diseases by offering consultations and personalized management plans. Participants received education on preventing complications and controlling their conditions through lifestyle changes and medication. The distribution of management tools and educational materials facilitated better disease control and increased awareness. Feedback indicated that participants felt more equipped to manage their chronic conditions effectively, leading to improved health management and outcomes.

Paediatric Health and Development Camp

- **Date**: November 12, 2021
- **Location**: Delhi Public School Bareilly
- **Attendance**: 22 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Pediatric health assessments and developmental screenings
  - Education on child nutrition, growth, and preventive care
  - Distribution of health resources and developmental materials
- **Outcomes**: The camp provided critical assessments and screenings for children, addressing various aspects of health and development. Personalized advice was given to support children's growth and nutritional needs. Educational materials and resources distributed helped parents understand and manage their children's health more effectively. The camp significantly improved participants' knowledge about paediatric health and supported better developmental outcomes for children.

Allergy Management and Respiratory Health Camp

- **Date**: December 20, 2021
- **Location**: Gram Panchayat Bhavan Baduan
- **Attendance**: 23 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
    - Allergy and respiratory health screenings and consultations
    - Education on managing asthma and allergic reactions
    - Distribution of allergy management kits and educational materials
- **Outcomes**: The camp focused on managing allergies and respiratory conditions, providing screenings and consultations. Participants received practical advice on controlling asthma and avoiding allergens. The allergy management kits and educational materials distributed were highly valued, enhancing attendees' ability to manage their conditions effectively. The camp led to improved understanding and management of respiratory health and allergies, contributing to better overall quality of life for participants.

Bone Health and Osteoporosis Prevention Camp

- **Date**: January 18, 2022
- **Location**: Ujhani Badaun
- **Attendance**: 25 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Bone density screenings and osteoporosis consultations
  - Education on bone health maintenance and fracture prevention
  - Distribution of osteoporosis management resources and supplements
- **Outcomes**: This camp addressed bone health, providing essential bone density screenings and consultations for osteoporosis. Participants received personalized advice on preventing fractures and maintaining bone health through diet and exercise. The osteoporosis management resources and supplements distributed were instrumental in helping attendees manage their bone health effectively. The camp significantly increased awareness about osteoporosis and provided practical solutions for improving bone health.

Cardiovascular Health Awareness Camp

- **Date**: July 15, 2021
- **Location**: Rijola Usba Badaun
- **Attendance**: 15 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Cardiovascular health assessments and consultations
  - Education on preventing heart disease and maintaining heart health
  - Distribution of cardiovascular health guides and resources
- **Outcomes**: The camp focused on cardiovascular health, providing essential assessments and consultations. Participants learned about preventing heart disease through lifestyle modifications and were given practical advice on maintaining heart health. The cardiovascular health guides and resources distributed helped attendees understand their risk factors and implement effective management strategies. The camp resulted in increased cardiovascular health awareness and better heart health management among participants.

Comprehensive Health and Wellness Camp

- **Date**: April 5, 2022
- **Location**: Meerganj
- **Attendance**: 16 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - In-depth health assessments and wellness consultations
  - Education on maintaining overall health and wellness strategies
  - Distribution of health guides and wellness resources
- **Outcomes**: The camp offered thorough health assessments and wellness consultations tailored to individual needs. Participants gained insights into maintaining their overall health through targeted education on wellness strategies. The health guides and wellness resources distributed were well-received and enabled attendees to adopt effective health practices. The camp significantly improved participants' understanding of wellness and encouraged them to integrate new health strategies into their daily lives.

Paediatric Health and Wellness Camp

- **Date**: November 8, 2021
- **Location**: Ramnagar
- **Attendance**: 23 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Paediatric health assessments and wellness consultations
  - Education on child development and preventive care
  - Distribution of paediatric health resources and development materials
- **Outcomes**: The camp addressed podiatric health with comprehensive assessments and consultations for children. Parents received education on child development and preventive care to support their children's growth and wellness. The podiatric health resources and development materials distributed helped families implement effective health management strategies. The camp effectively improved knowledge about podiatric health and supported better developmental outcomes for children.

Comprehensive Health Check-Up Camp

- **Date**: November 10, 2021
- **Location**: Fatehganj west
- **Attendance**: 18 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - General health assessments and individualized consultations
  - Blood pressure and diabetes screenings
  - Distribution of health improvement materials and dietary recommendations
- **Outcomes**: This camp provided comprehensive health check-ups, with screenings focusing on diabetes and blood pressure management. Attendees received individualized consultations that addressed their specific health concerns, with emphasis on lifestyle changes. Health improvement materials and dietary recommendations were distributed to guide participants toward healthier living. The camp led to increased awareness of chronic diseases, and many participants expressed an interest in maintaining regular health monitoring to prevent complications.

Maternal and Child Health Camp

- **Date**: January 6, 2022
- **Location**: Ramnagar
- **Attendance**: 15 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Maternal health check-ups and child nutrition counseling
  - Vaccinations for children and educational sessions for mothers
  - Distribution of maternal health resources and supplements
- **Outcomes**: The focus of this camp was on promoting maternal and child health. Expectant mothers were provided with prenatal check-ups, while mothers with young children received valuable nutrition counseling. Vaccination programs were also conducted, ensuring children's immunization schedules were up to date. Many mothers left with a renewed commitment to maternal health practices, and several expressed their intention to follow up with prenatal care.

Community Health Awareness Camp

- **Date**: February 15, 2022
- **Location**: Bhamora
- **Attendance**: 12 participants
- **Organized by**: NSS/NCC Unit Bareilly International University
- **Key Services Provided**:
  - Community-based health screenings and educational workshops
  - Consultations on managing common illnesses and preventive care
  - Distribution of health brochures and educational materials
- **Outcomes**: This camp focused on raising community health awareness through targeted health screenings and workshops. Participants were educated on managing common illnesses like colds, fevers, and minor infections. Preventive care was a major theme, and health brochures with practical advice were distributed. Attendees left better informed on how to manage minor health issues at home, leading to more confident and proactive health behaviors in the community.
