Notice

Date: 10th July, 2018

It is to inform to all the students that Analytical skills development programme on **Clinical Data Analysis Workshops** will be conducted from **17th July 2019 to 18th July 2018**. Registration will be on First Come First Serve basis. Students are asked to enroll their names for the above mentioned programme as early as possible. All the Directors/Deans/HoDs/Coordinators are advised to follow the same. Your co-operation is needed to successfully conduct this Capability enhancement and development programme.

ACTIVITY REPORT

Activity Name	Clinical Data Analysis Workshops
Date and Time	17th July 2018 to 18th July 2018; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand College of Nursing, Bareilly International University
Coordinator Name	Dr. Arun Singh MD-Community Medicine, Professor
Resource Person	Mrs. Mahima Tiwari
No. of Participants	105
Program Objective	• The primary objective of the Program on Analytical Skill Development organized, was to equip participants with advanced skills in clinical data analysis. • The program aimed to enhance the analytical capabilities of medical professionals, researchers, and students, enabling them to interpret and analyze clinical data effectively. • The workshops focused on teaching statistical tools, data interpretation techniques, and the application of software for clinical data analysis, thus improving the participants' ability to conduct evidence-based research and make informed clinical decisions.
Program Outcome	• The program successfully achieved its goal, significantly improving the participants' proficiency in clinical data analysis. The workshops provided hands-on experience with statistical software, enabling participants to analyze real-world clinical datasets. • As a result, participants reported an increased confidence in handling complex clinical data, a better understanding of statistical methods, and the ability to apply these skills in their research and clinical practice. • The program also fostered a collaborative learning environment,

ACTIVITY REPORT

Activity Name	Biostatistics Training for Medical Students
Date and Time	19th June 2019 to 20th June 2019; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Faculty of Paramedical Sciences, Bareilly International University
Coordinator Name	Dr. Arun Singh MD-Community Medicine, Professor
Resource Person	Dr. Sushant Garg
No. of Participants	75
Program Objective	• The primary objective of the Capability Enhancement Program on Biostatistics Training for Medical Students was to develop and enhance the analytical skills of medical students at the health science university. • The program aimed to equip students with the fundamental knowledge and practical application of biostatistics, enabling them to analyze and interpret medical data effectively. • The training sought to bridge the gap between theoretical knowledge and real-world application, fostering a deeper understanding of statistical methods crucial for medical research and evidence-based practice.
Program Outcome	• The program successfully achieved its goal by significantly improving the analytical capabilities of participating medical students. As a result of the training, students demonstrated enhanced proficiency in using biostatistical tools and techniques to analyze clinical data. • They developed a better understanding of how to apply statistical methods to research questions, interpret results accurately, and draw valid conclusions. • This empowerment in biostatistics is expected to contribute to the students' ability to conduct high-quality research, participate in data-

ACTIVITY REPORT

Activity Name	Data Interpretation in Medical Research
Date and Time	20th Sep 2019 to 21th Sep 2019; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand Medical College and Hospital, Bareilly International University
Coordinator Name	Dr. Arun Singh MD-Community Medicine, Professor
Resource Person	Mr. Imran Ahmad Ansari
No. of Participants	147
Program Objective	• The objective of on Data Interpretation in Medical Research was to strengthen the analytical skills of faculty, researchers, and students in the field of medical research. • The program aimed to enhance their ability to accurately interpret and analyze complex datasets, apply statistical methods, and draw meaningful conclusions from medical research data. • By focusing on data interpretation, the program sought to improve the overall quality of research conducted within the university and contribute to evidence-based medical practices.
Program Outcome	• Enhanced Competency in Data Analysis: Participants demonstrated improved proficiency in interpreting complex data, including the use of statistical tools and software. • Improved Research Quality: The program led to a noticeable improvement in the quality of research outputs, with participants able to apply more rigorous data analysis techniques in their studies. • Increased Confidence in Handling Data: Participants reported increased

ACTIVITY REPORT

Activity Name	**Statistical Software Training for Healthcare**
Date and Time	18th May2020 to 19th May 2020; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand Medical College and Hospital, Bareilly International University
Coordinator Name	Dr. Arun Singh MD-Community Medicine, Professor
Resource Person	Dr. Ashish Chauhan
No. of Participants	93
Program Objective	• The Program on "Statistical Software Training for Healthcare" was organized to equip healthcare professionals, faculty, and students with essential analytical skills necessary for effective data analysis and interpretation in medical research. • The program aimed to enhance participants' proficiency in using statistical software tools such as SPSS, R, and STATA, fostering a deeper understanding of statistical methods and their application in healthcare research. • This initiative was designed to improve the quality of research output, promote evidence-based practice, and support data-driven decision-making in healthcare settings.
Program Outcome	• Enhanced Analytical Skills: Participants gained hands-on experience with statistical software, enabling them to perform complex data analyses with greater confidence and accuracy. This improved their ability to design and conduct research studies, analyze clinical trial data, and interpret results effectively. • Increased Research Competency: The program contributed to a noticeable

	improvement in the research capabilities of faculty and students. Participants reported a better understanding of statistical concepts, which directly influenced the quality and rigor of their research projects. • Improved Data Interpretation: Attendees demonstrated an enhanced ability to interpret statistical outputs, leading to more accurate conclusions in their research. This skill is crucial for developing evidence-based practices in healthcare. • Networking and Collaboration: The program provided a platform for faculty, students, and healthcare professionals to collaborate and share knowledge. This networking opportunity is expected to lead to future research collaborations and interdisciplinary projects. • Integration into Curriculum: Feedback from the program has led to discussions on integrating more comprehensive statistical training into the medical curriculum, ensuring that future graduates are better prepared for the analytical demands of the healthcare industry.

ACTIVITY REPORT

Activity Name	Evidence-Based Medicine Workshops
Date and Time	12th July 2020 to 13th July 2020; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand Medical College and Hospital, Bareilly International University
Coordinator Name	Dr. Arun Singh MD-Community Medicine, Professor
Resource Person	Mr. Kripanand Yadav
No. of Participants	55
Program Objective	• The primary objective was to equip medical professionals, including students, faculty, and clinicians, with advanced analytical skills crucial for Evidence-Based Medicine (EBM). • The program aimed to enhance participants' ability to critically appraise medical literature, interpret clinical data, and make informed decisions in clinical practice. • The workshops were designed to foster a deeper understanding of EBM principles, improve research skills, and promote the integration of evidence-based practices into daily medical decision-making.
Program Outcome	• The program successfully achieved its objectives by significantly improving participants' analytical skills and their ability to apply EBM principles in clinical settings. • Participants demonstrated enhanced competency in critical appraisal of research articles, better understanding of statistical methods, and increased confidence in utilizing evidence-based resources. • The workshops also facilitated the development of a collaborative learning environment, encouraging the exchange of knowledge and experiences among medical professionals.

	• As a result, there was a noticeable shift towards more informed and data-driven clinical decisions, ultimately contributing to improved patient care outcomes. The program also laid the foundation for continuous professional development in EBM, with participants expressing interest in further advanced training and workshops.

Notice

Date: 07th April, 2021

It is to inform to all the students that Analytical skills development programme on **Health Informatics Training** will be conducted from **16th April 2021 to 17th April 2021**. Registration will be on First Come First Serve basis. Students are asked to enroll their names for the above mentioned programme as early as possible. All the Directors/Deans/HoDs/Coordinators are advised to follow the same. Your co-operation is needed to successfully conduct this Capability enhancement and development programme.

ACTIVITY REPORT

Activity Name	**Health Informatics Training**
Date and Time	16th April 2021 to 17th April 2021; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Faculty of Paramedical Sciences, Bareilly International University
Coordinator Name	Dr. Nitesh Mohan MD-Pathology, Professor
Resource Person	Mr.Navnit Kumar Shukla
No. of Participants	81
Program Objective	• The Capability Enhancement Program aimed to develop analytical skills among students and faculty at the Health Science University, specifically within the medical college, focusing on Health Informatics Training. • The program was designed to equip participants with the knowledge and tools necessary to analyze and interpret health data effectively, thereby enhancing their decision-making capabilities in clinical and research settings. • The training emphasized the application of health informatics principles, data management, and statistical analysis to improve healthcare outcomes.
Program Outcome	• The program successfully enhanced the analytical capabilities of the participants, as evidenced by their improved ability to analyze health data analysis and interpretation. • Participants demonstrated a better understanding of health informatics concepts, including data mining, electronic health records (EHR), and health information systems. • They gained practical skills in using analytical software and tools, which enabled them to contribute more effectively to research and clinical practice. The program also fostered a collaborative learning environment,

Notice

Date: 08th June, 2021

It is to inform to all the students that Analytical skills development programme on **Risk Assessment in Healthcare** will be conducted from **14th June 2021 to 15th June 2021**. Registration will be on First Come First Serve basis. Students are asked to enroll their names for the above mentioned programme as early as possible. All the Directors/Deans/HoDs/Coordinators are advised to follow the same. Your co-operation is needed to successfully conduct this Capability enhancement and development programme.

ACTIVITY REPORT

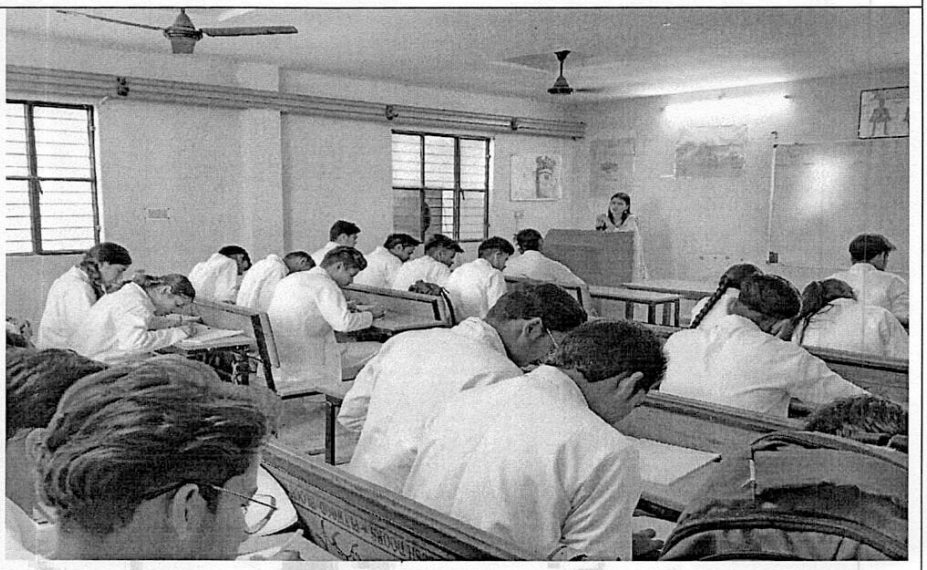

Activity Name	**Risk Assessment in Healthcare**
Date and Time	14th June 2021 to 15th June 2021; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand College of Nursing, Bareilly International university
Coordinator Name	Dr. Nitesh Mohan MD-Pathology, Professor
Resource person	Mr. Dharmendra Singh
No. of Participants	81
Program Objective	• The primary objective of Program was to equip medical professionals, faculty, and students with advanced analytical skills for effective risk assessment in healthcare. • The program aimed to enhance participants' ability to identify, evaluate, and manage risks associated with patient care, clinical processes, and healthcare management. • It focused on improving decision-making, data interpretation, and critical thinking skills to foster a safer and more efficient healthcare environment.
Program Outcome	• The program successfully enhanced the analytical competencies of the participants, enabling them to perform comprehensive assessments in various healthcare settings. • Attendees gained a deeper understanding of the principles and methodologies involved in risk assessment, including data analysis, probability, and risk mitigation strategies. • As a result, participants reported increased confidence in identifying potential risks, applying analytical tools to assess those risks, and implementing effective interventions to minimize adverse outcomes. • The program contributed to a culture of continuous improvement and

ACTIVITY REPORT

Activity Name	**Predictive Analytics in Medicine**
Date and Time	13th Sep 2021 to 14th Sep 2021; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Institute of Dental Sciences, Bareilly International University
Coordinator Name	Dr. Nitesh Mohan MD-Pathology, Professor
Resource Person	Dr.Zia Abbas Naqvi PT
No. of Participants	71
Program Objective	• The primary objective of the Program on "Predictive Analytics in Medicine" was to equip faculty, students, and healthcare professionals with advanced analytical skills necessary for leveraging predictive analytics in medical practice. • The program aimed to provide participants with an understanding of key statistical methods, data analysis techniques, and machine learning algorithms specifically tailored to medical data, thereby enhancing their ability to make informed decisions in clinical settings.
Program Outcome	• The program successfully enhanced participants' analytical capabilities by providing them with hands-on experience in predictive modeling and data interpretation relevant to medical practice. • Participants gained proficiency in using predictive analytics tools, which will enable them to identify patterns in patient data, predict disease outcomes, and improve treatment strategies. • As a result of the program, the institution is now better positioned to integrate predictive analytics into its curriculum and research activities, ultimately contributing to improved patient care and clinical decision-making processes.

ACTIVITY REPORT

Activity Name	**Analyzing Public Health Data**
Date and Time	10th Feb 2022 to 11th Feb 2022; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand Medical College and Hospital, Bareilly International University
Coordinator Name	Dr. Seema Seth MD-General Medicine, Professor
Resource Person	Dr. Swati Tripathi
No. of Participants	60
Program Objective	• The Program on "Analyzing Public Health Data" aimed to equip health science students and faculty with advanced analytical skills. • The program focused on enhancing participants' ability to collect, analyze, and interpret public health data using modern statistical tools and techniques. • The ultimate goal was to improve the quality of research and decision-making in public health, thereby contributing to better health outcomes at both community and national levels.
Program Outcome	• Skill Development: Participants gained proficie[illegible] statistical software (e.g., SPSS, R) and techniques for analyzing public health data. This included skills in data cleaning, descriptive and inferential statistics, and data visualization. • Improved Research Capabilities: Faculty and students enhanced their ability to conduct high-quality research. They became more adept at designing studies, analyzing data, and interpreting results, leading to more

	robust and impactful public health research. • Collaborative Learning: The program fostered an environment of collaborative learning, where participants shared knowledge and best practices. This collaboration is expected to continue beyond the program, contributing to a stronger research community within the university. • Application in Public Health: Participants were able to apply their newly acquired skills to real-world public health data, leading to more accurate assessments and interventions. This practical application is expected to improve public health outcomes through better data-driven decision-making. • Increased Awareness: The program increased awareness of the importance of data analytics in public health, encouraging more health professionals to engage in data-driven research and policy-making.

ACTIVITY REPORT

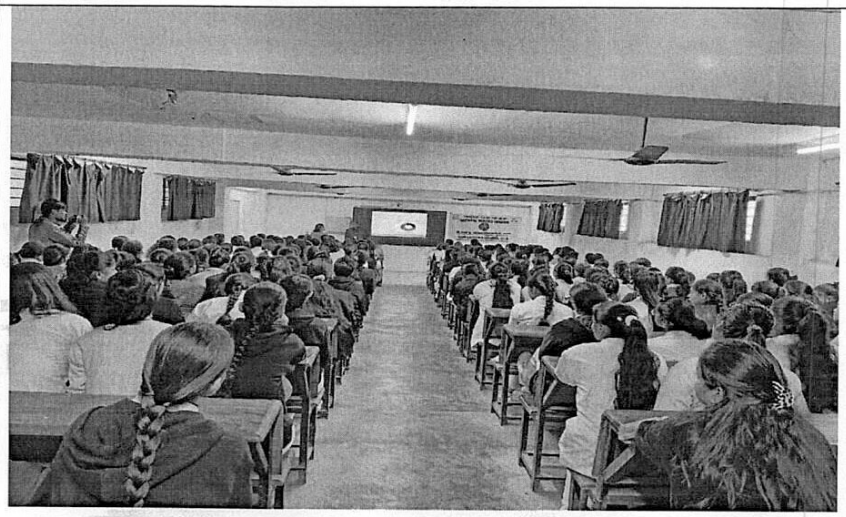

Activity Name	**Healthcare Data Management Training**
Date and Time	22th June 2022 to 23th June 2022; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand College of Nursing, Bareilly International university
Coordinator Name	Dr. Seema Seth MD-General Medicine, Professor
Resource Person	Mrs. Manvi Chandra Agarwal
No. of Participants	119
Program Objective	• The objective of Healthcare Data Management Training was to develop and enhance the analytical skills of participants in the field of healthcare. • The program aimed to equip students, faculty, and healthcare professionals with essential data management techniques, analytical tools, and statistical methods to effectively manage, analyze, and interpret healthcare data. • This training was designed to bridge the gap between healthcare practice and data-driven decision-making, fostering a culture of evidence-based healthcare.
Program Outcome	• The program successfully enhanced the participants' ability to manage and analyze healthcare data, enabling them to make informed decisions in their respective fields. Key outcomes included: • Improved proficiency in data management tools such as Excel, SPSS, and R. • Enhanced understanding of statistical methods and their application in healthcare research. • Development of critical thinking skills necessary for interpreting complex healthcare data.

Notice

Date: 10th Jan, 2023

It is to inform to all the students that Analytical skills development programme on **Bioinformatics in Clinical Research** will be conducted from **16th Jan 2023 to 17th Jan 2023**. Registration will be on First Come First Serve basis. Students are asked to enroll their names for the above mentioned programme as early as possible. All the Directors/Deans/HoDs/Coordinators are advised to follow the same. Your co-operation is needed to successfully conduct this Capability enhancement and development programme.

ACTIVITY REPORT

Activity Name	Bioinformatics in Clinical Research
Date and Time	16th Jan 2023 to 17th Jan 2023; 09:00 AM to 011:00 AM
Duration	6 Hours
Venue	Lecture Theater 10
Organized By	Rohilkhand Medical College and Hospital, Bareilly International University
Coordinator Name	Dr. Nitesh Mohan MD-Pathology, Professor
Resource Person	Dr. D S Gupta
No. of Participants	60
Program Objective	• The Program was designed to advance analytical skills in bioinformatics for clinical research among medical college students and professionals. The primary objectives were to: • Enhance Proficiency: Improve participants' ability to analyze and interpret bioinformatics data relevant to clinical research. • Foster Practical Skills: Equip participants with hands-on experience in using bioinformatics tools and techniques. • Promote Research Integration: Integrate bioinformatics insights into clinical research methodologies to improve outcomes and accuracy.
Program Outcome	• Improved Analytical Skills: Participants demonstrated a significant increase in their analytical capabilities, as evidenced by pre- and post-program assessments. This includes enhanced skills in data mining, statistical analysis, and interpretation of bioinformatics results. • Increased Tool Proficiency: There was a marked improvement in the

	practical application of bioinformatics tools, such as gene expression analysis software, sequence alignment tools, and data visualization platforms. • Enhanced Research Integration: Participants successfully incorporated bioinformatics techniques into their clinical research projects, leading to more robust and data-driven research outcomes. Several participants reported improved ability to design and conduct bioinformatics-based research studies. • Knowledge Dissemination: The program facilitated knowledge sharing among participants, leading to the development of collaborative research initiatives and publications in peer-reviewed journals. • Participant Feedback: Positive feedback was received from participants regarding the relevance and applicability of the program content. Participants appreciated the blend of theoretical knowledge and practical exercises, which enhanced their learning experience. • Overall, the program successfully met its objectives by advancing the analytical skills of participants and integrating bioinformatics effectively into clinical research practices.
